

Questions

1- Choose the correct answer:-

1- Fish lives

- a) on land
- b) in water
- c) on land and in water.

2- Fish has

- a) gills
- b) legs
- c) hands

3- Fish moves in water by

- a) head
- b) fins
- c) scales

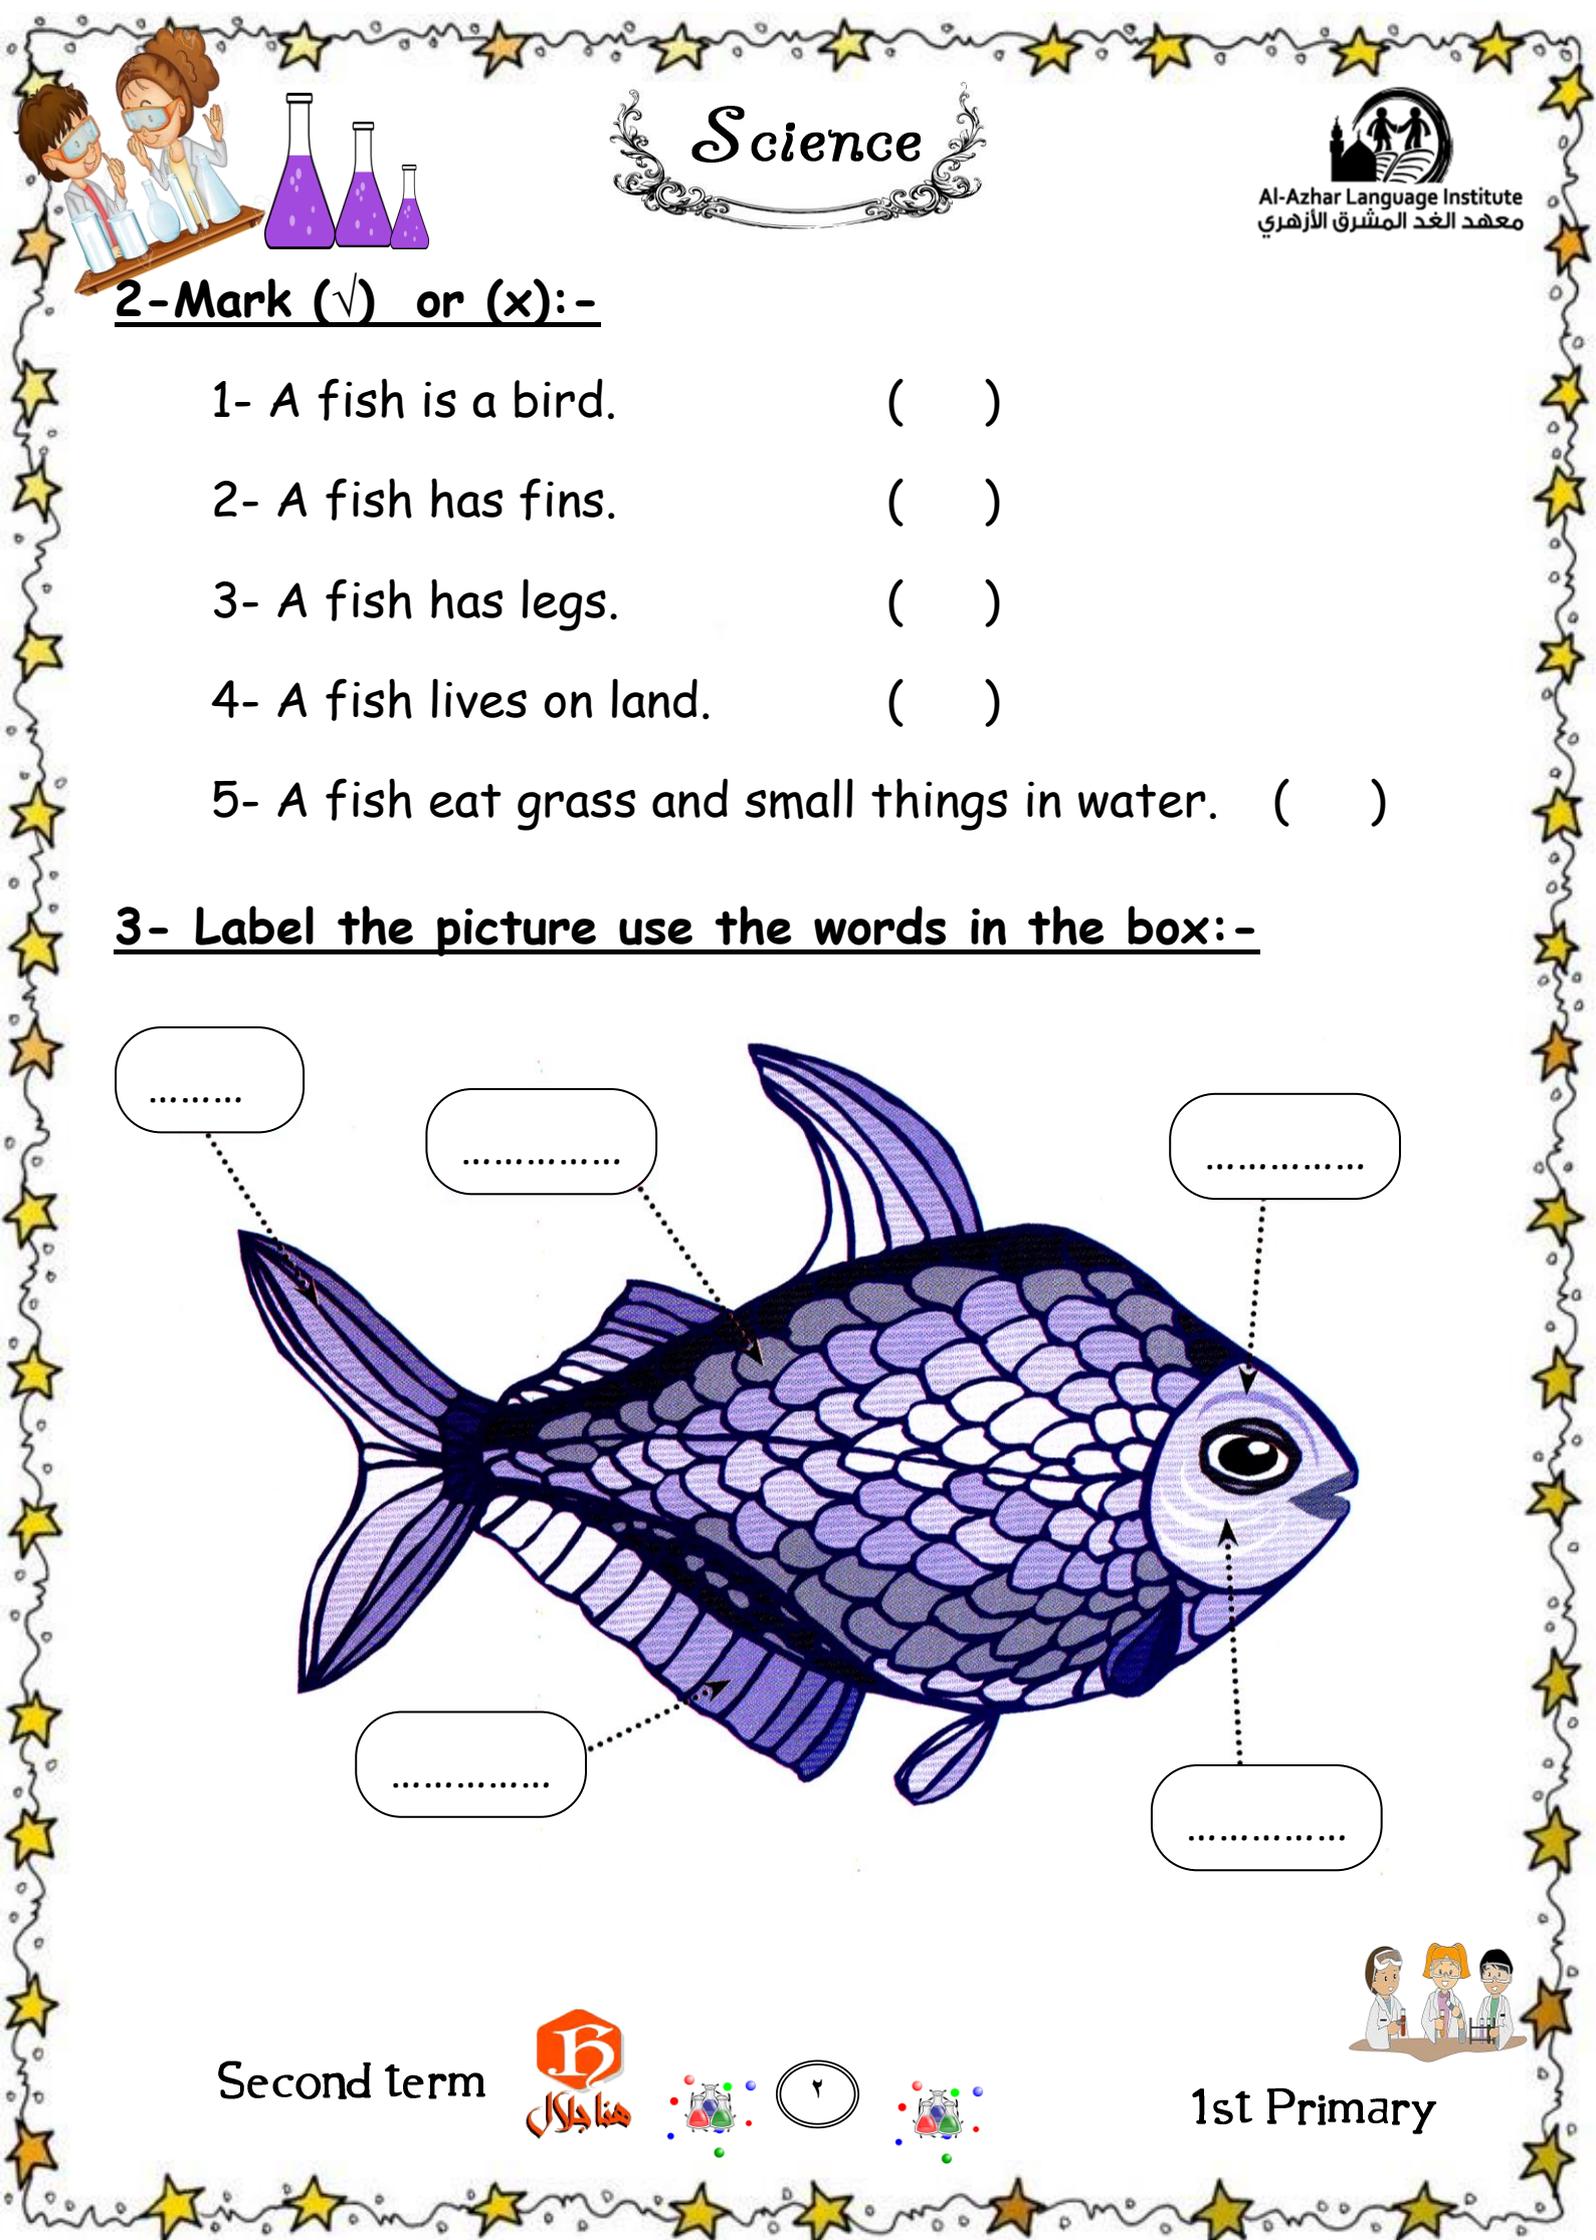

4- Fish is covered with

- a) fins
- b) gills
- c) scales

5- Fish has

- a) head
- b) tail
- c) head ,tail , gills, fins and scales

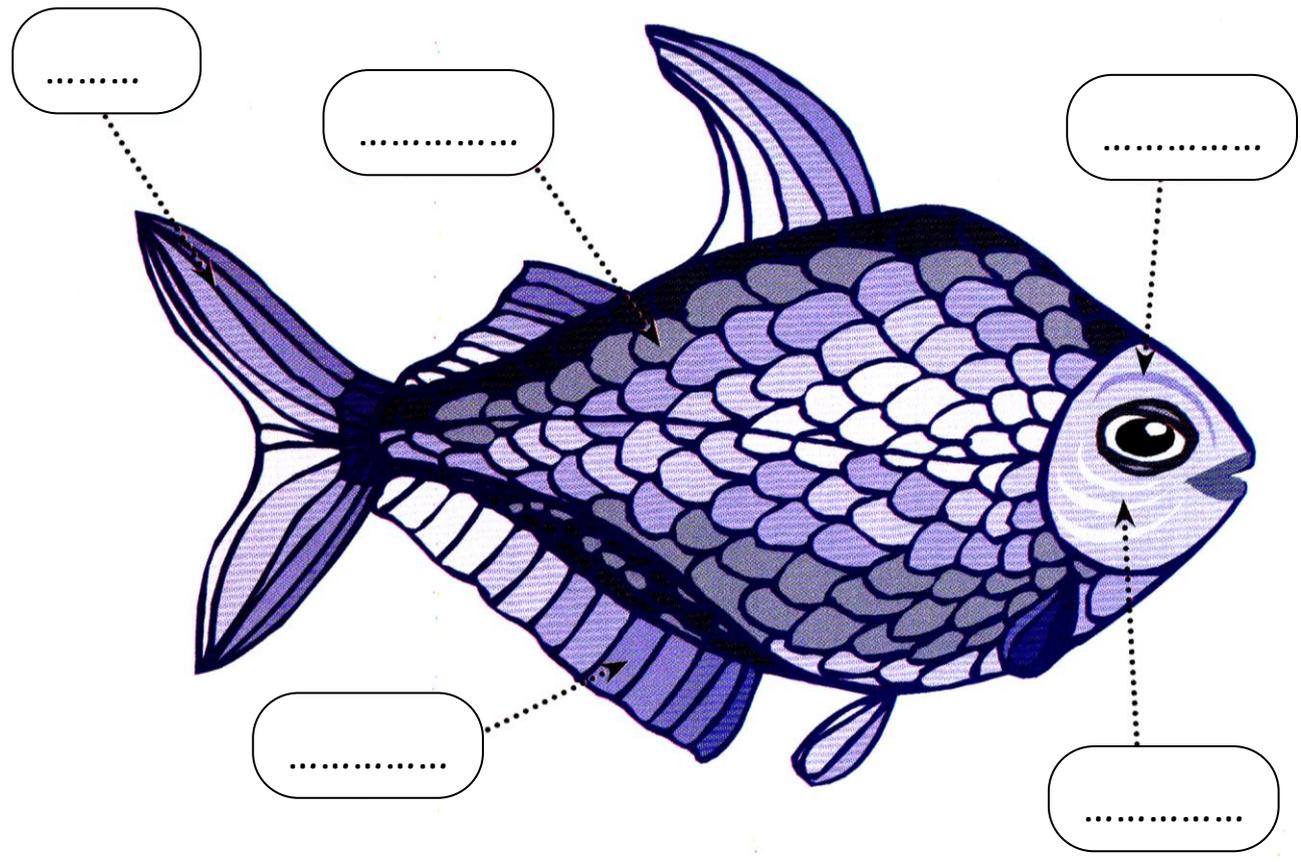

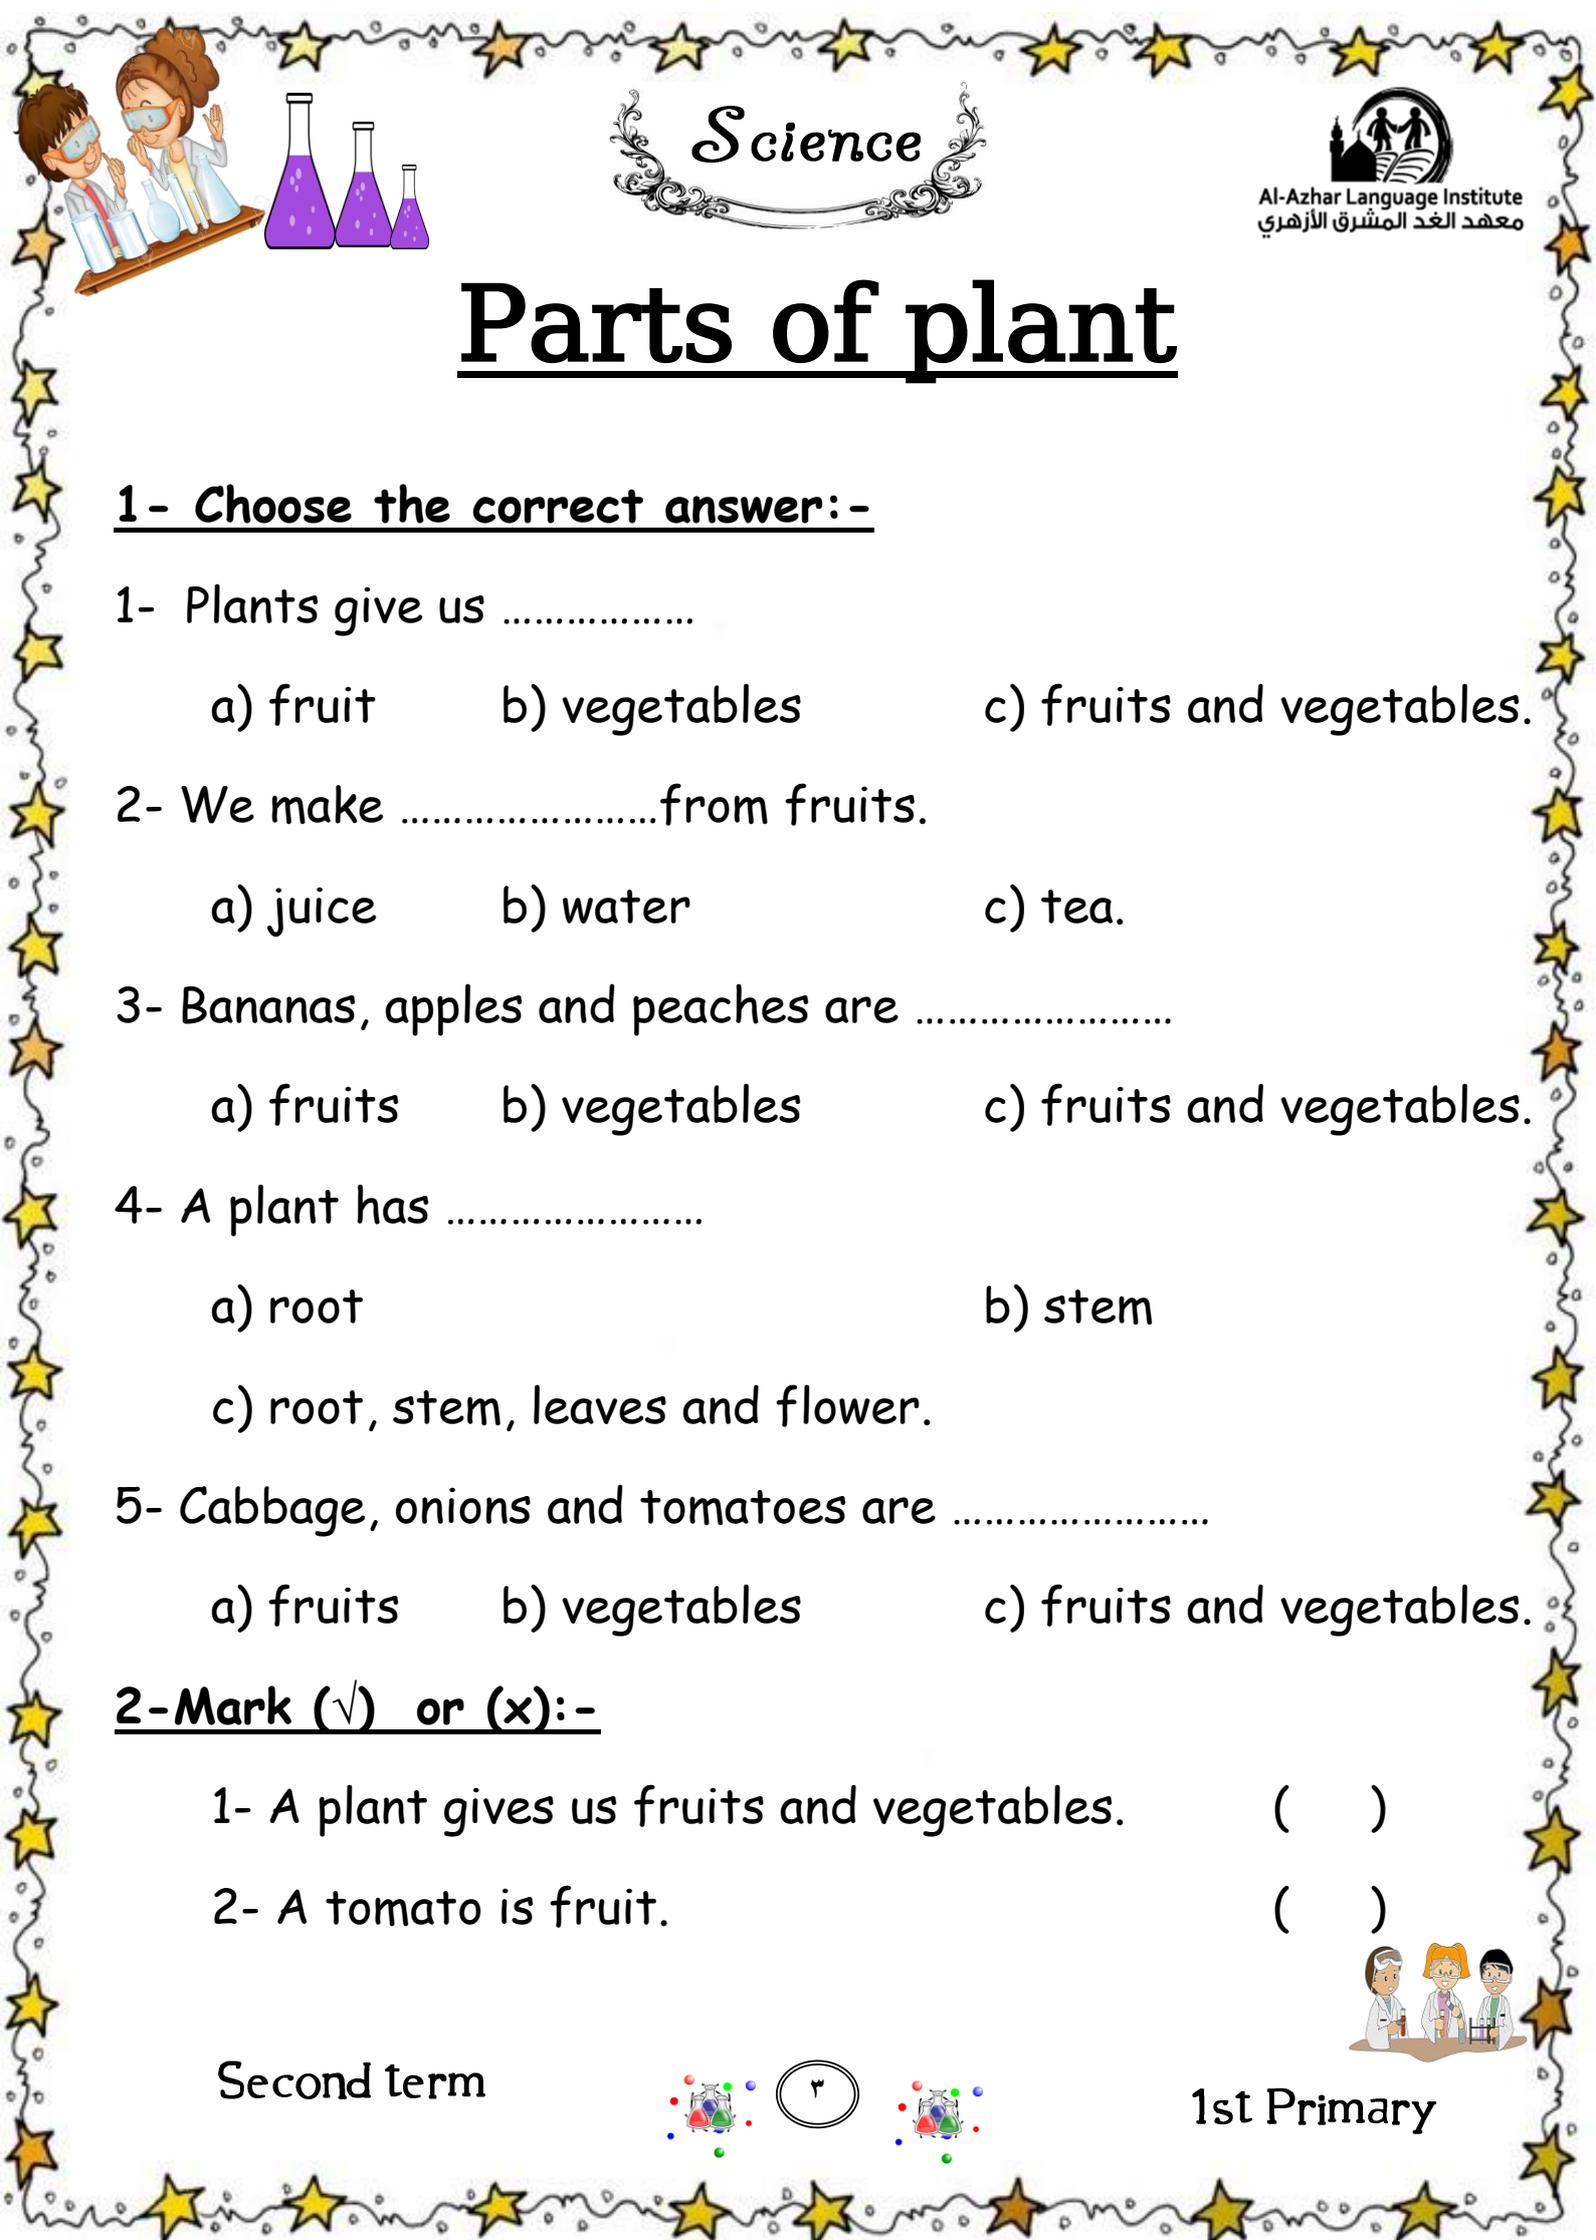

Science

2-Mark (√) or (x):-

- 1- A fish is a bird. ()
- 2- A fish has fins. ()
- 3- A fish has legs. ()
- 4- A fish lives on land. ()
- 5- A fish eat grass and small things in water. ()

3- Label the picture use the words in the box:-

Parts of plant

1- Choose the correct answer:-

1- Plants give us

- a) fruit
- b) vegetables
- c) fruits and vegetables.

2- We makefrom fruits.

- a) juice
- b) water
- c) tea.

3- Bananas, apples and peaches are

- a) fruits
- b) vegetables
- c) fruits and vegetables.

4- A plant has

- a) root
- b) stem
- c) root, stem, leaves and flower.

5- Cabbage, onions and tomatoes are

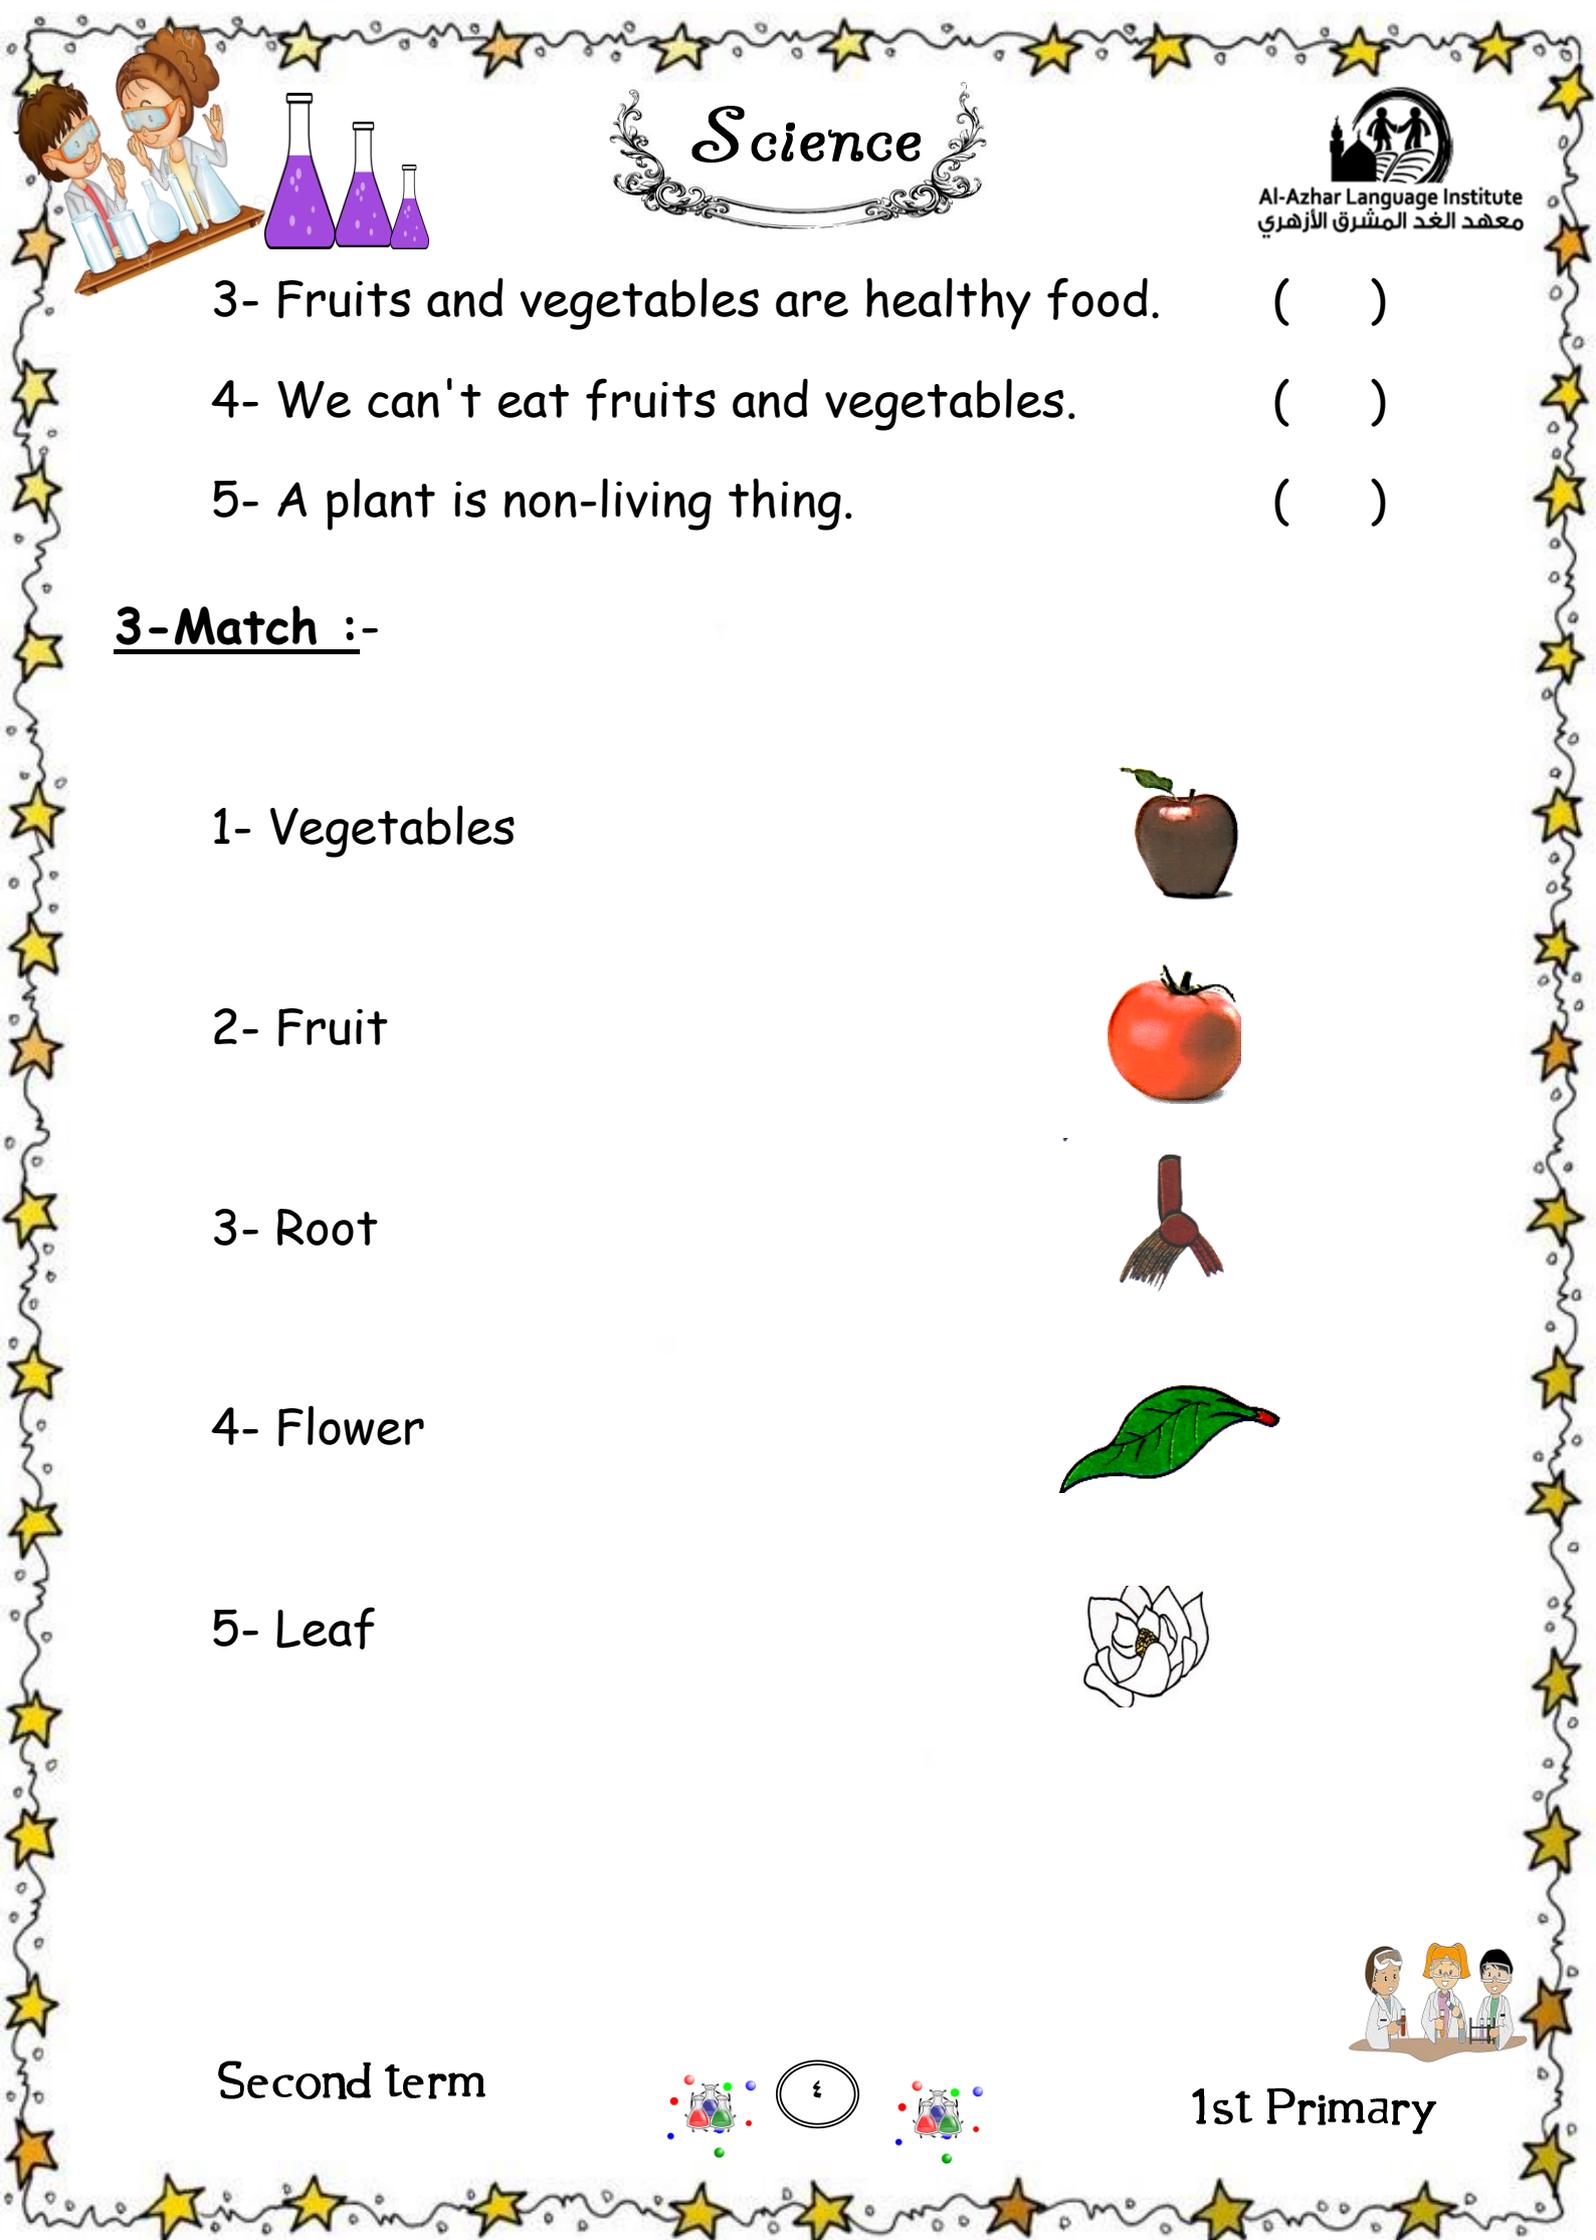

- a) fruits
- b) vegetables
- c) fruits and vegetables.

2-Mark (√) or (x):-

1- A plant gives us fruits and vegetables. ()

2- A tomato is fruit. ()

Science

Al-Azhar Language Institute
معهد الغد المشرق الأزهرى

- 3- Fruits and vegetables are healthy food. ()
- 4- We can't eat fruits and vegetables. ()
- 5- A plant is non-living thing. ()

3-Match :-

1- Vegetables

2- Fruit

3- Root

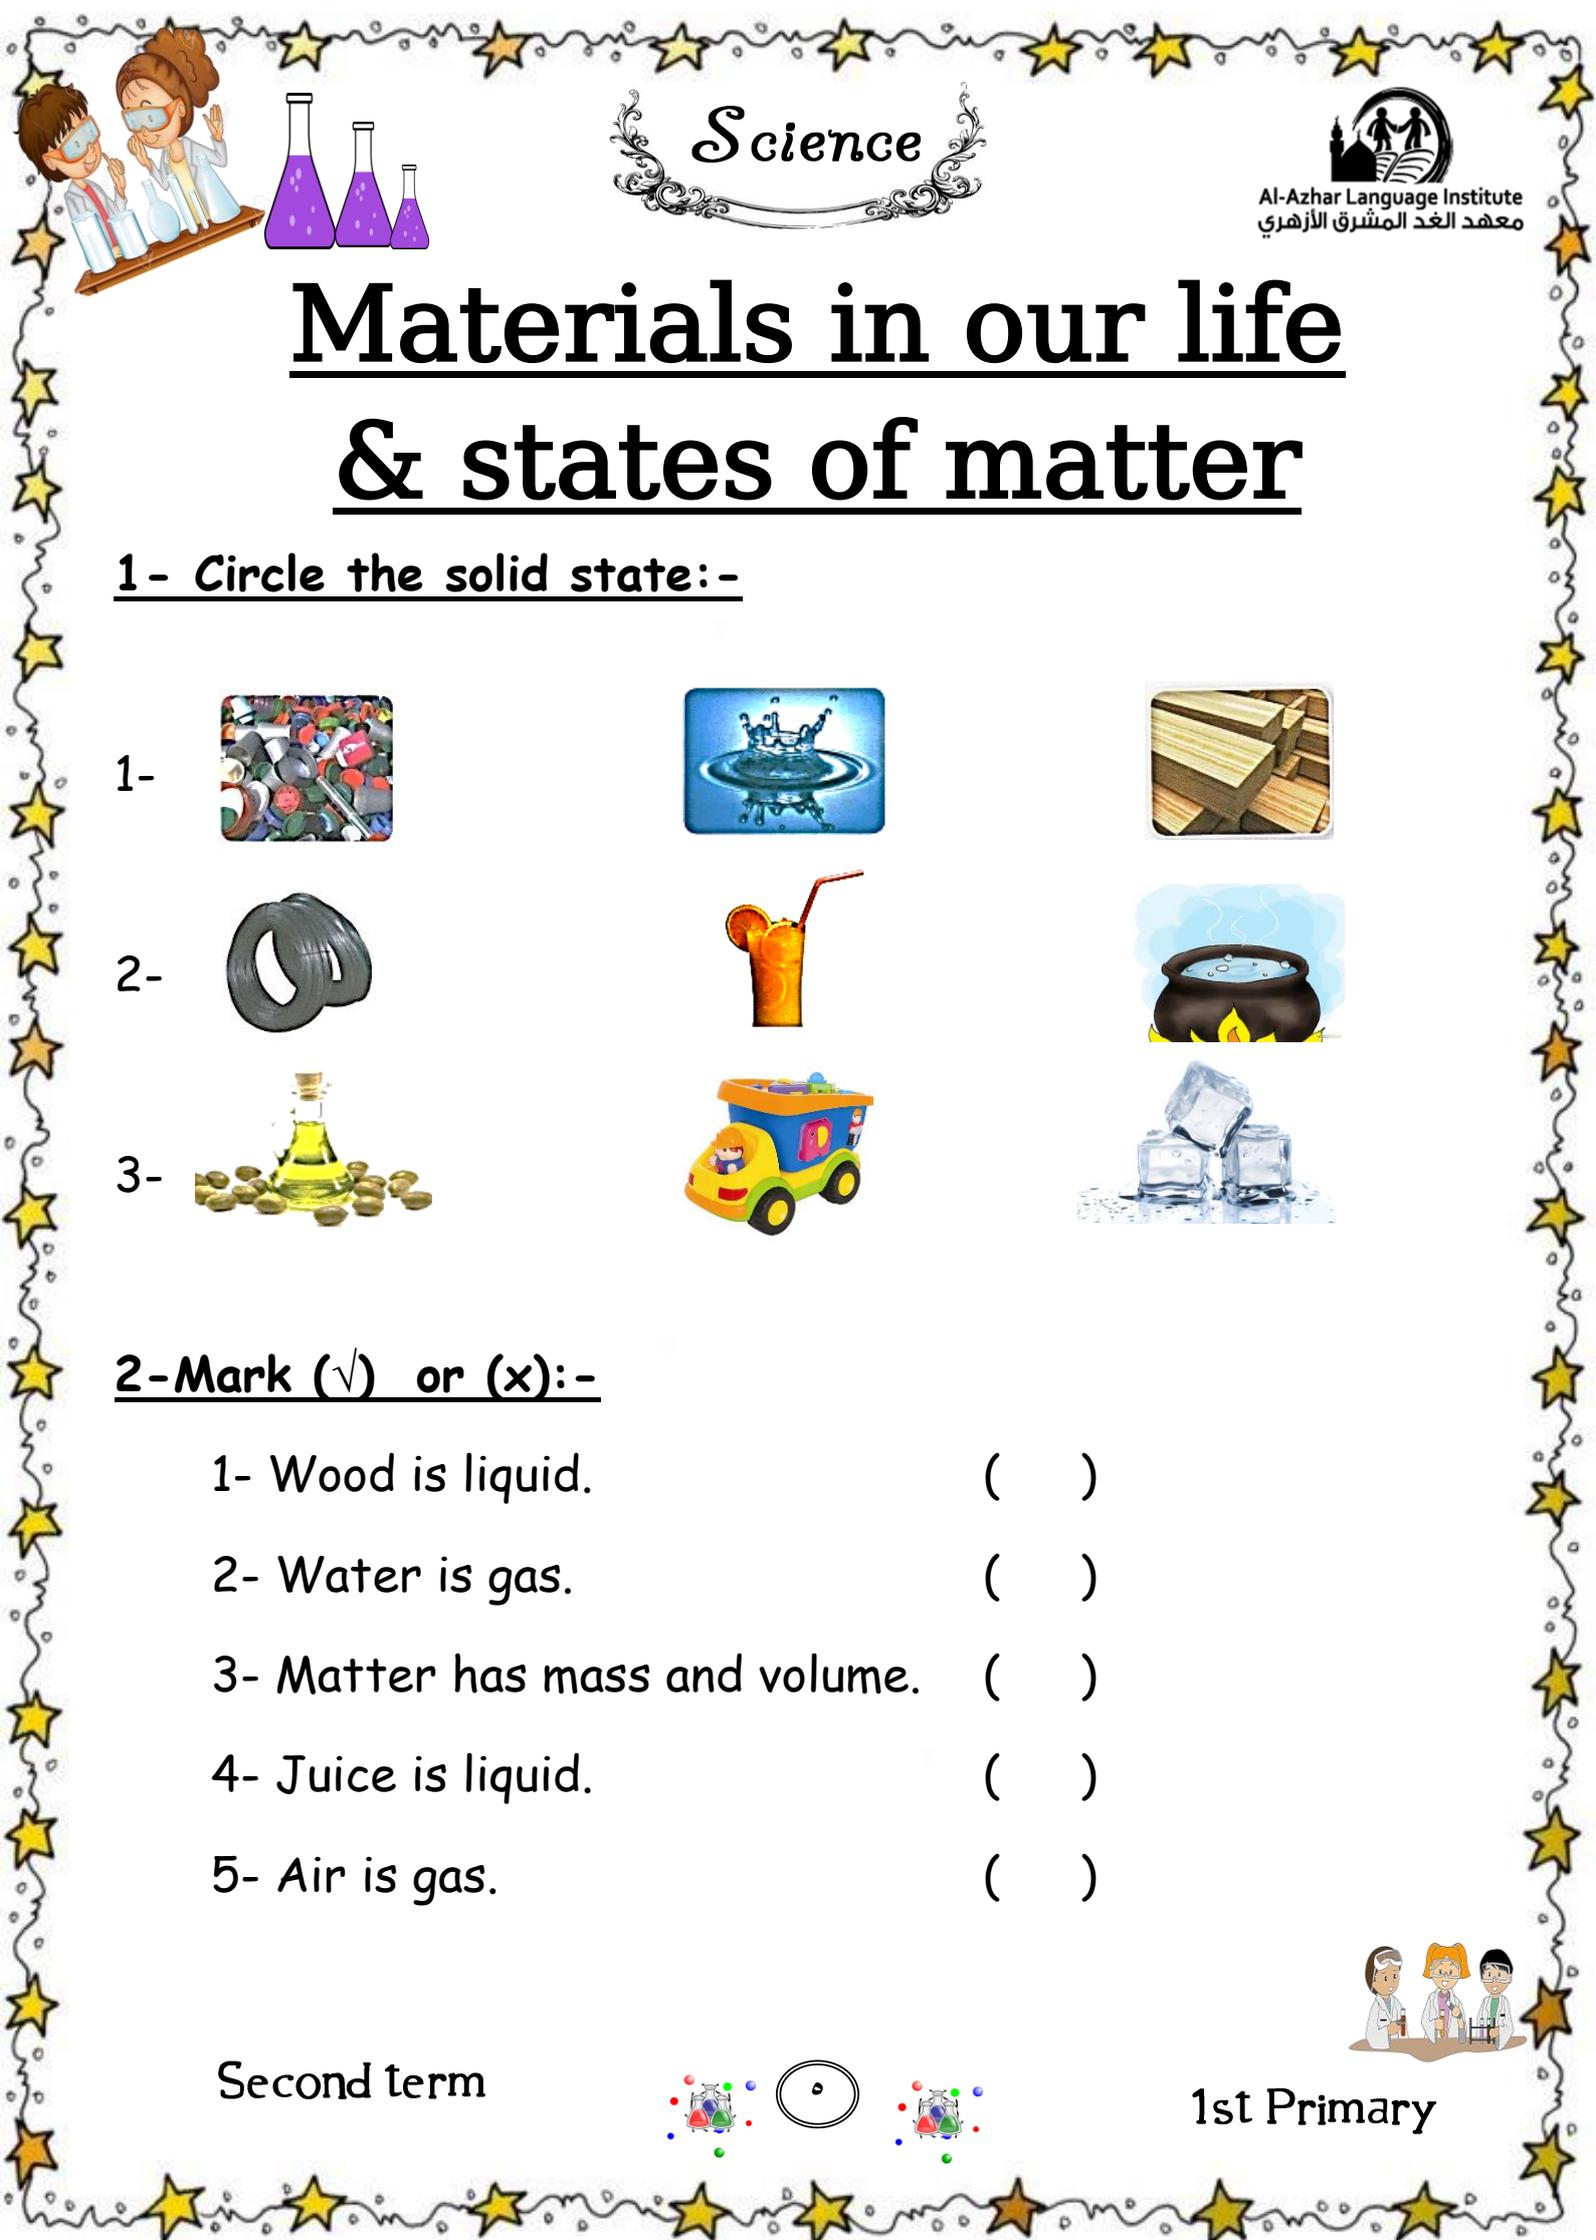

4- Flower

5- Leaf

Materials in our life & states of matter

1- Circle the solid state:-

1-

2-

3-

2-Mark (√) or (x):-

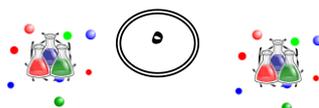

1- Wood is liquid. ()

2- Water is gas. ()

3- Matter has mass and volume. ()

4- Juice is liquid. ()

5- Air is gas. ()

Science

3-Choose the correct answer:-

1- Matter is every thing has

- a) mass b) volume c) mass and volume

2- Plastic is

- a) liquid b) gas c) solid

3- Everything around us is

- a) matter b) magnet c) water

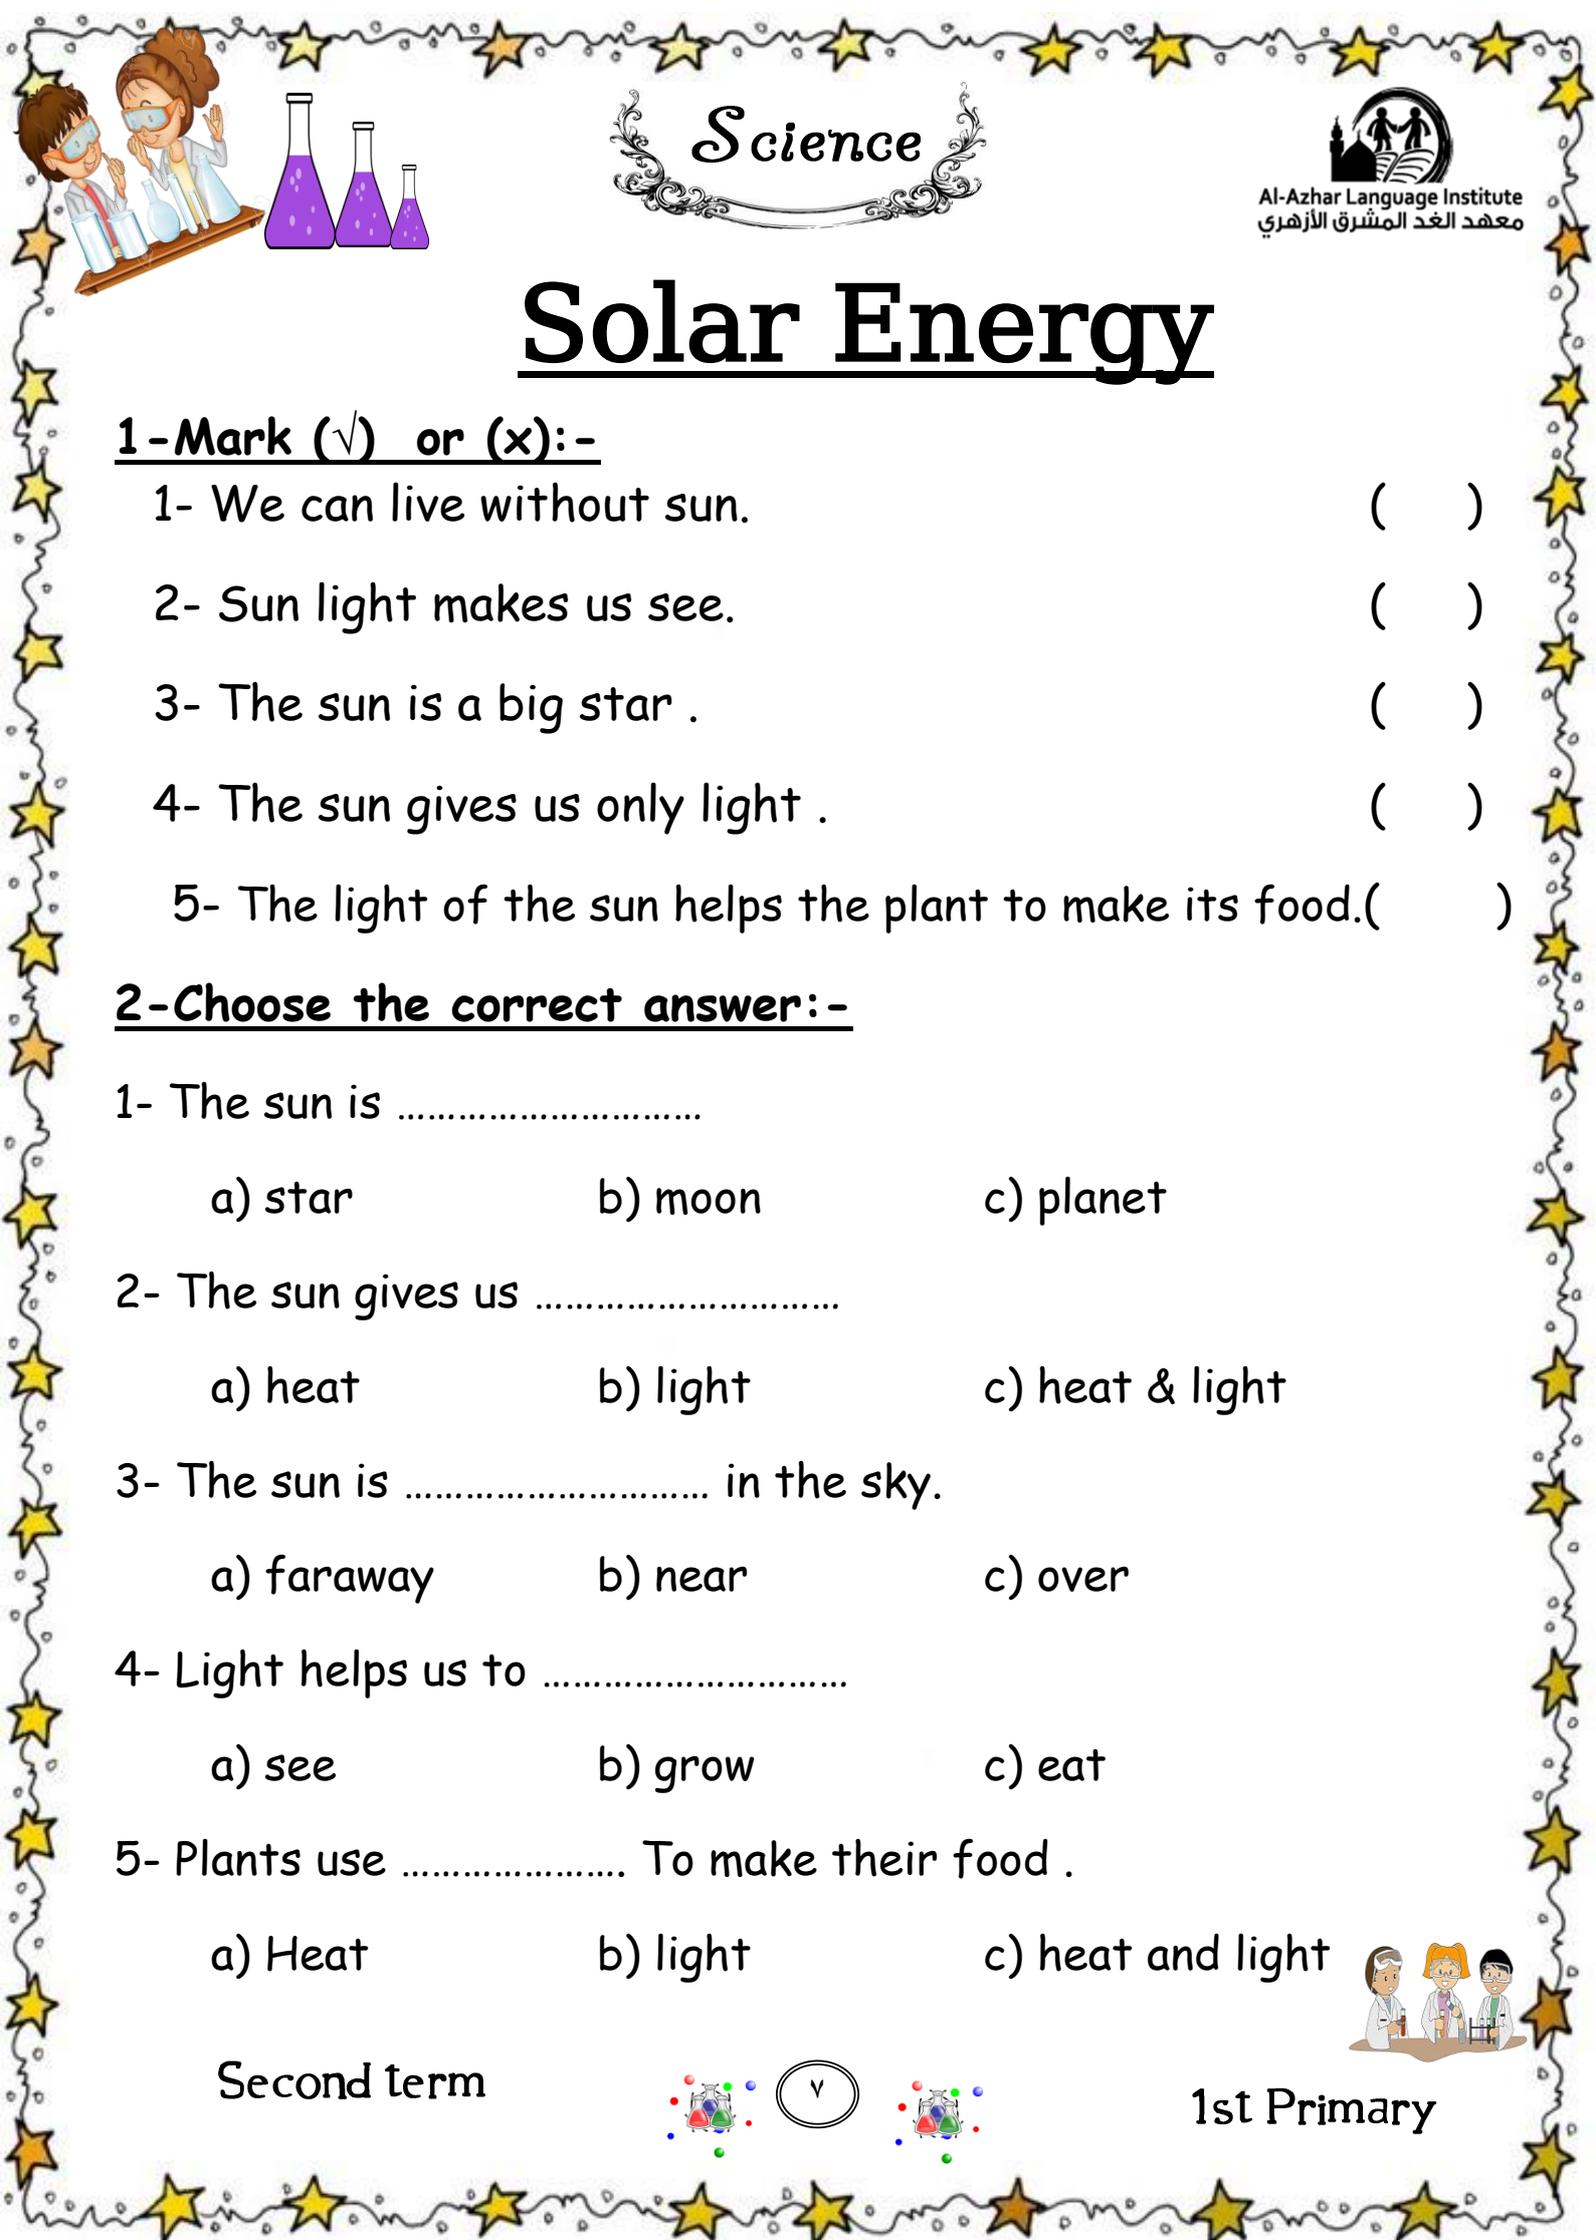

4- Juice is

- a) gas b) liquid c) solid

5- Air is

- a) solid b) liquid c) gas

Solar Energy

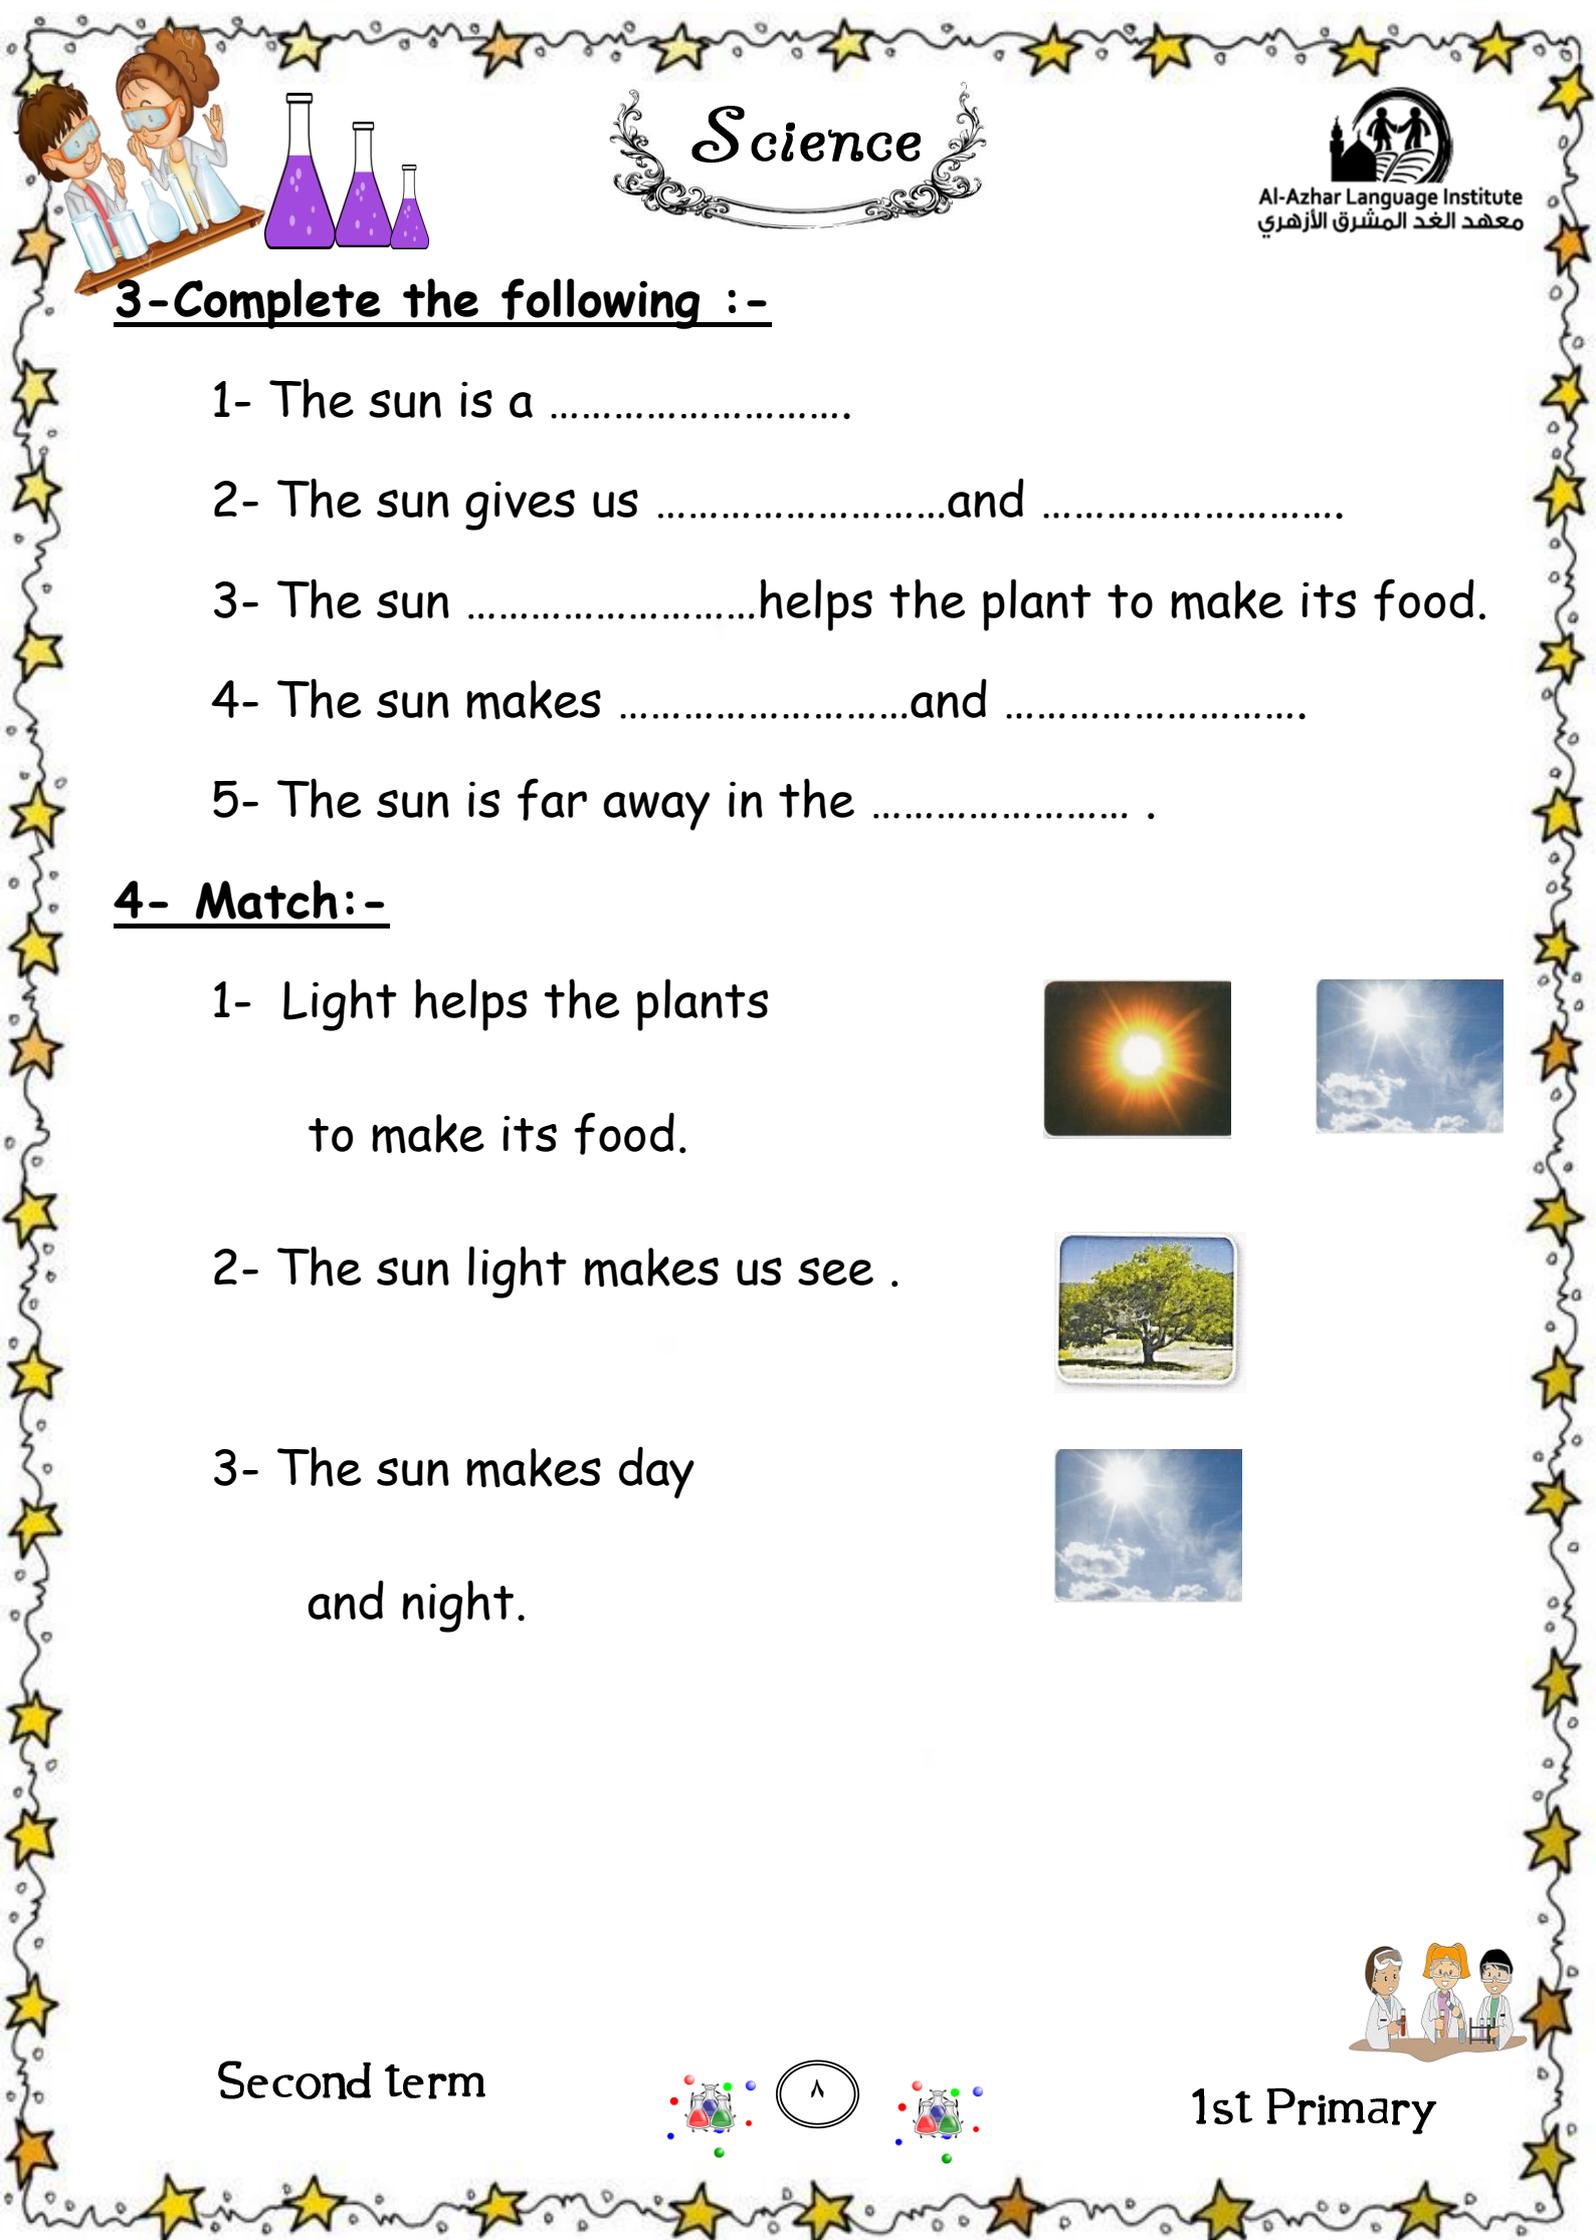

1-Mark (√) or (x):-

- 1- We can live without sun. ()
- 2- Sun light makes us see. ()
- 3- The sun is a big star . ()
- 4- The sun gives us only light . ()
- 5- The light of the sun helps the plant to make its food.()

2-Choose the correct answer:-

- 1- The sun is
 - a) star
 - b) moon
 - c) planet
- 2- The sun gives us
 - a) heat
 - b) light
 - c) heat & light
- 3- The sun is in the sky.
 - a) faraway
 - b) near
 - c) over
- 4- Light helps us to
 - a) see
 - b) grow
 - c) eat
- 5- Plants use To make their food .
 - a) Heat
 - b) light
 - c) heat and light

Science

3-Complete the following :-

- 1- The sun is a
- 2- The sun gives usand
- 3- The sunhelps the plant to make its food.
- 4- The sun makesand
- 5- The sun is far away in the

4- Match:-

1- Light helps the plants
to make its food.

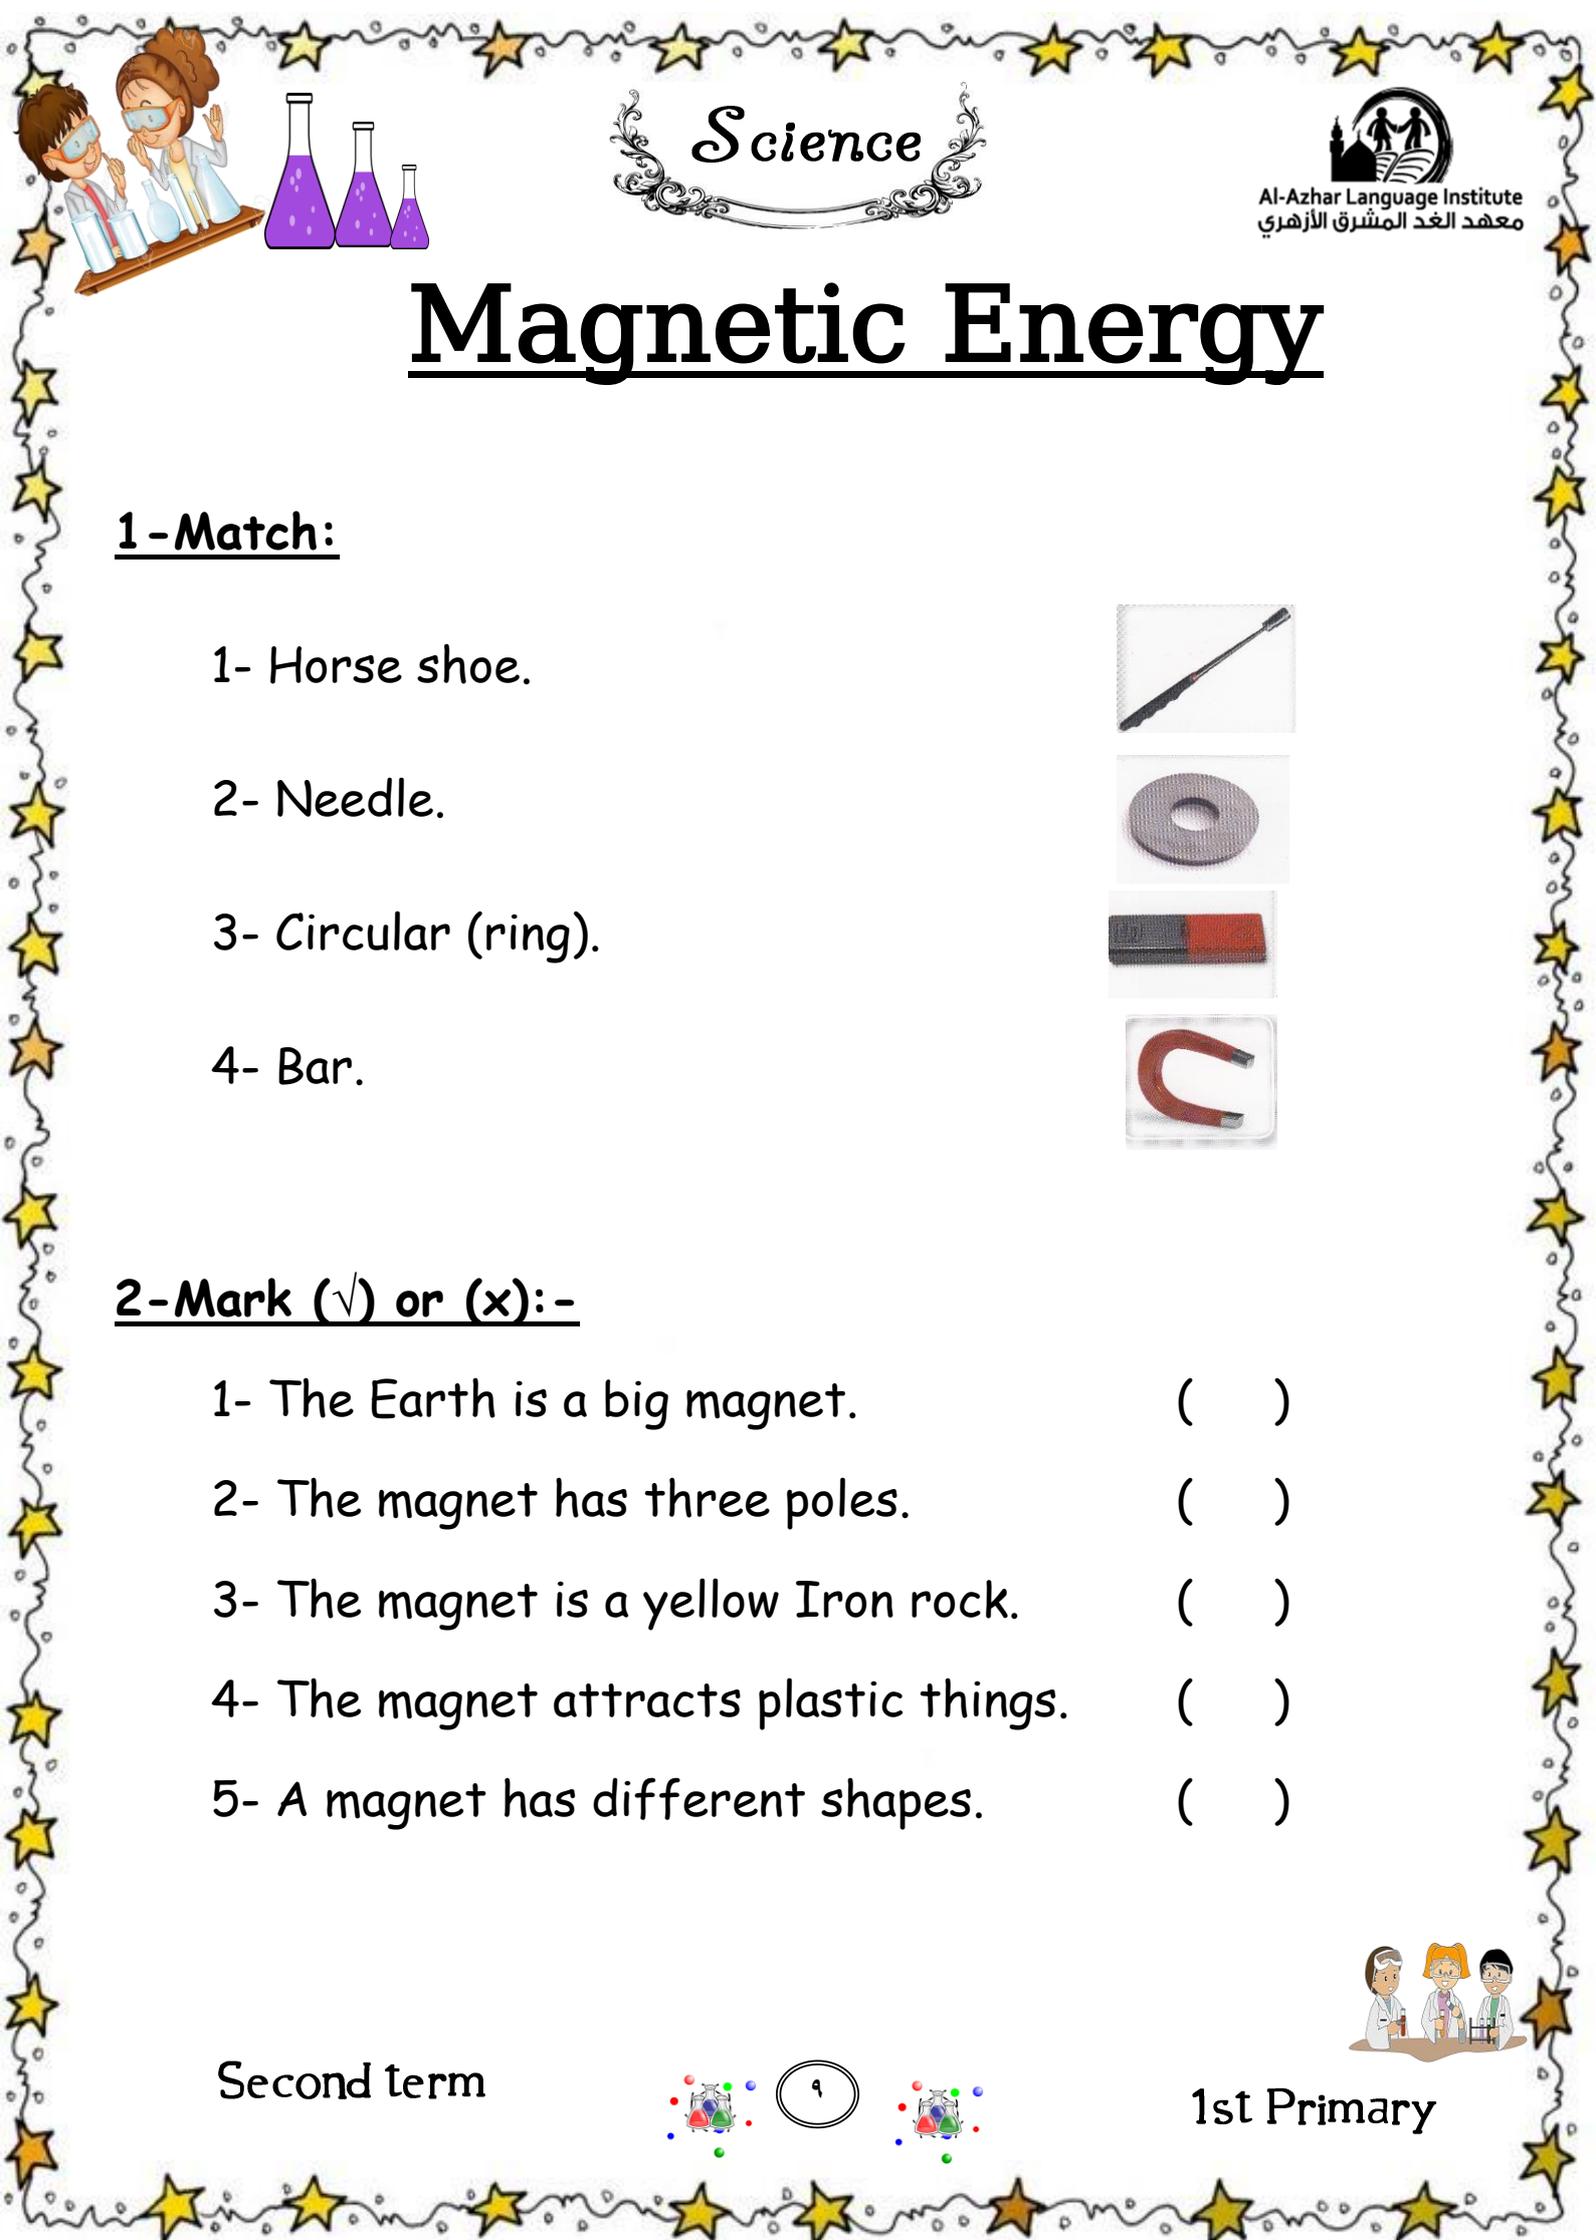

2- The sun light makes us see .

3- The sun makes day
and night.

Magnetic Energy

1 - Match:

1- Horse shoe.

2- Needle.

3- Circular (ring).

4- Bar.

2-Mark (✓) or (x):-

1- The Earth is a big magnet. ()

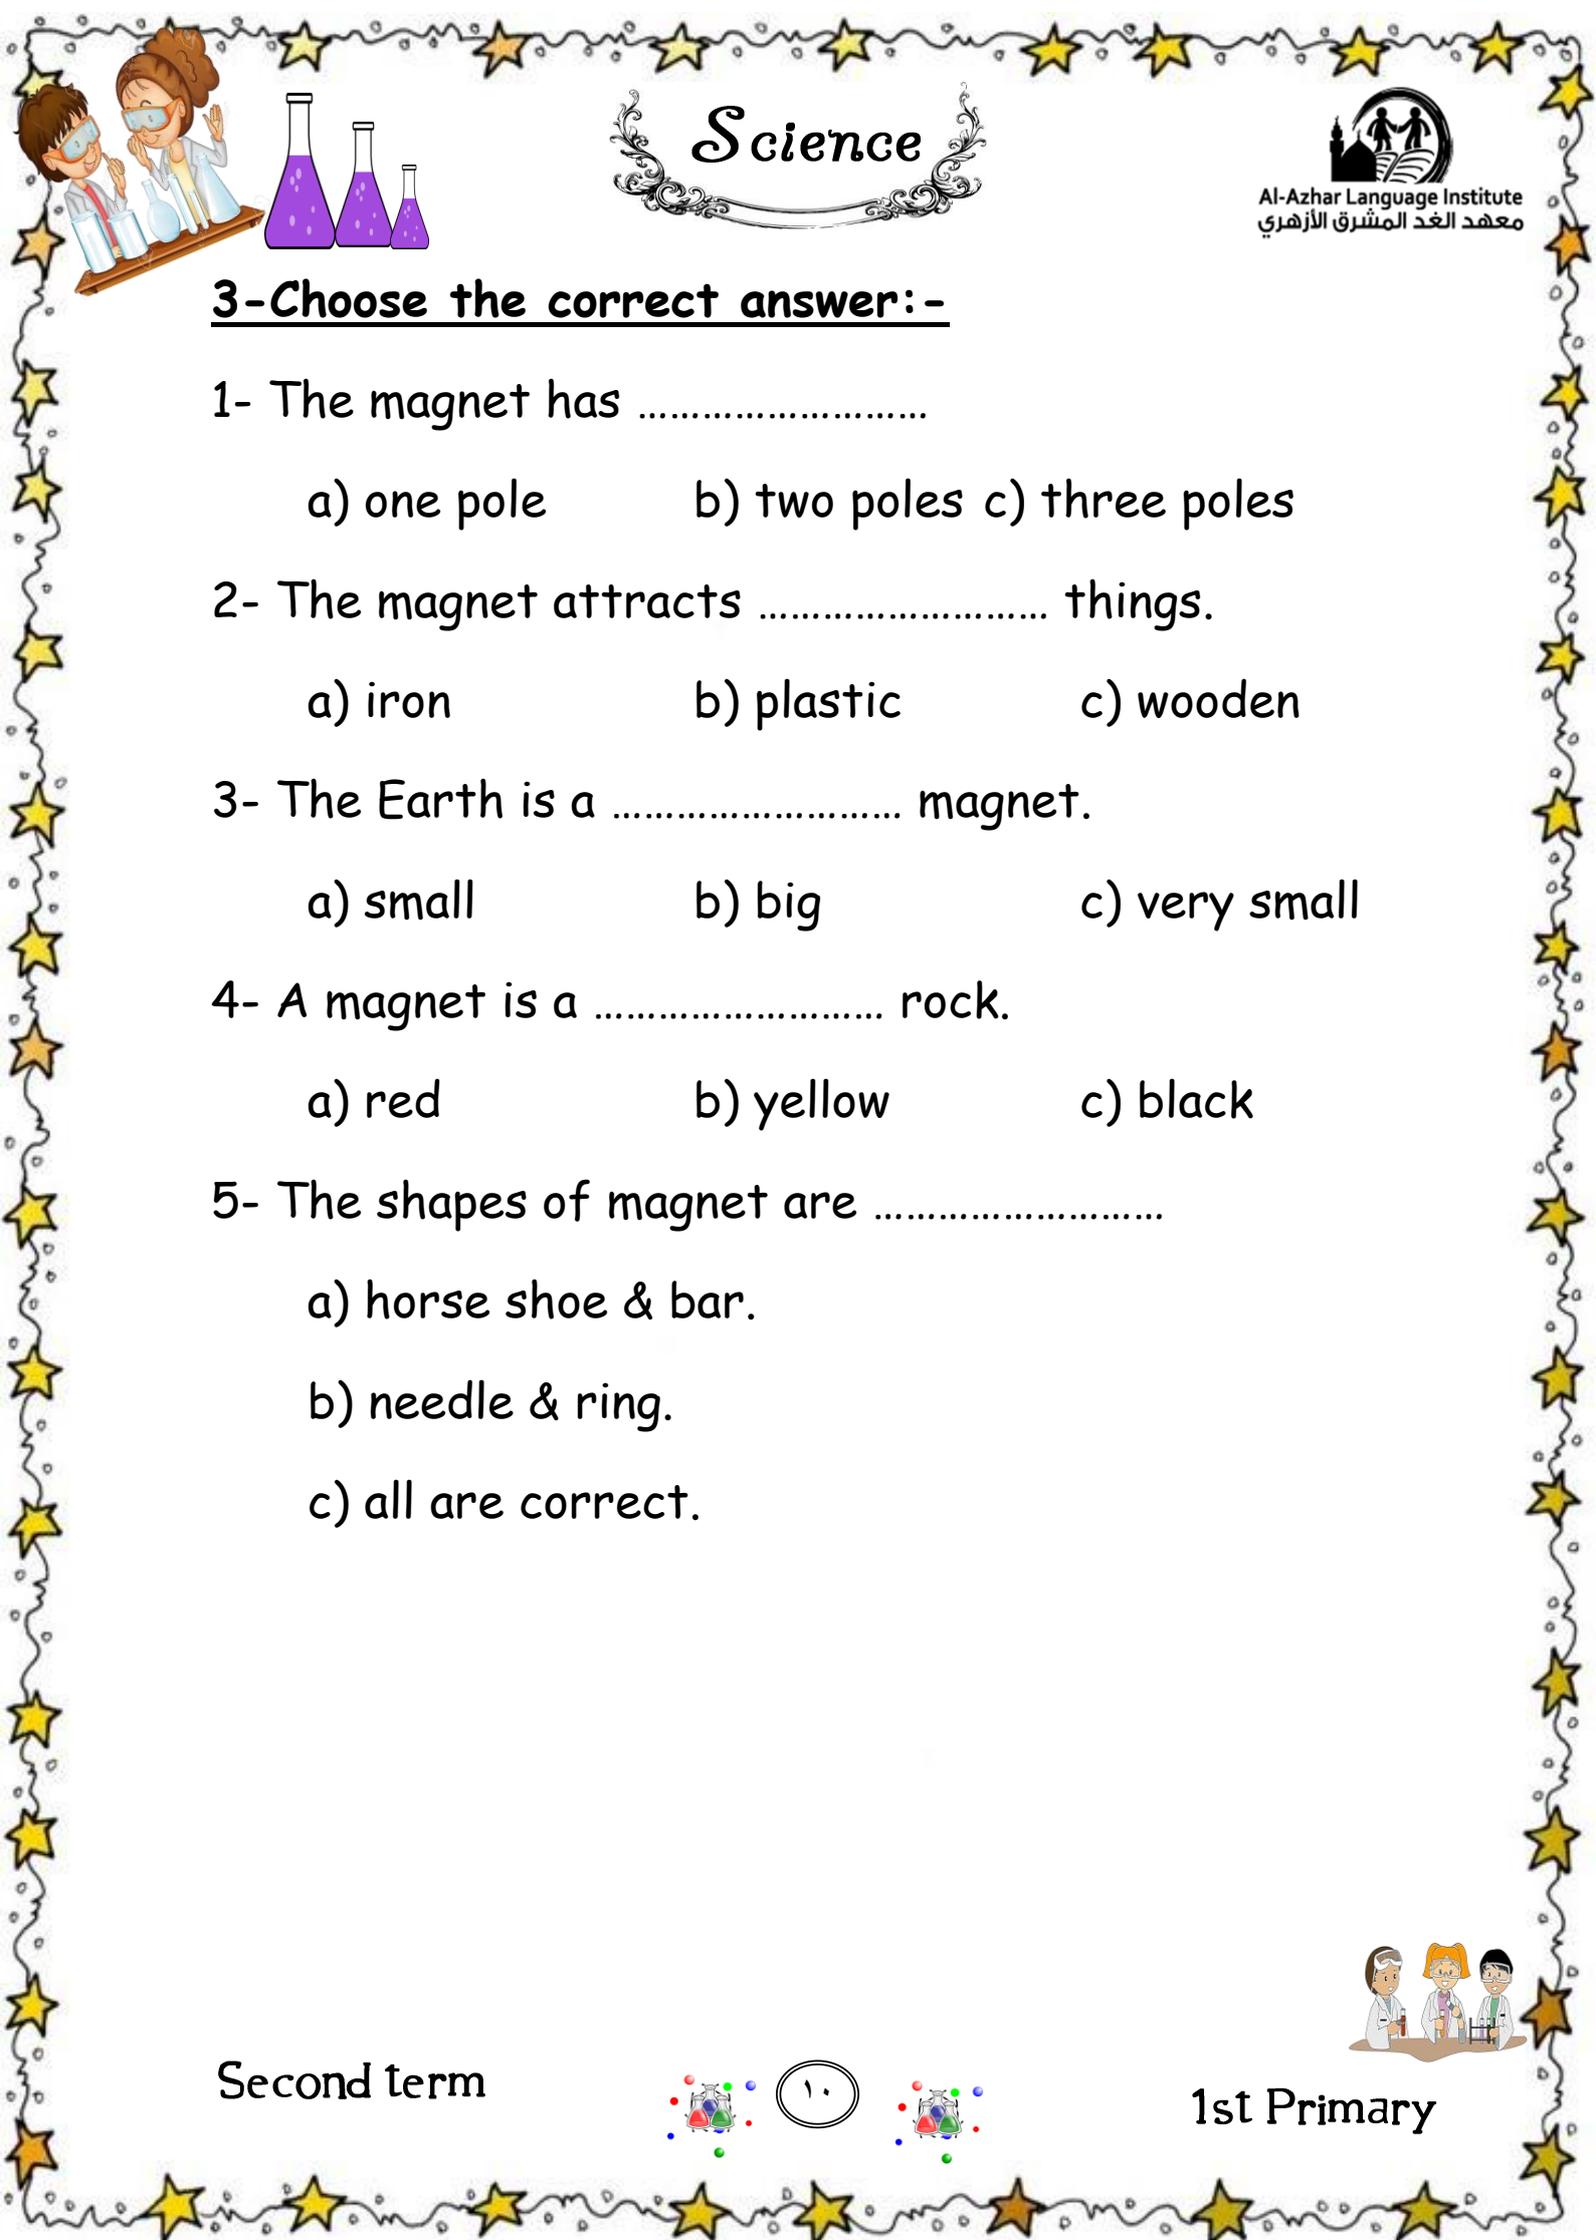

2- The magnet has three poles. ()

3- The magnet is a yellow Iron rock. ()

4- The magnet attracts plastic things. ()

5- A magnet has different shapes. ()

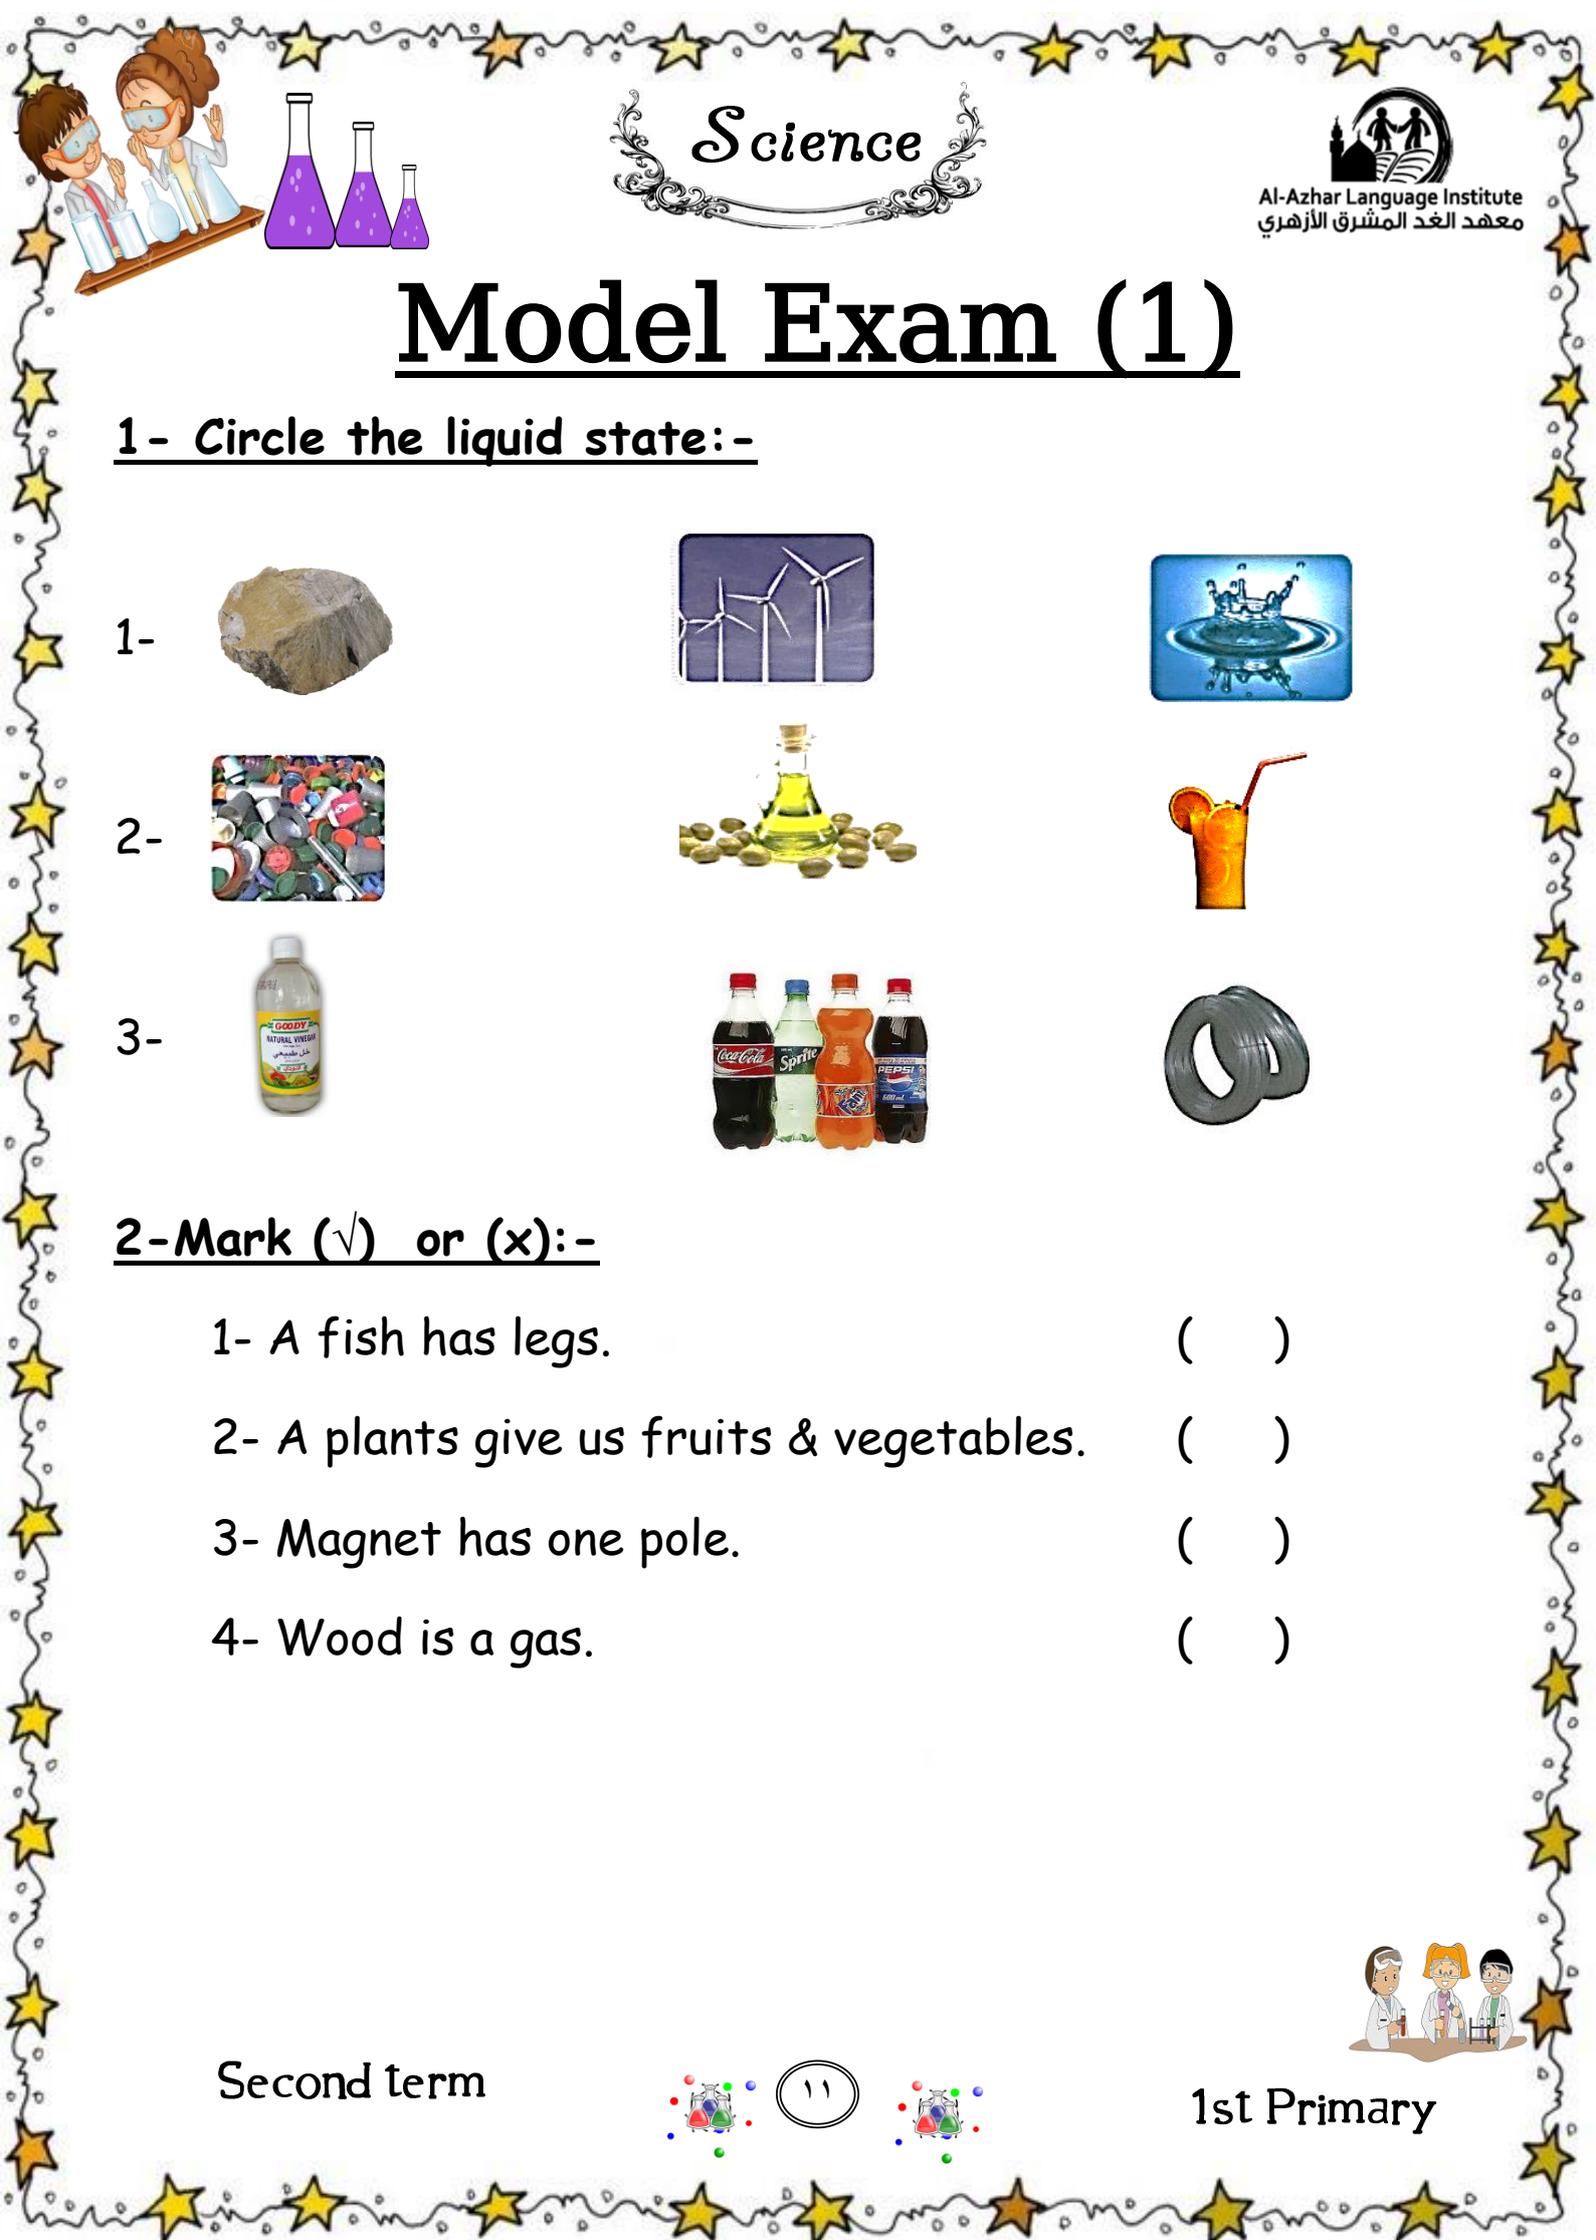

Science

3-Choose the correct answer:-

- 1- The magnet has
a) one pole b) two poles c) three poles
- 2- The magnet attracts things.
a) iron b) plastic c) wooden
- 3- The Earth is a magnet.
a) small b) big c) very small
- 4- A magnet is a rock.
a) red b) yellow c) black
- 5- The shapes of magnet are
a) horse shoe & bar.
b) needle & ring.
c) all are correct.

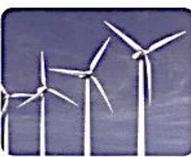

Science

Model Exam (1)

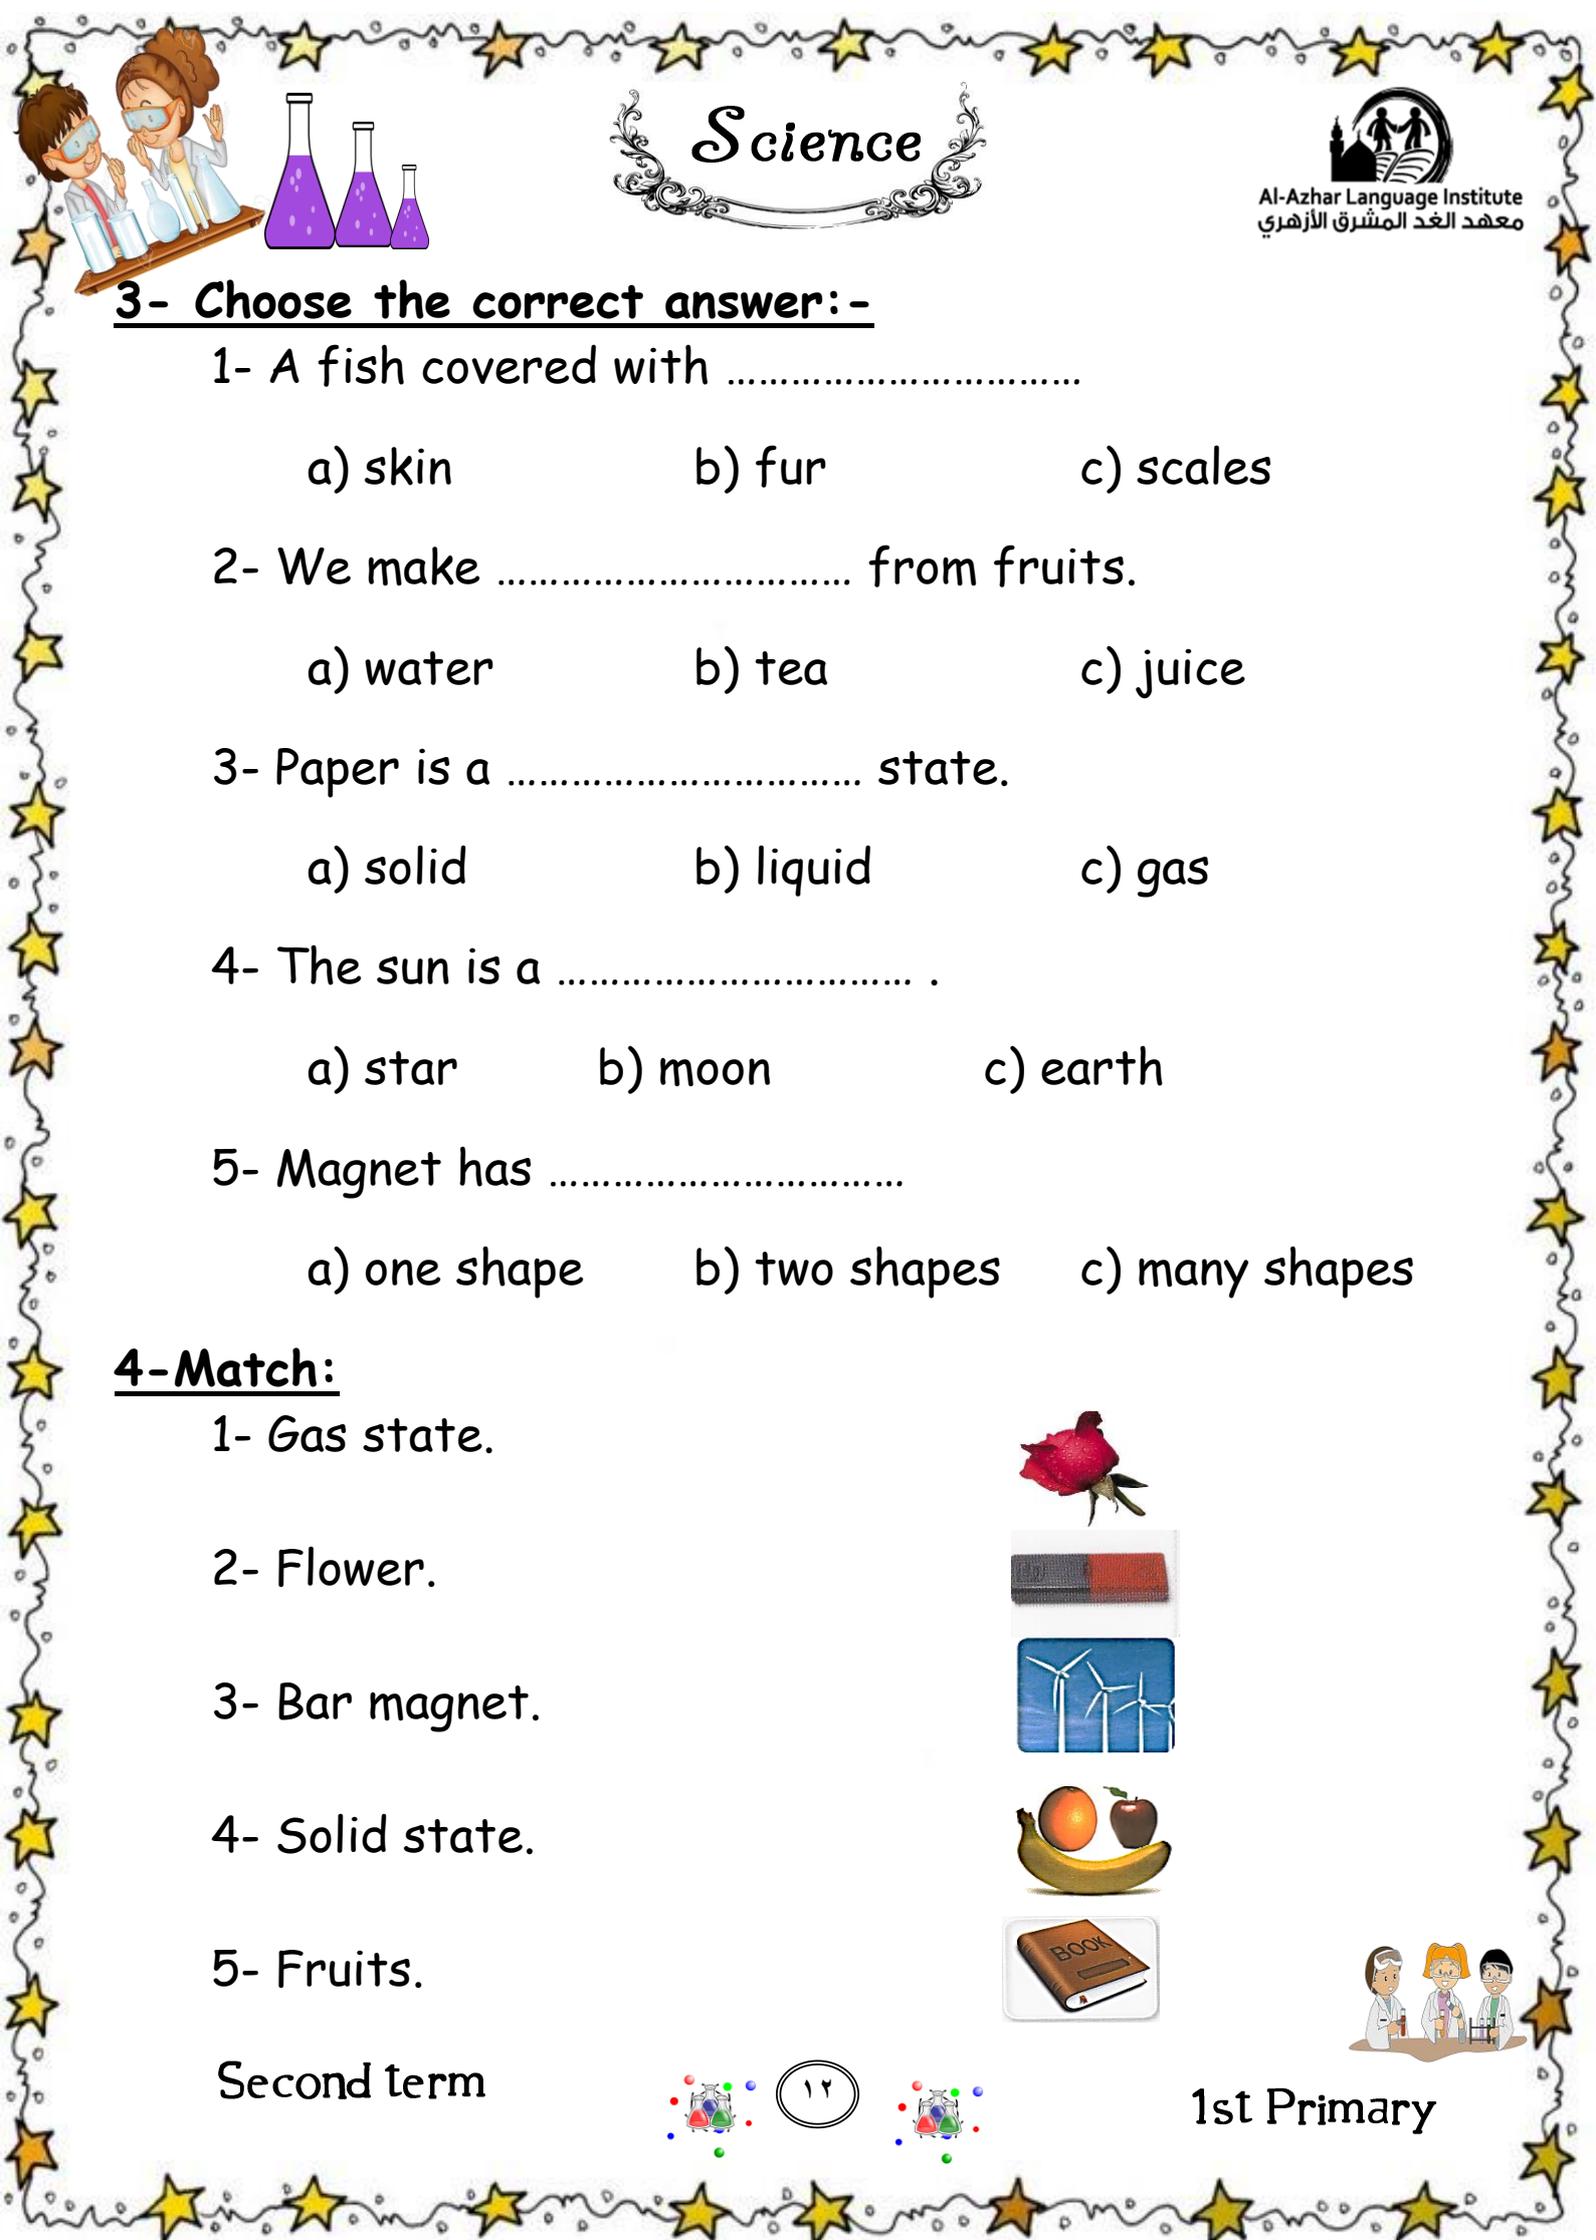

1- Circle the liquid state:-

1-			
2-			
3-			

2-Mark (✓) or (x):-

- 1- A fish has legs. ()
- 2- A plants give us fruits & vegetables. ()
- 3- Magnet has one pole. ()
- 4- Wood is a gas. ()

Science

3- Choose the correct answer:-

1- A fish covered with

- a) skin
- b) fur
- c) scales

2- We make from fruits.

- a) water
- b) tea
- c) juice

3- Paper is a state.

- a) solid
- b) liquid
- c) gas

4- The sun is a

- a) star
- b) moon
- c) earth

5- Magnet has

- a) one shape
- b) two shapes
- c) many shapes

4-Match:

1- Gas state.

2- Flower.

3- Bar magnet.

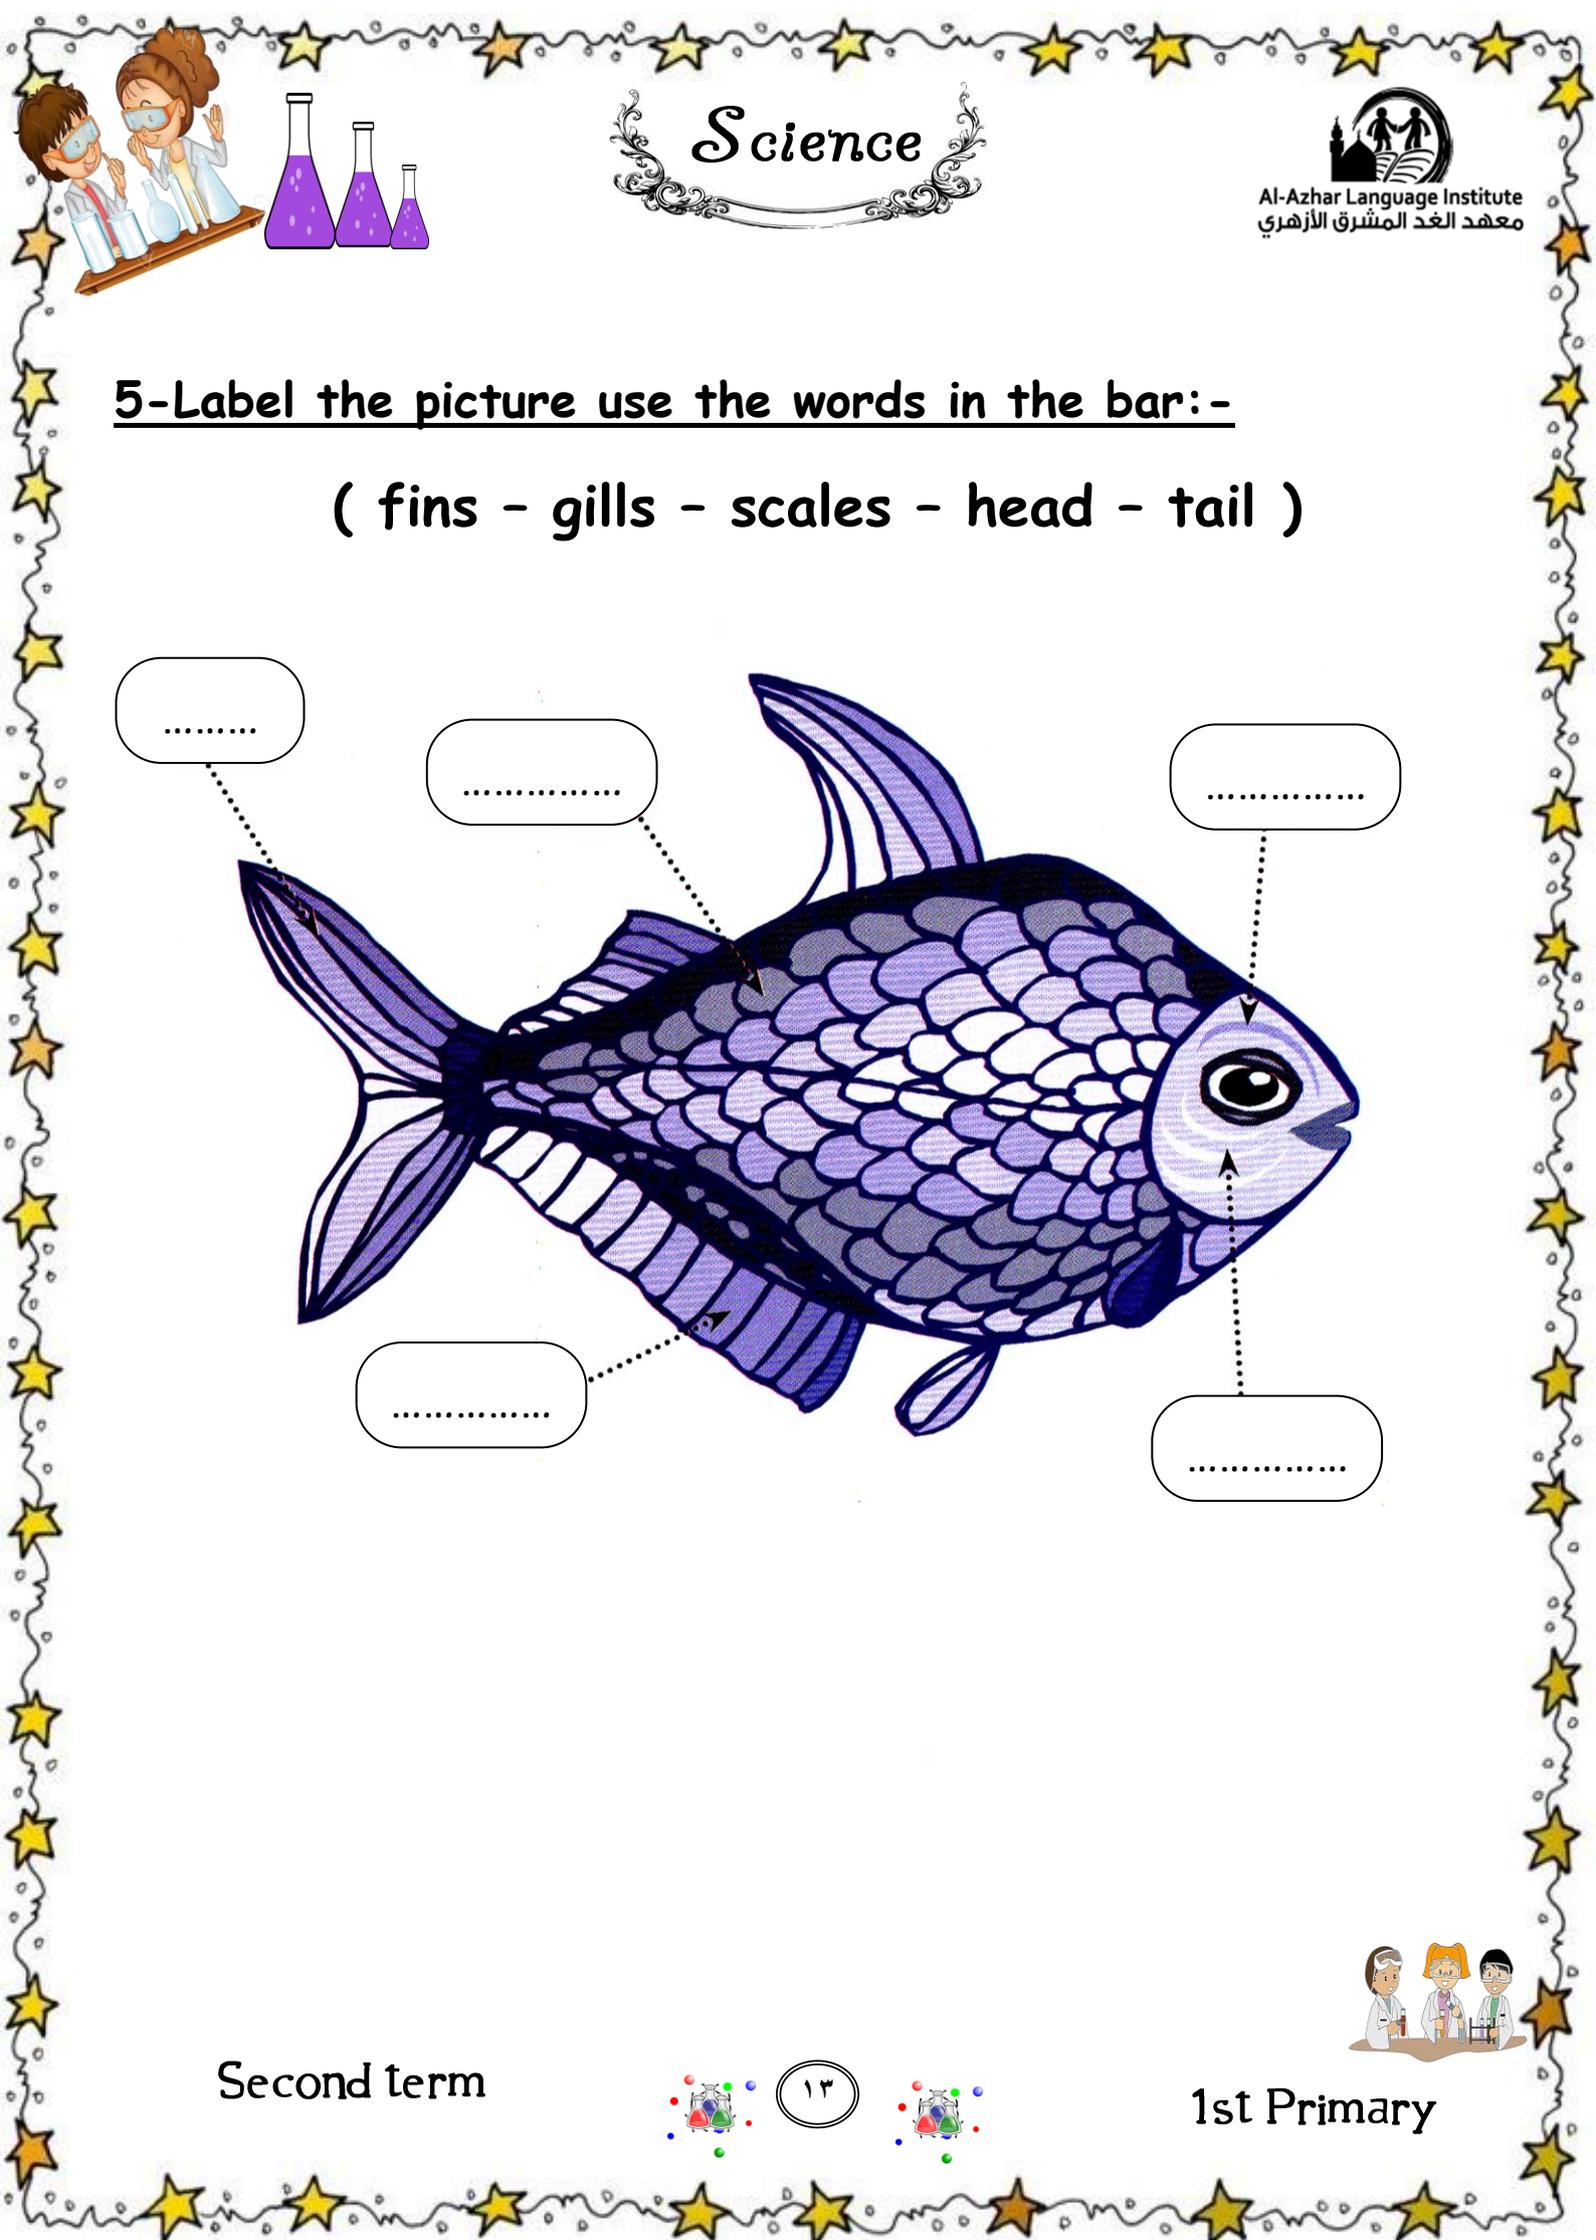

4- Solid state.

5- Fruits.

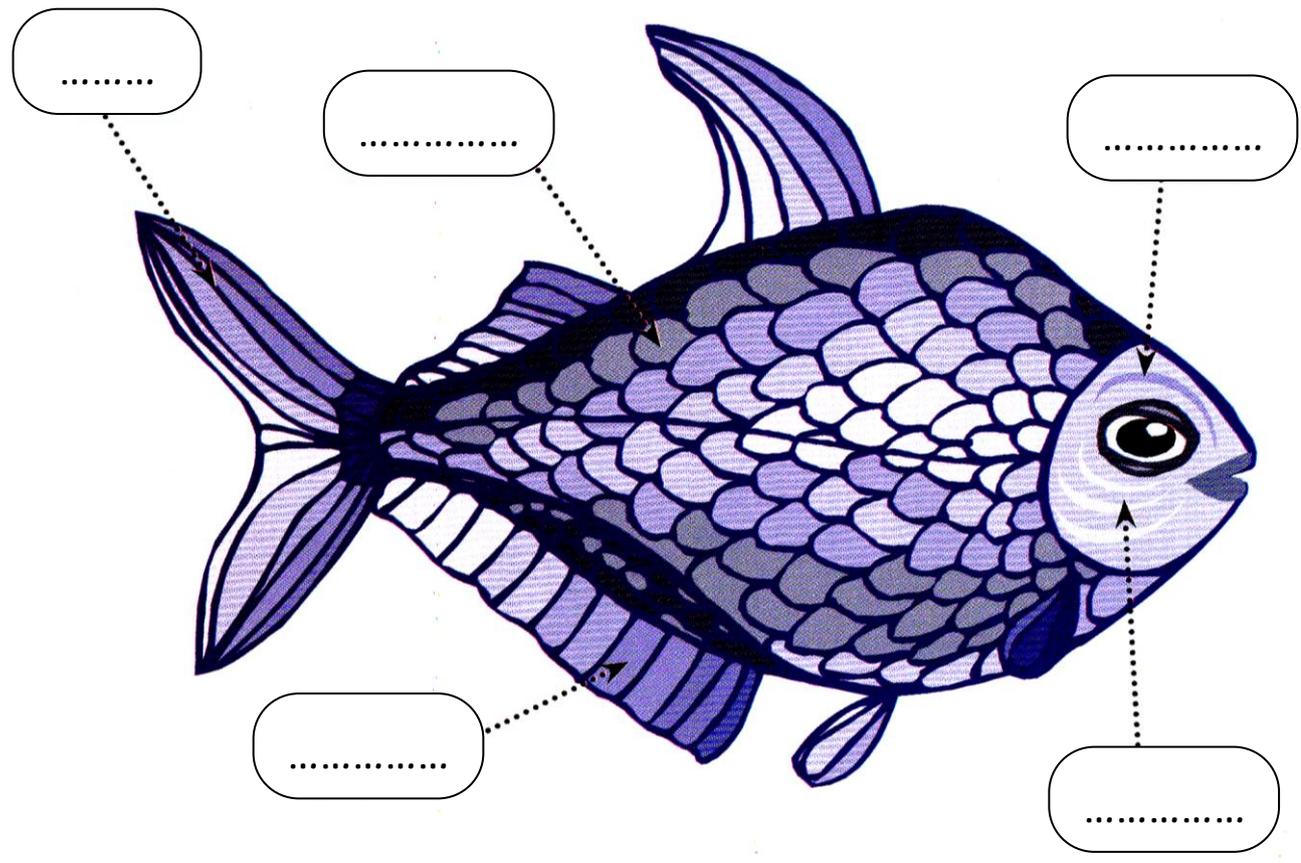

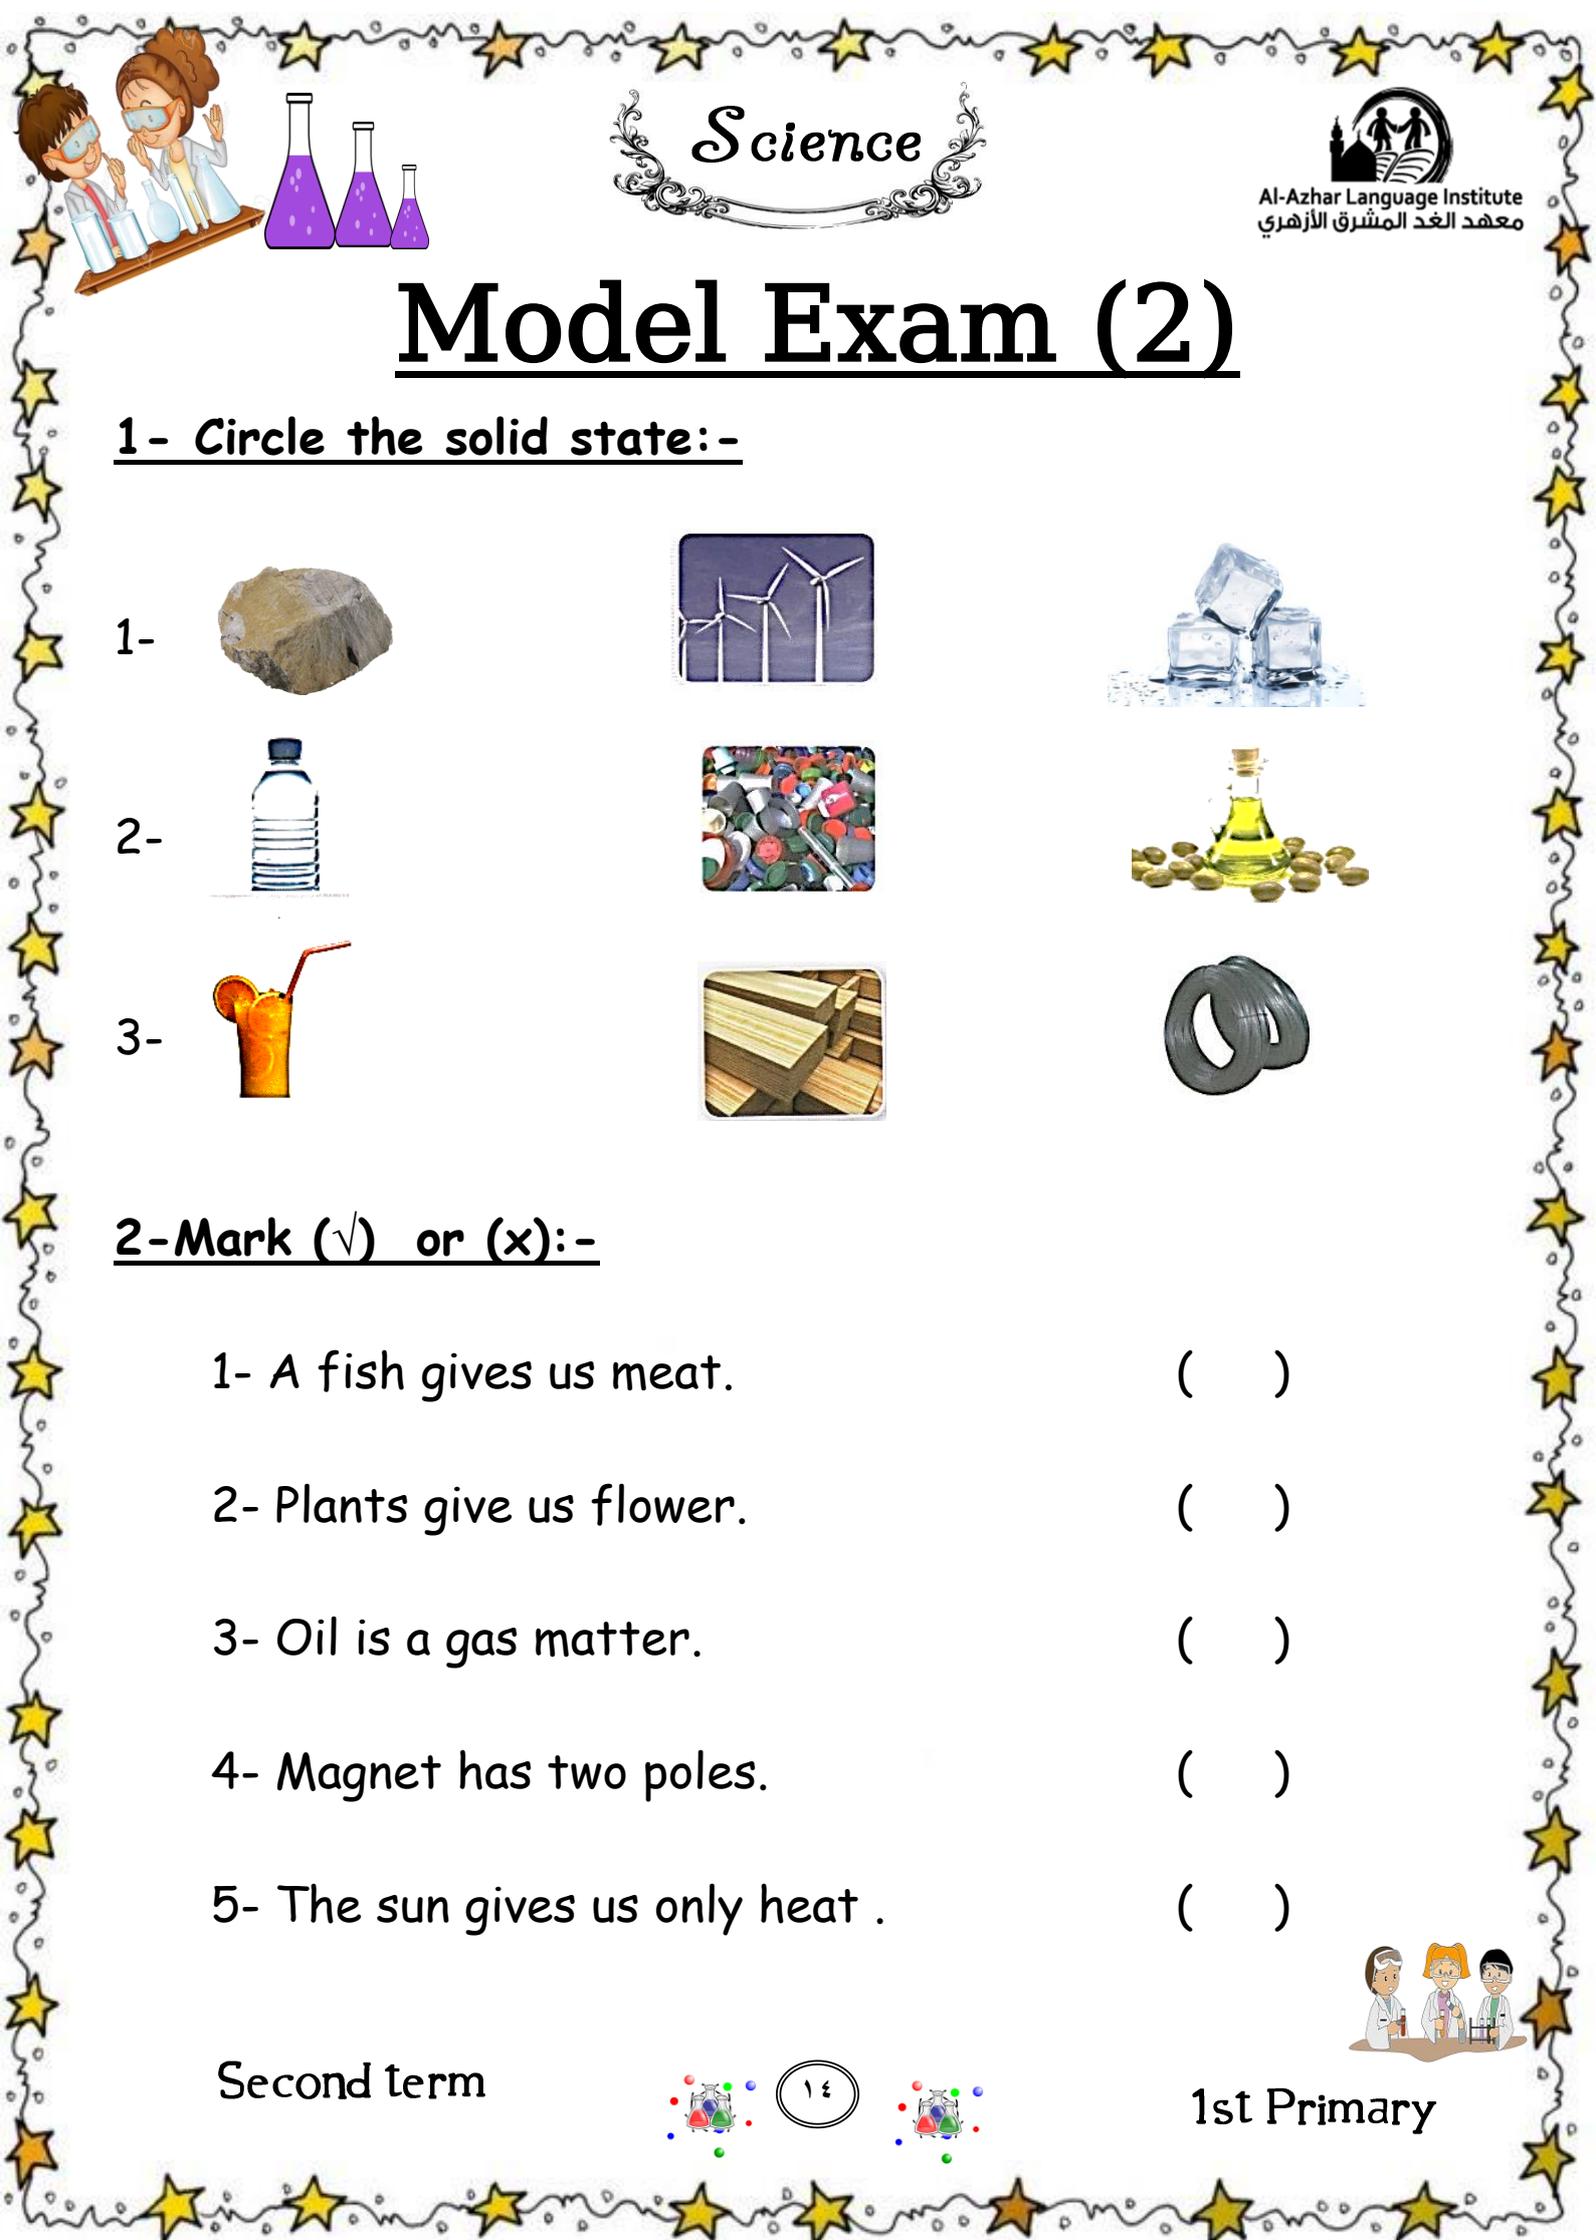

Science

5-Label the picture use the words in the bar:-

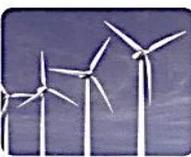

(fins - gills - scales - head - tail)

Model Exam (2)

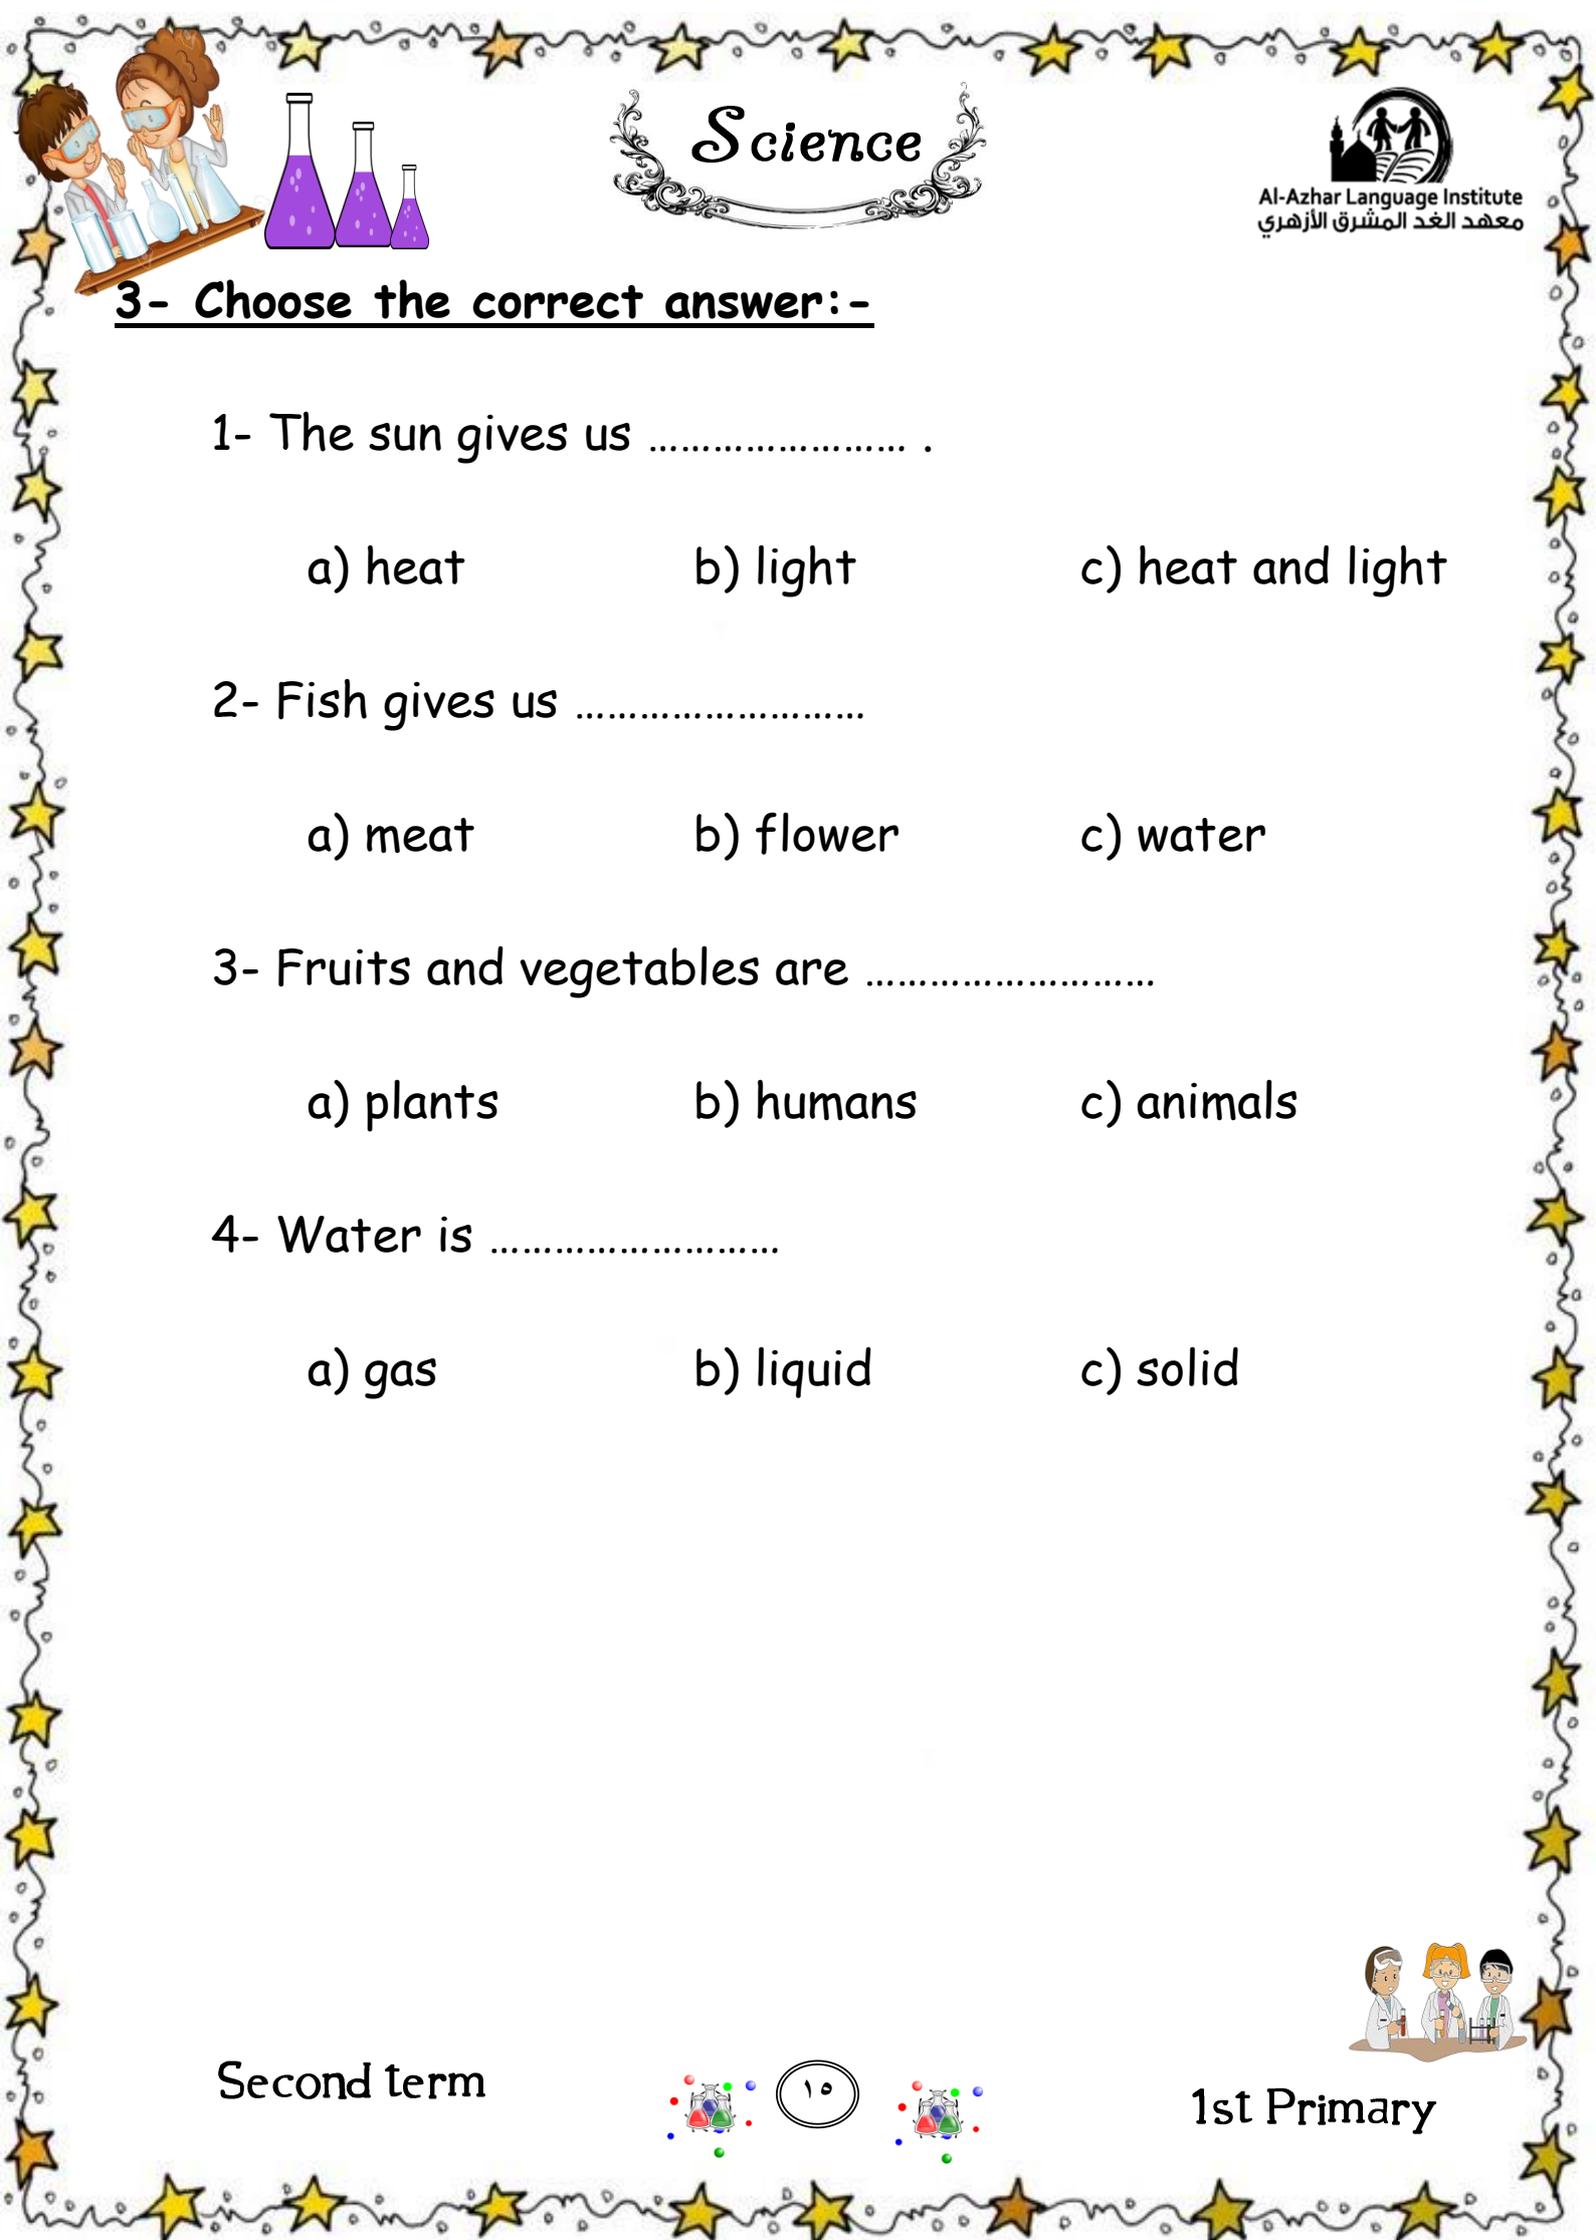

1- Circle the solid state:-

1-			
2-			
3-			

2-Mark (√) or (x):-

- 1- A fish gives us meat. ()
- 2- Plants give us flower. ()
- 3- Oil is a gas matter. ()
- 4- Magnet has two poles. ()
- 5- The sun gives us only heat . ()

Science

3- Choose the correct answer:-

1- The sun gives us

- a) heat b) light c) heat and light

2- Fish gives us

- a) meat b) flower c) water

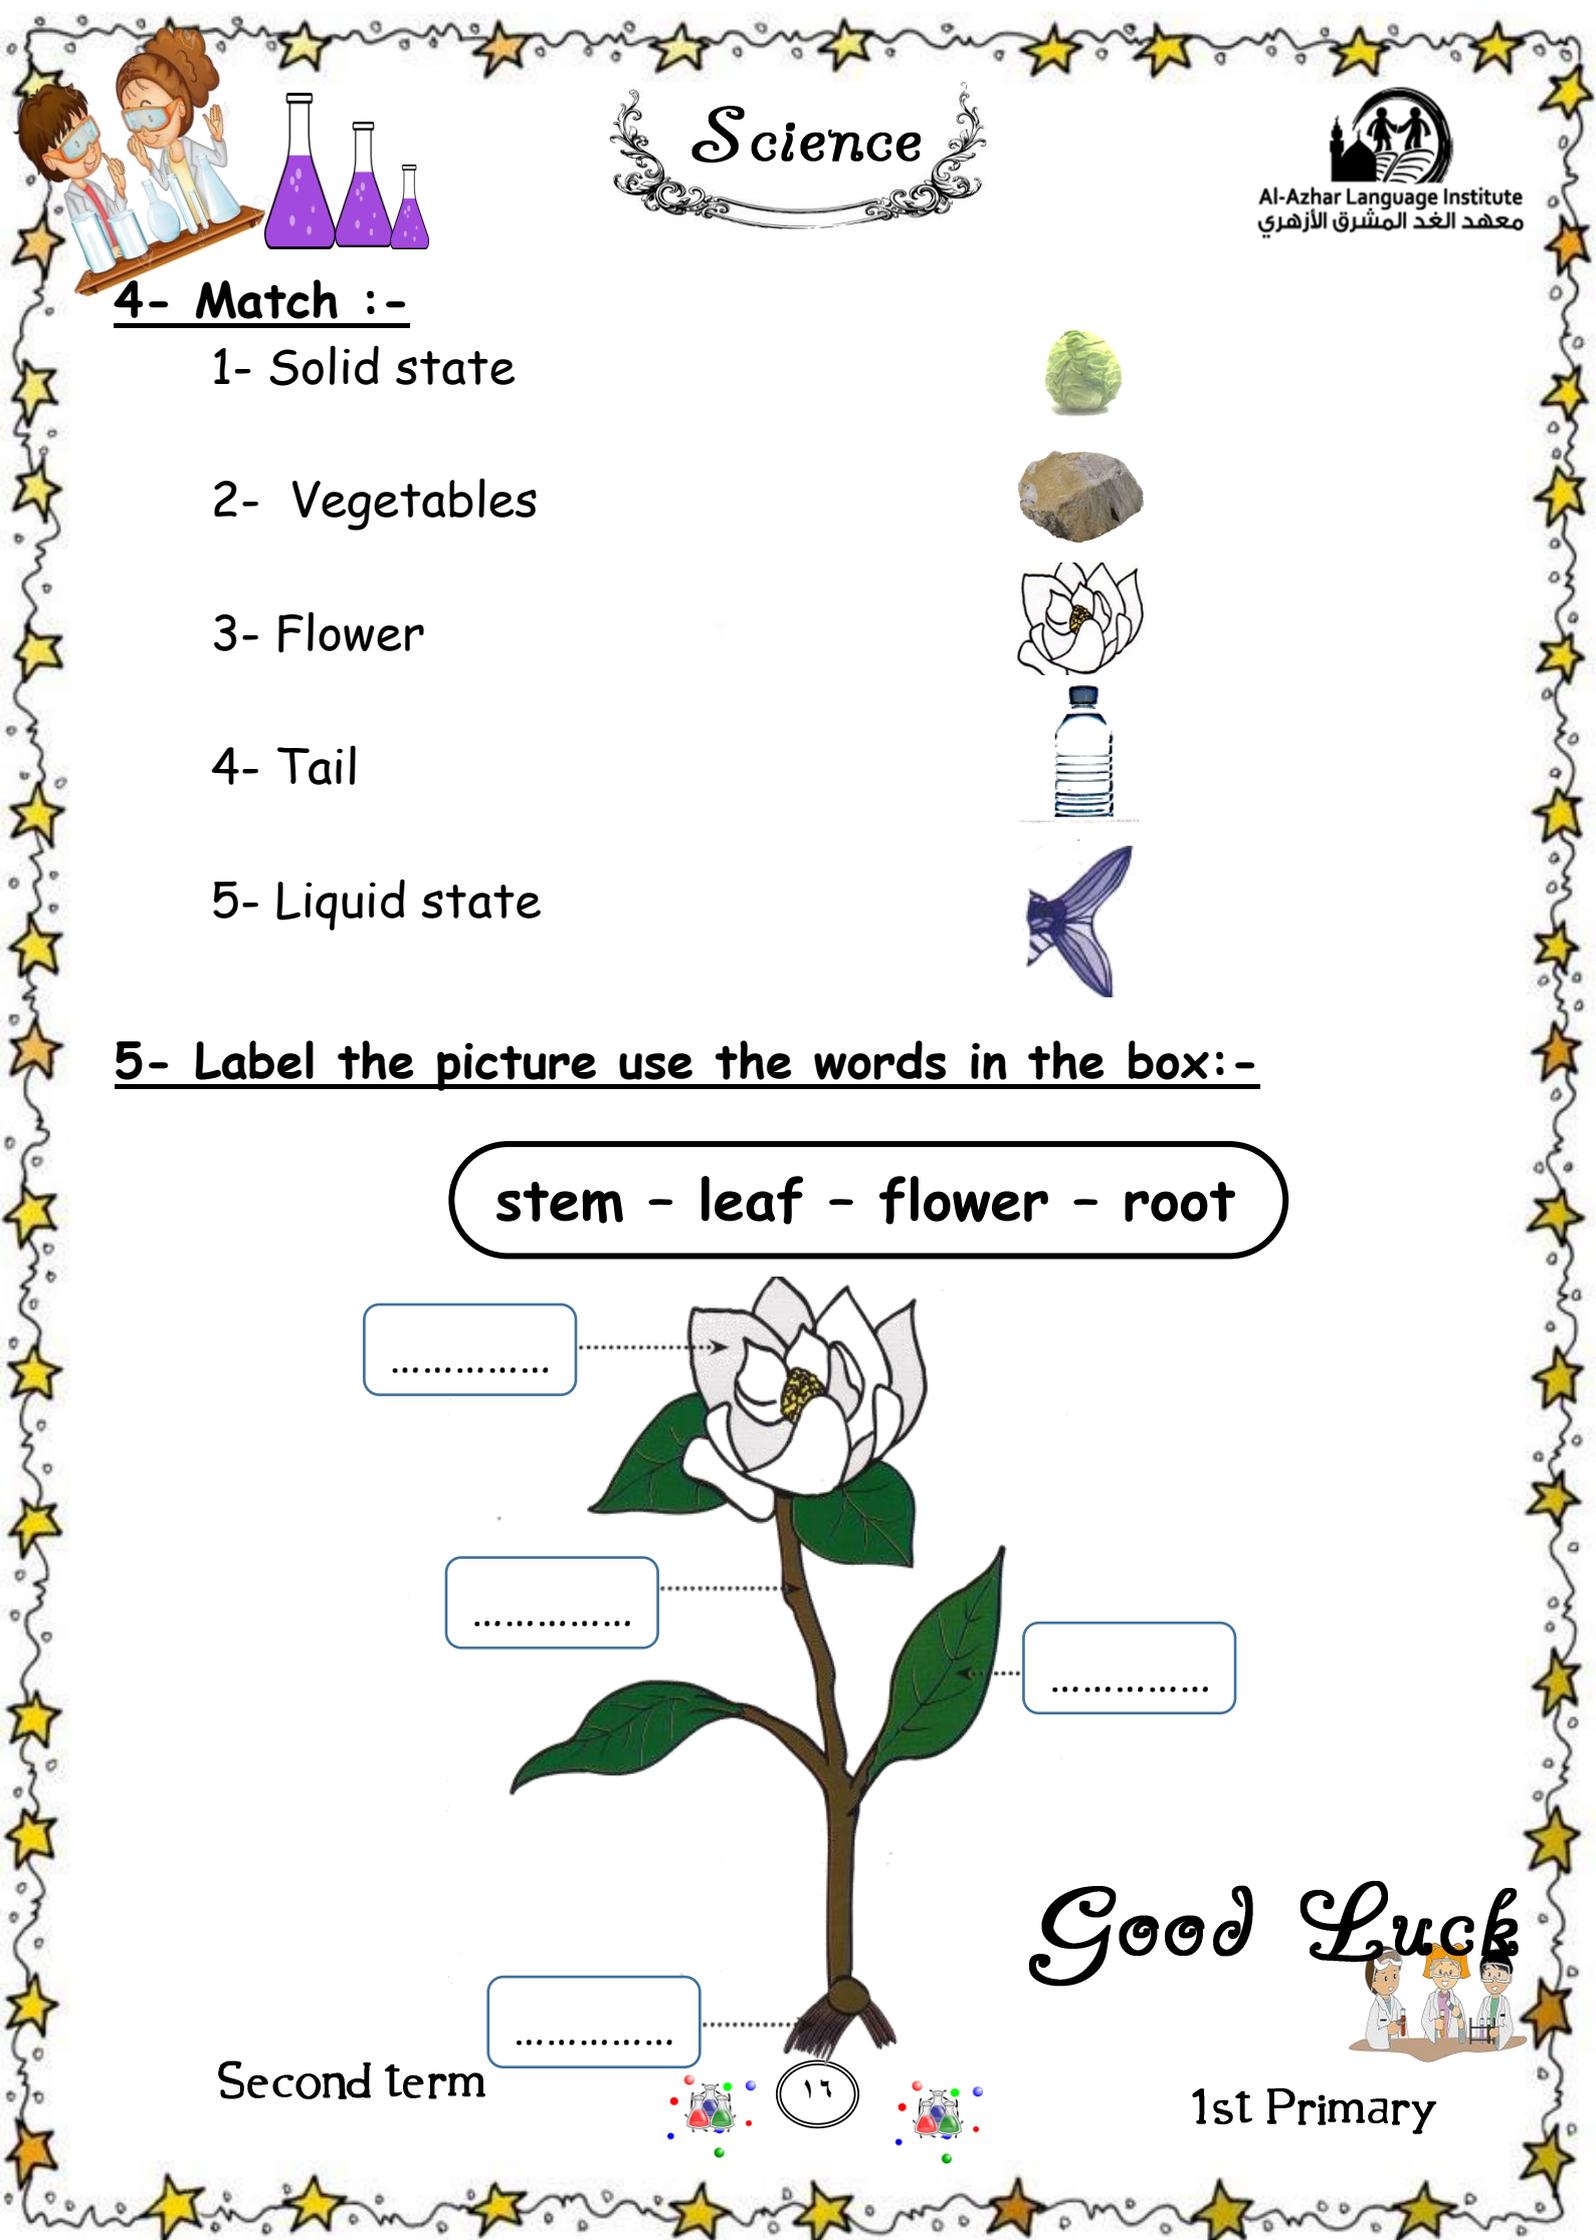

3- Fruits and vegetables are

- a) plants b) humans c) animals

4- Water is

- a) gas b) liquid c) solid

Science

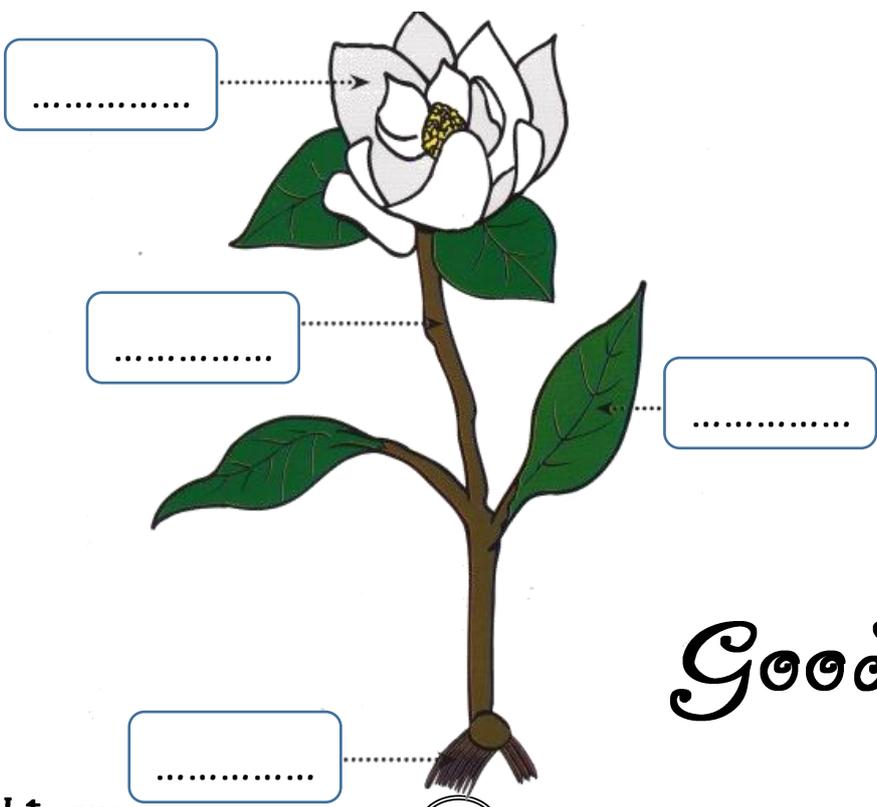

4- Match :-

- 1- Solid state
- 2- Vegetables
- 3- Flower
- 4- Tail
- 5- Liquid state

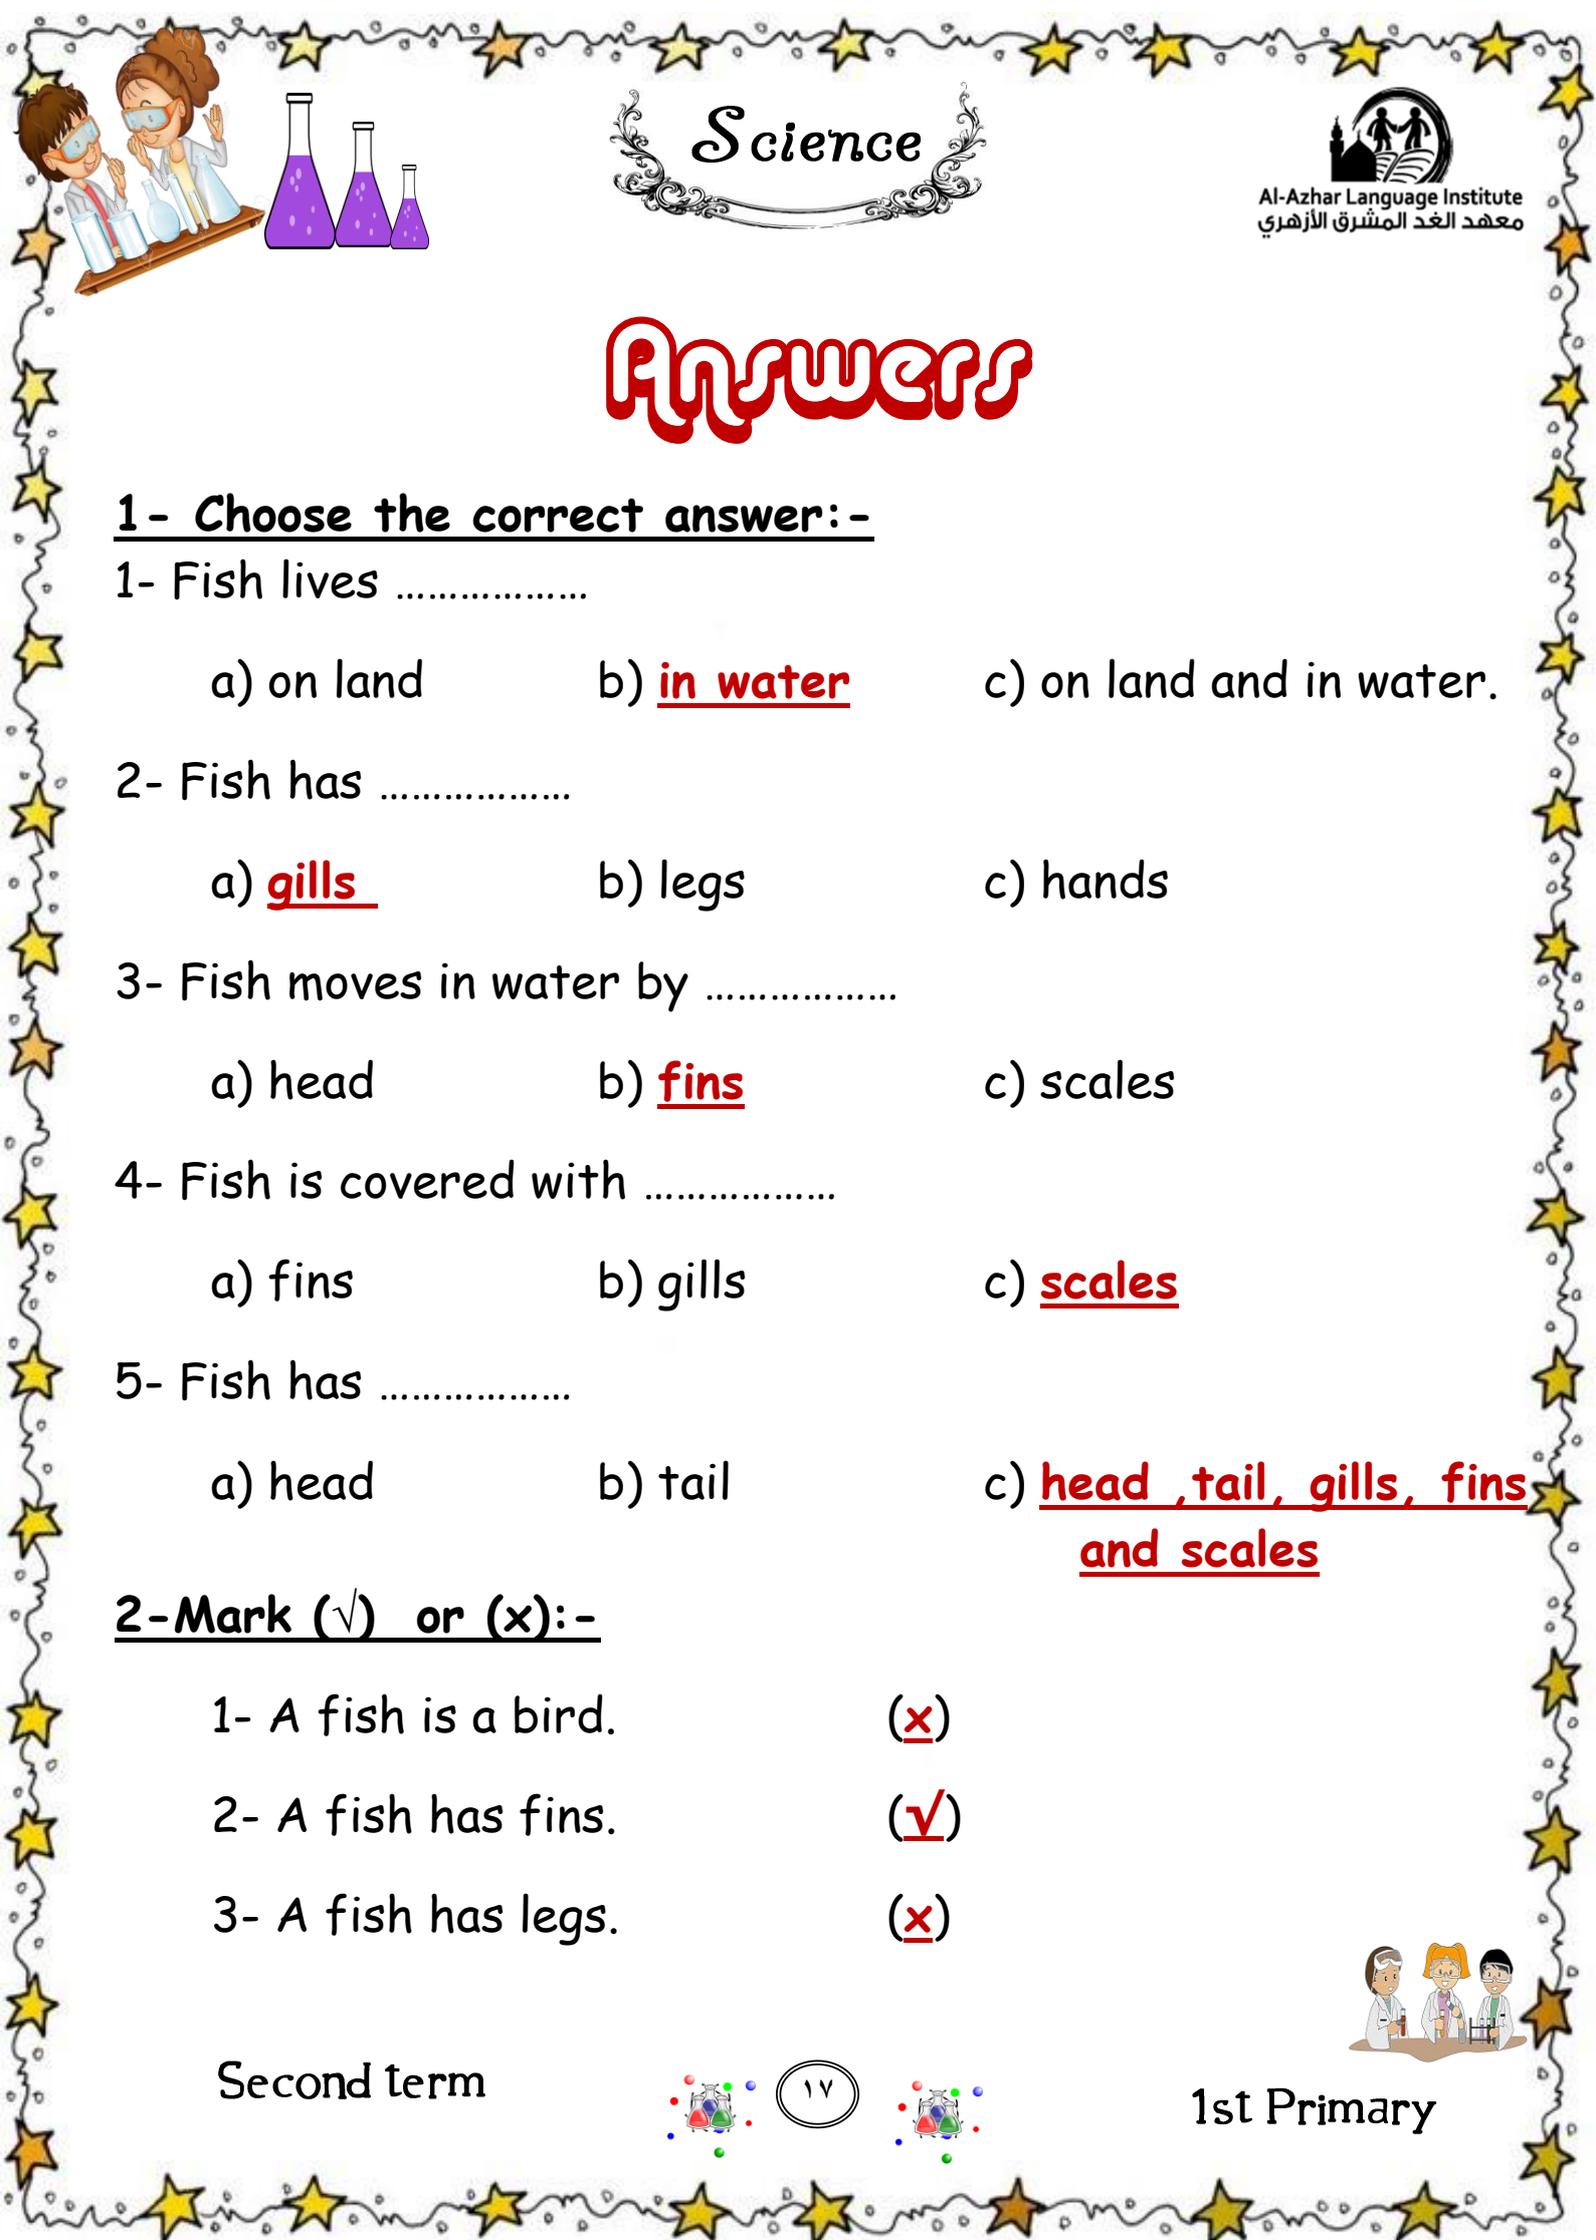

5- Label the picture use the words in the box:-

stem - leaf - flower - root

Good Luck

Answers

1- Choose the correct answer:-

1- Fish lives

- a) on land
- b) in water
- c) on land and in water.

2- Fish has

- a) gills
- b) legs
- c) hands

3- Fish moves in water by

- a) head
- b) fins
- c) scales

4- Fish is covered with

- a) fins
- b) gills
- c) scales

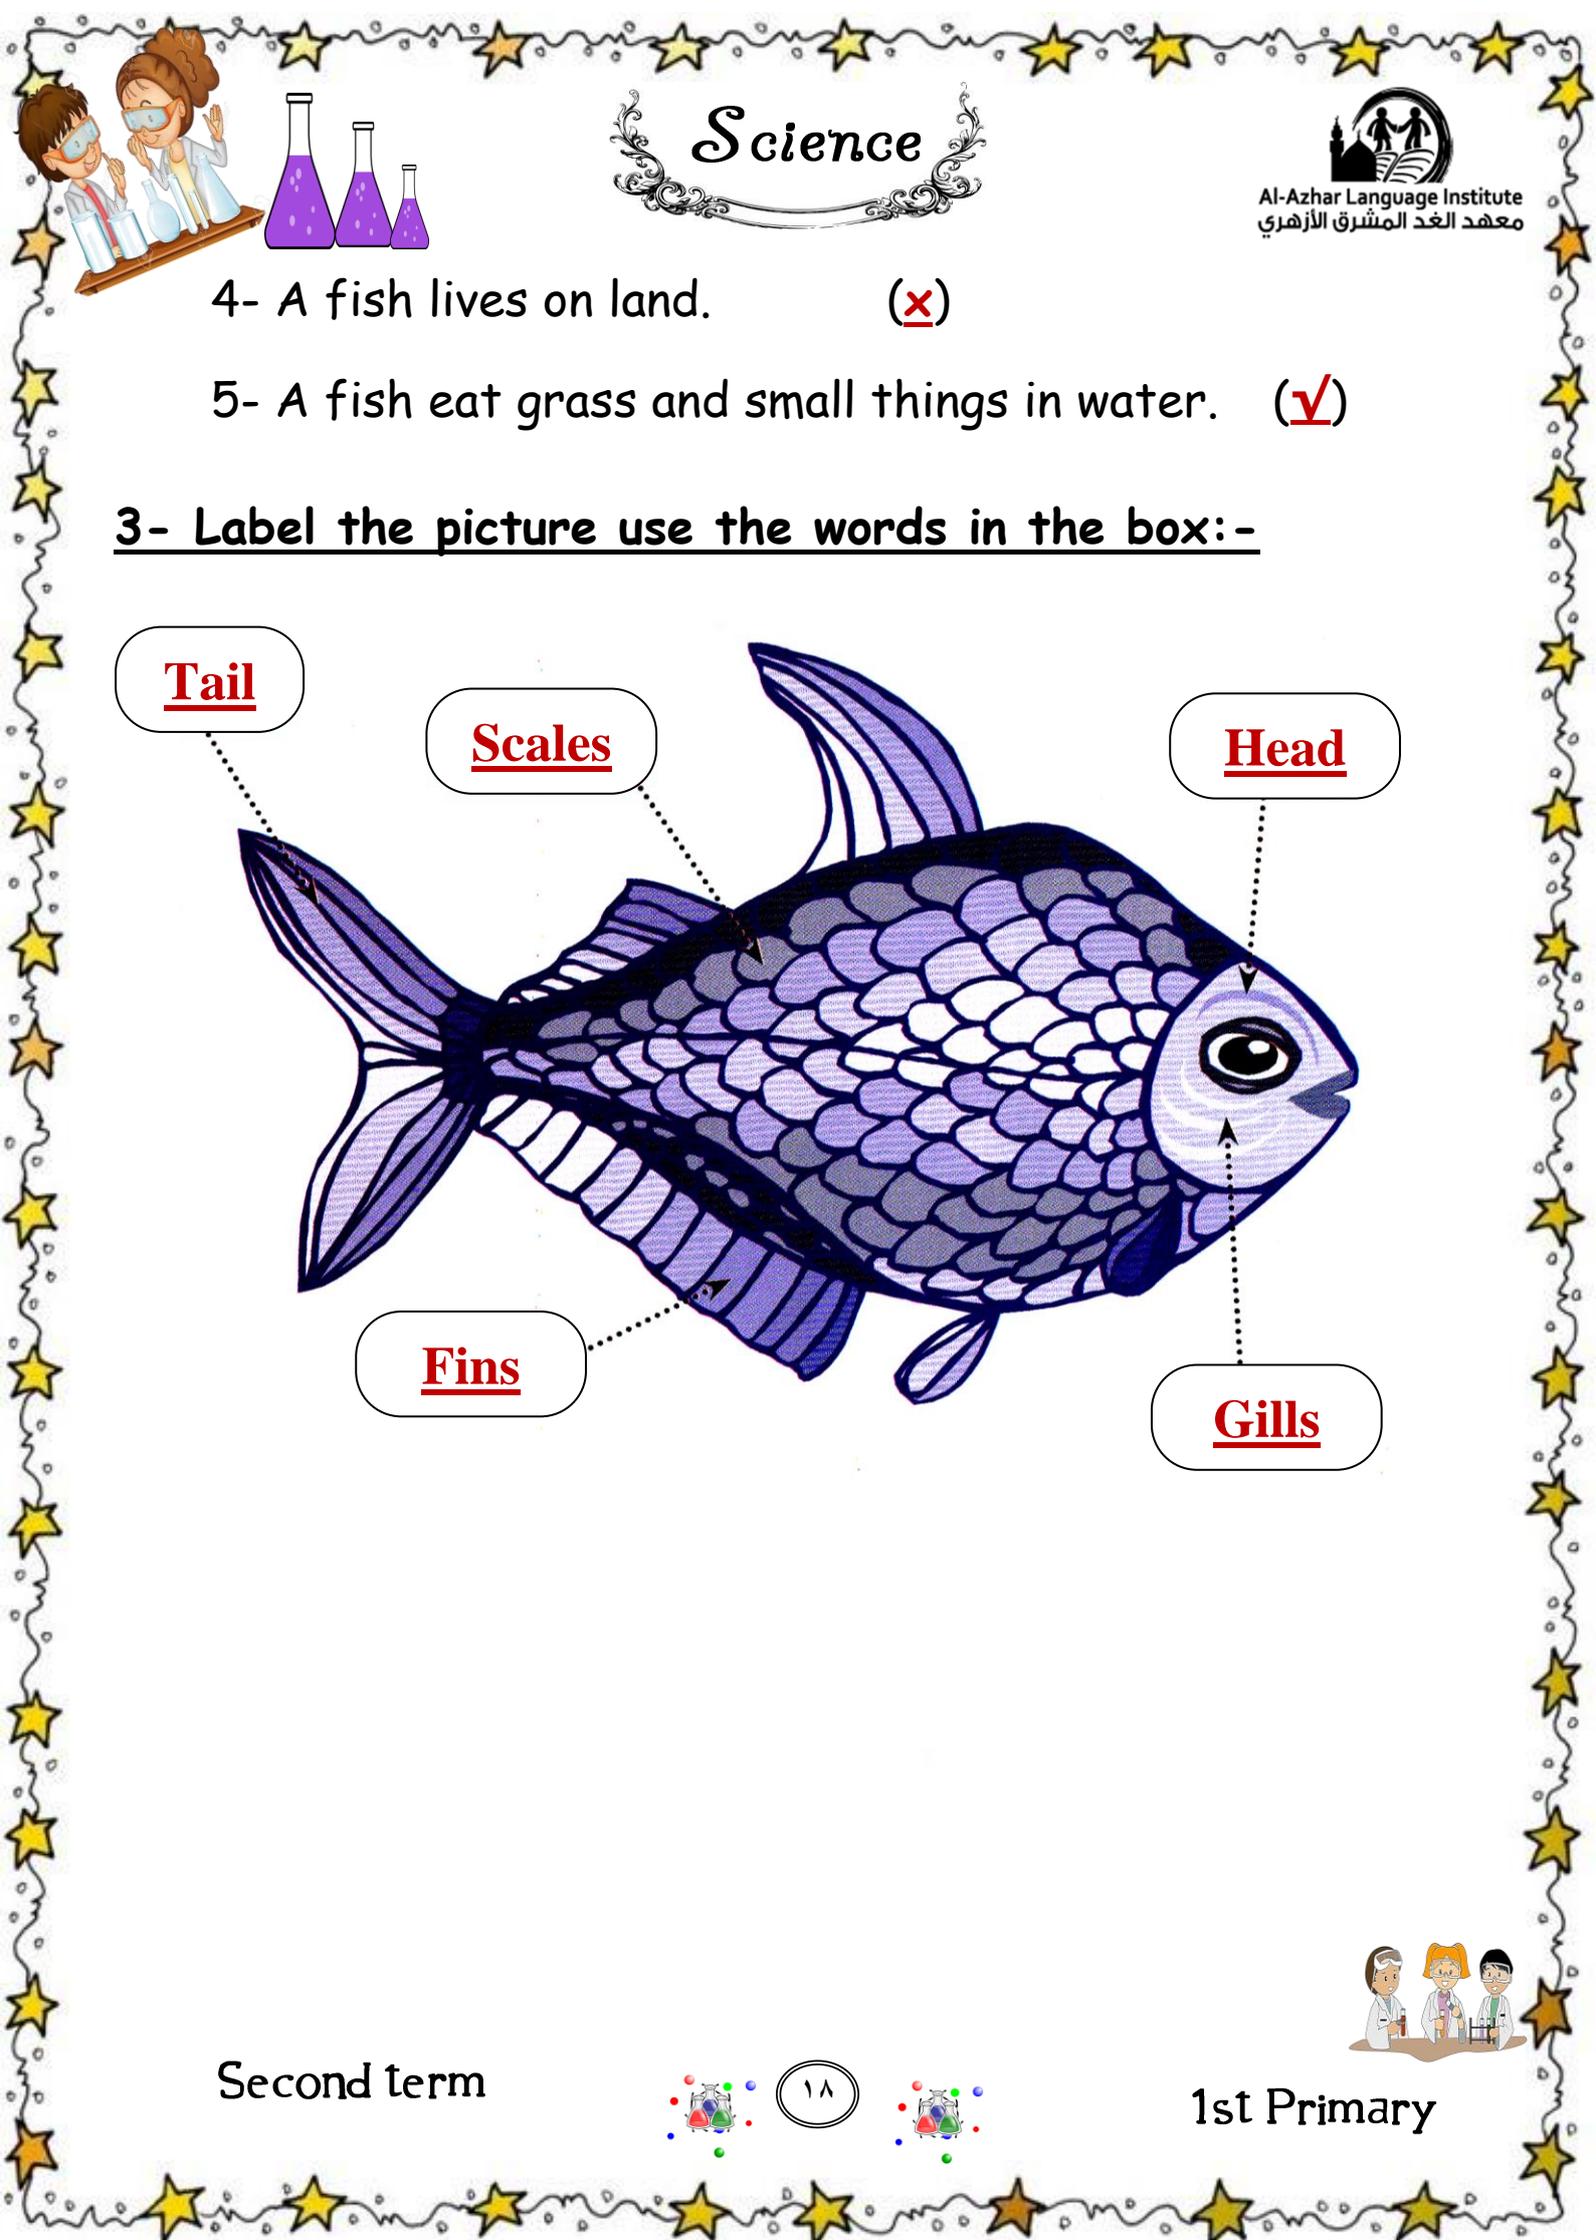

5- Fish has

- a) head
- b) tail
- c) head , tail, gills, fins and scales

2-Mark (√) or (x):-

- 1- A fish is a bird. (x)
- 2- A fish has fins. (√)
- 3- A fish has legs. (x)

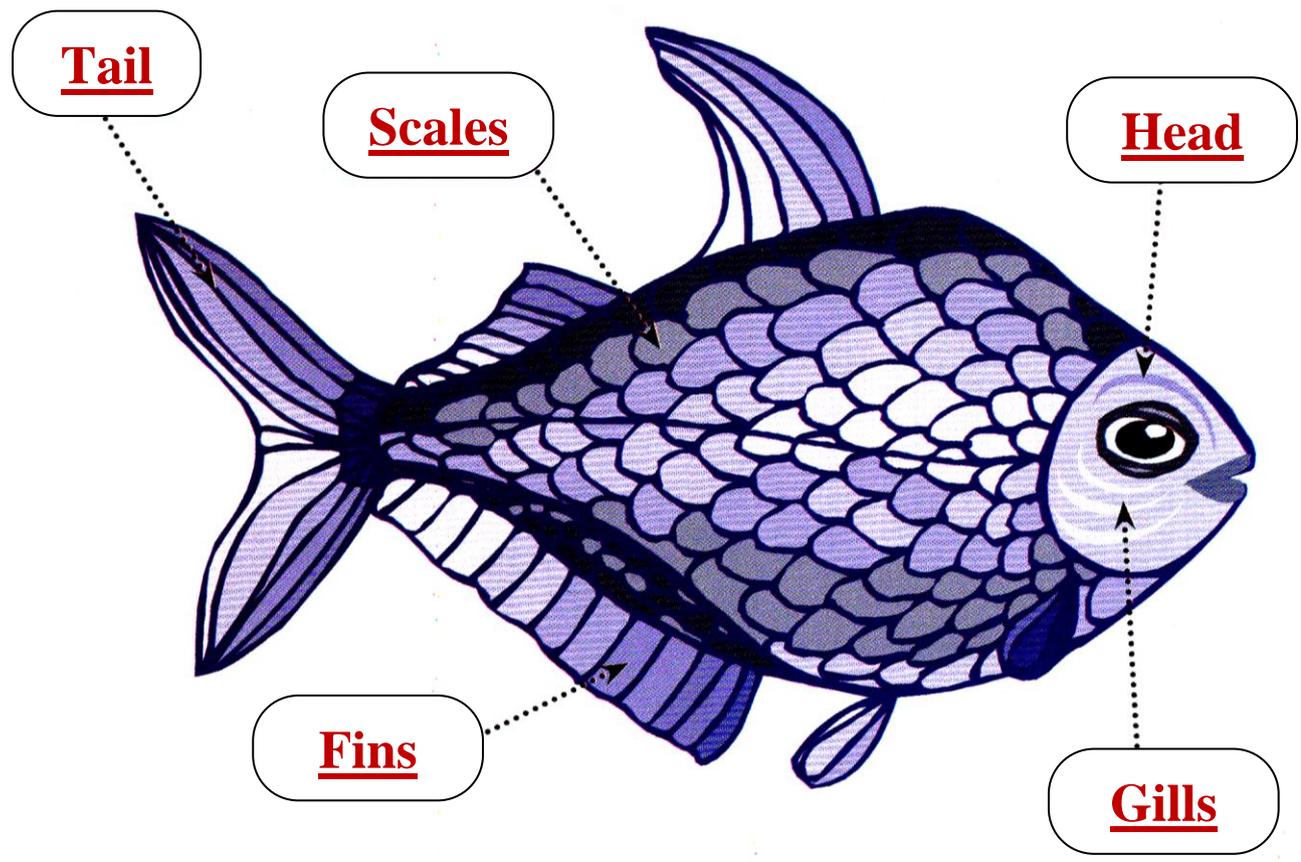

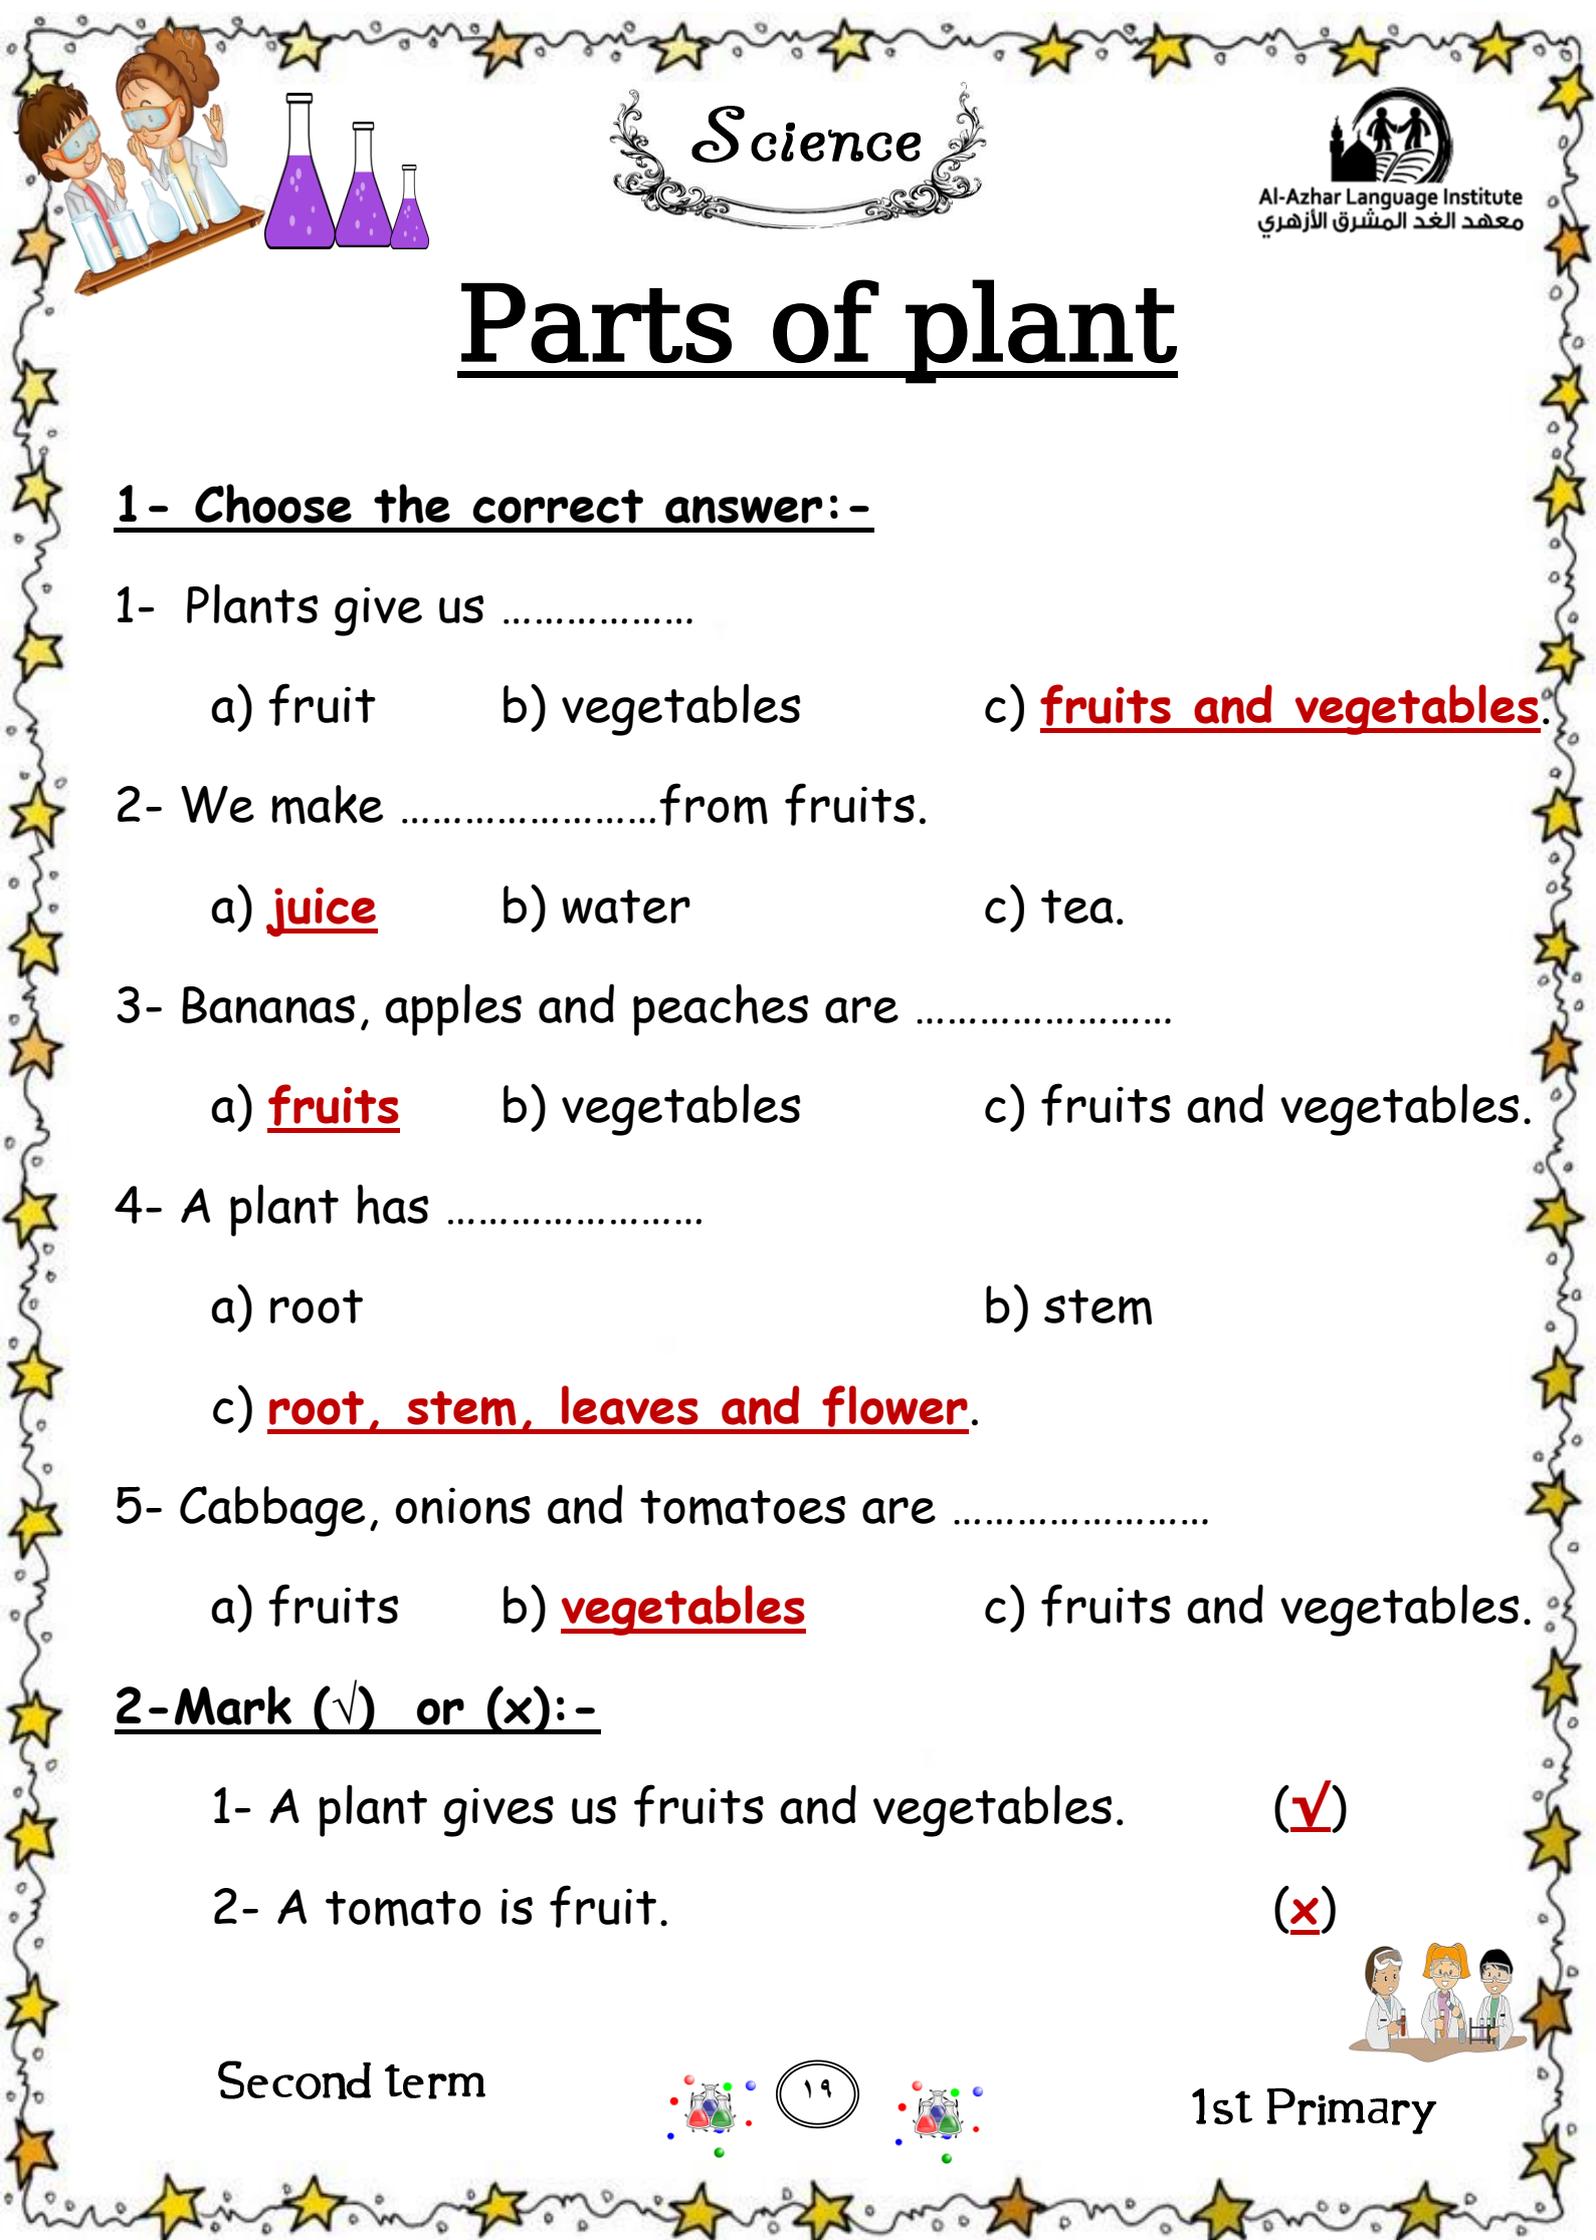

Science

4- A fish lives on land. (x)

5- A fish eat grass and small things in water. (✓)

3- Label the picture use the words in the box:-

Parts of plant

1- Choose the correct answer:-

1- Plants give us

- a) fruit
- b) vegetables
- c) **fruits and vegetables.**

2- We makefrom fruits.

- a) **juice**
- b) water
- c) tea.

3- Bananas, apples and peaches are

- a) **fruits**
- b) vegetables
- c) fruits and vegetables.

4- A plant has

- a) root
- b) stem
- c) **root, stem, leaves and flower.**

5- Cabbage, onions and tomatoes are

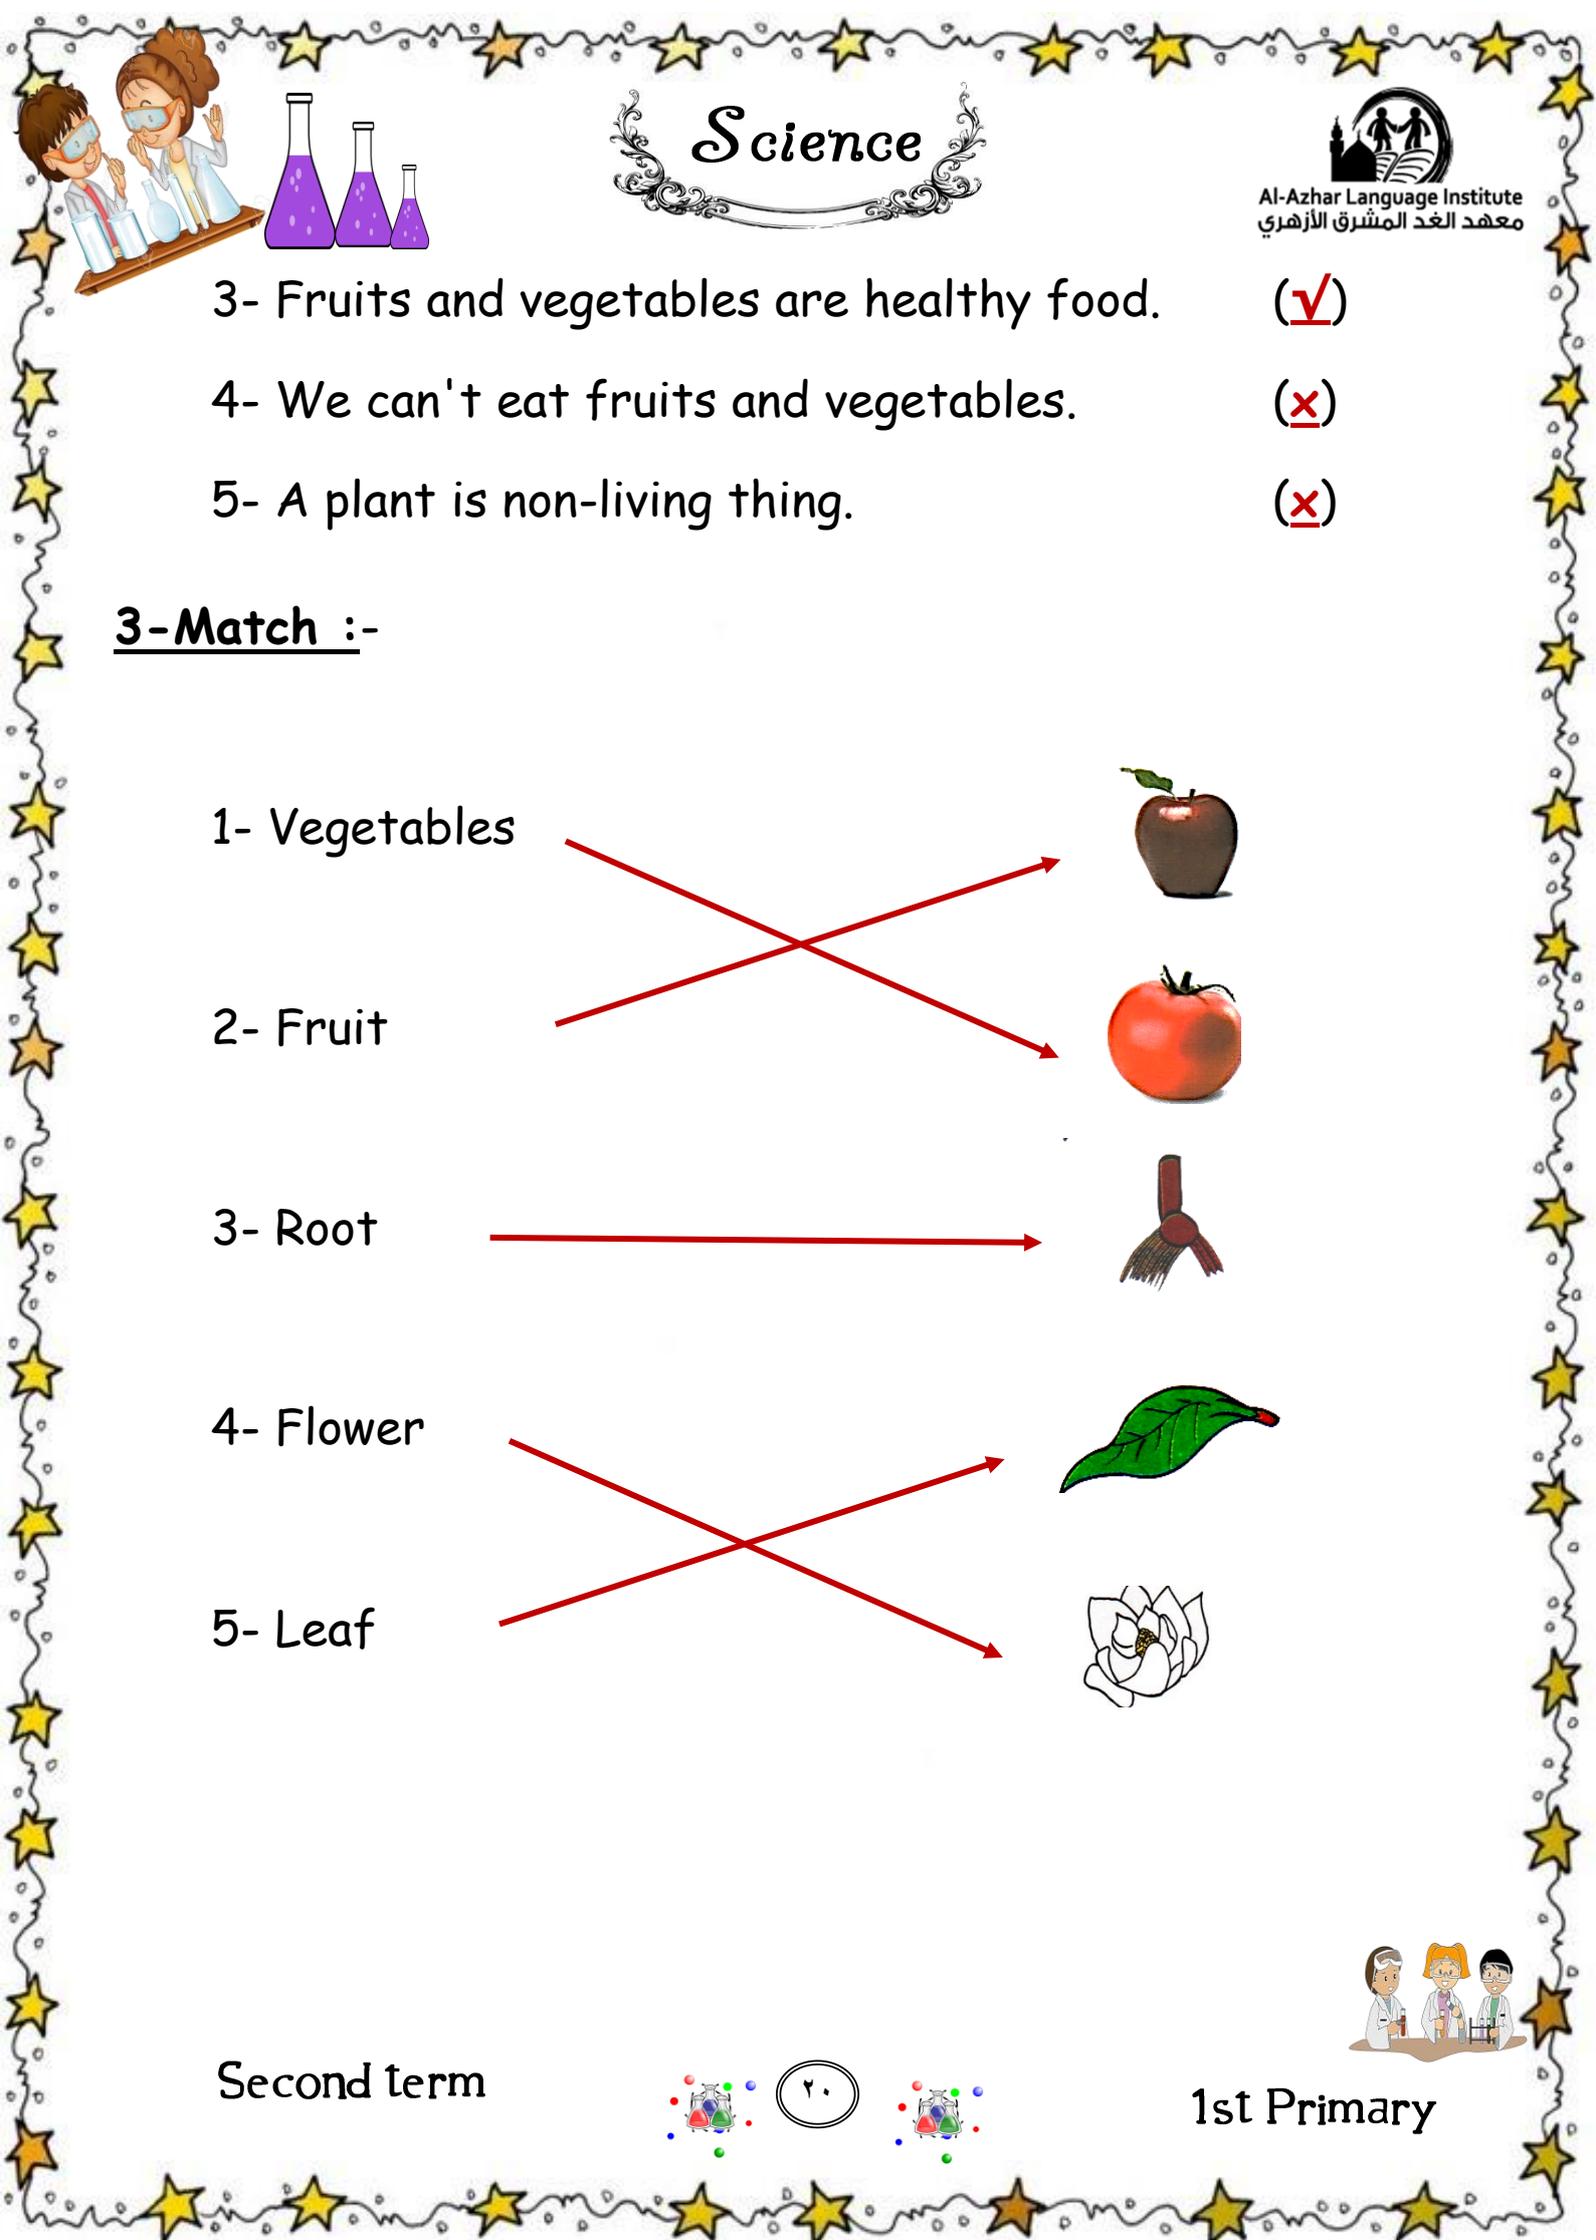

- a) fruits
- b) **vegetables**
- c) fruits and vegetables.

2-Mark (✓) or (x):-

1- A plant gives us fruits and vegetables. (✓)

2- A tomato is fruit. (x)

Science

- 3- Fruits and vegetables are healthy food. (✓)
- 4- We can't eat fruits and vegetables. (✗)
- 5- A plant is non-living thing. (✗)

3-Match :-

1- Vegetables

2- Fruit

3- Root

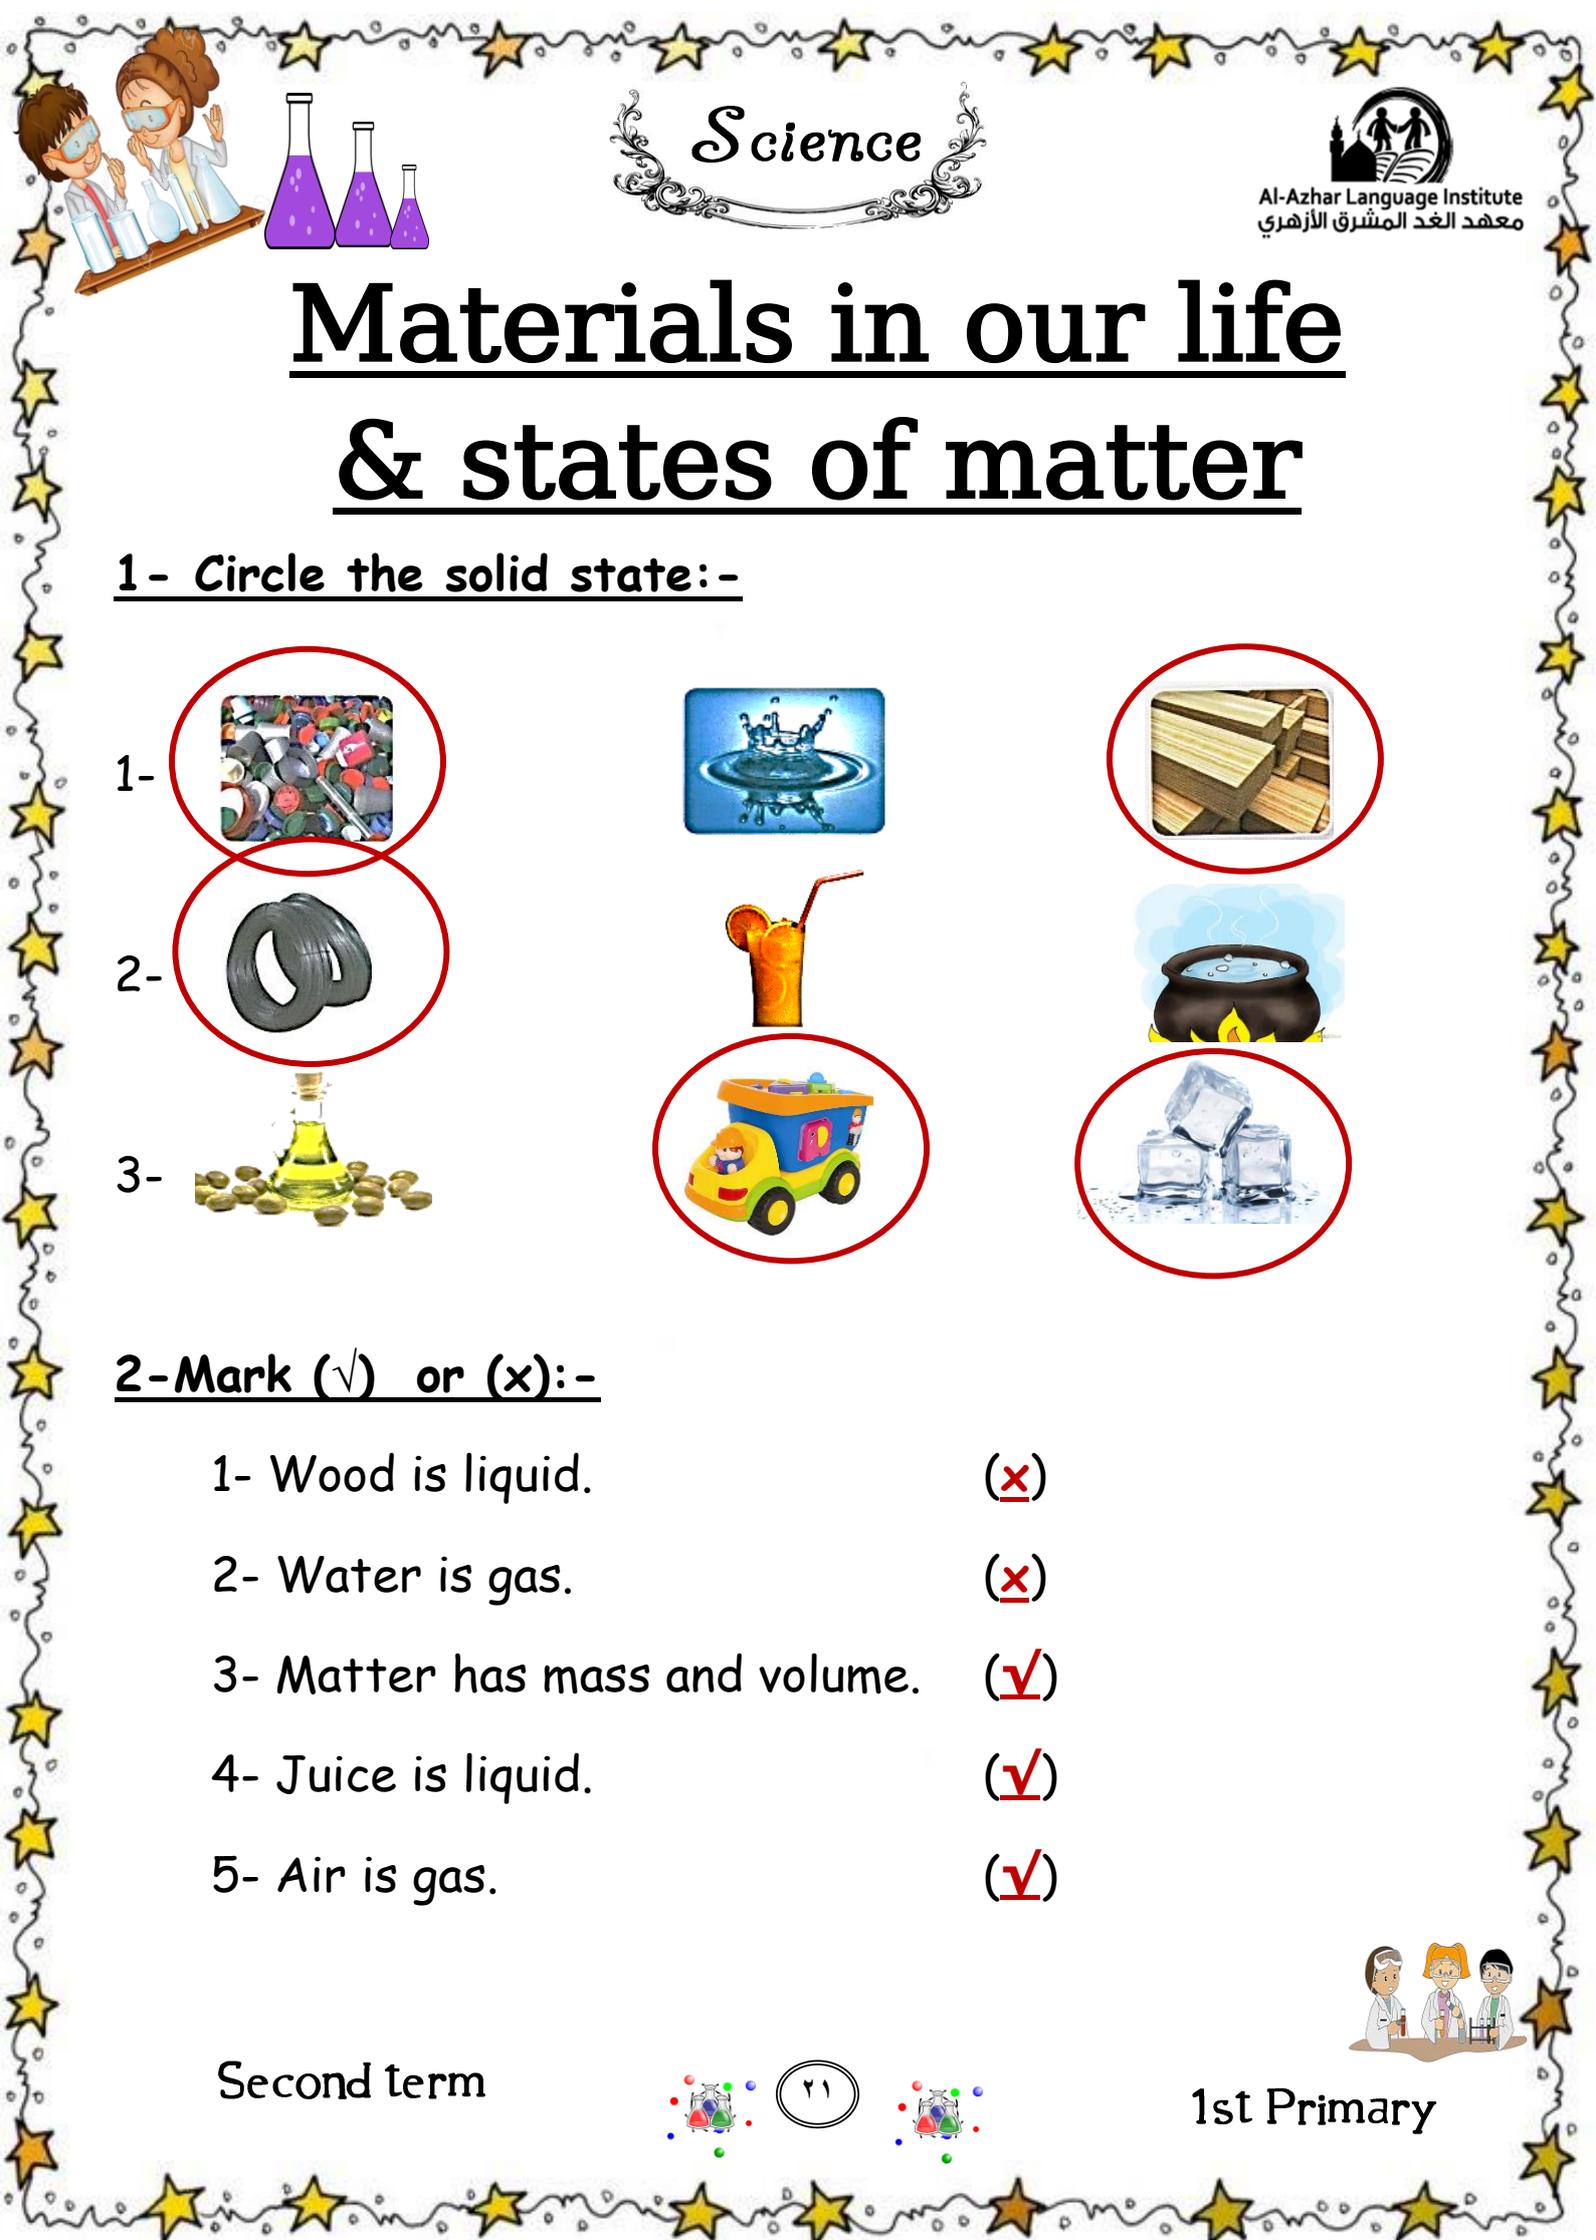

4- Flower

5- Leaf

Science

Materials in our life & states of matter

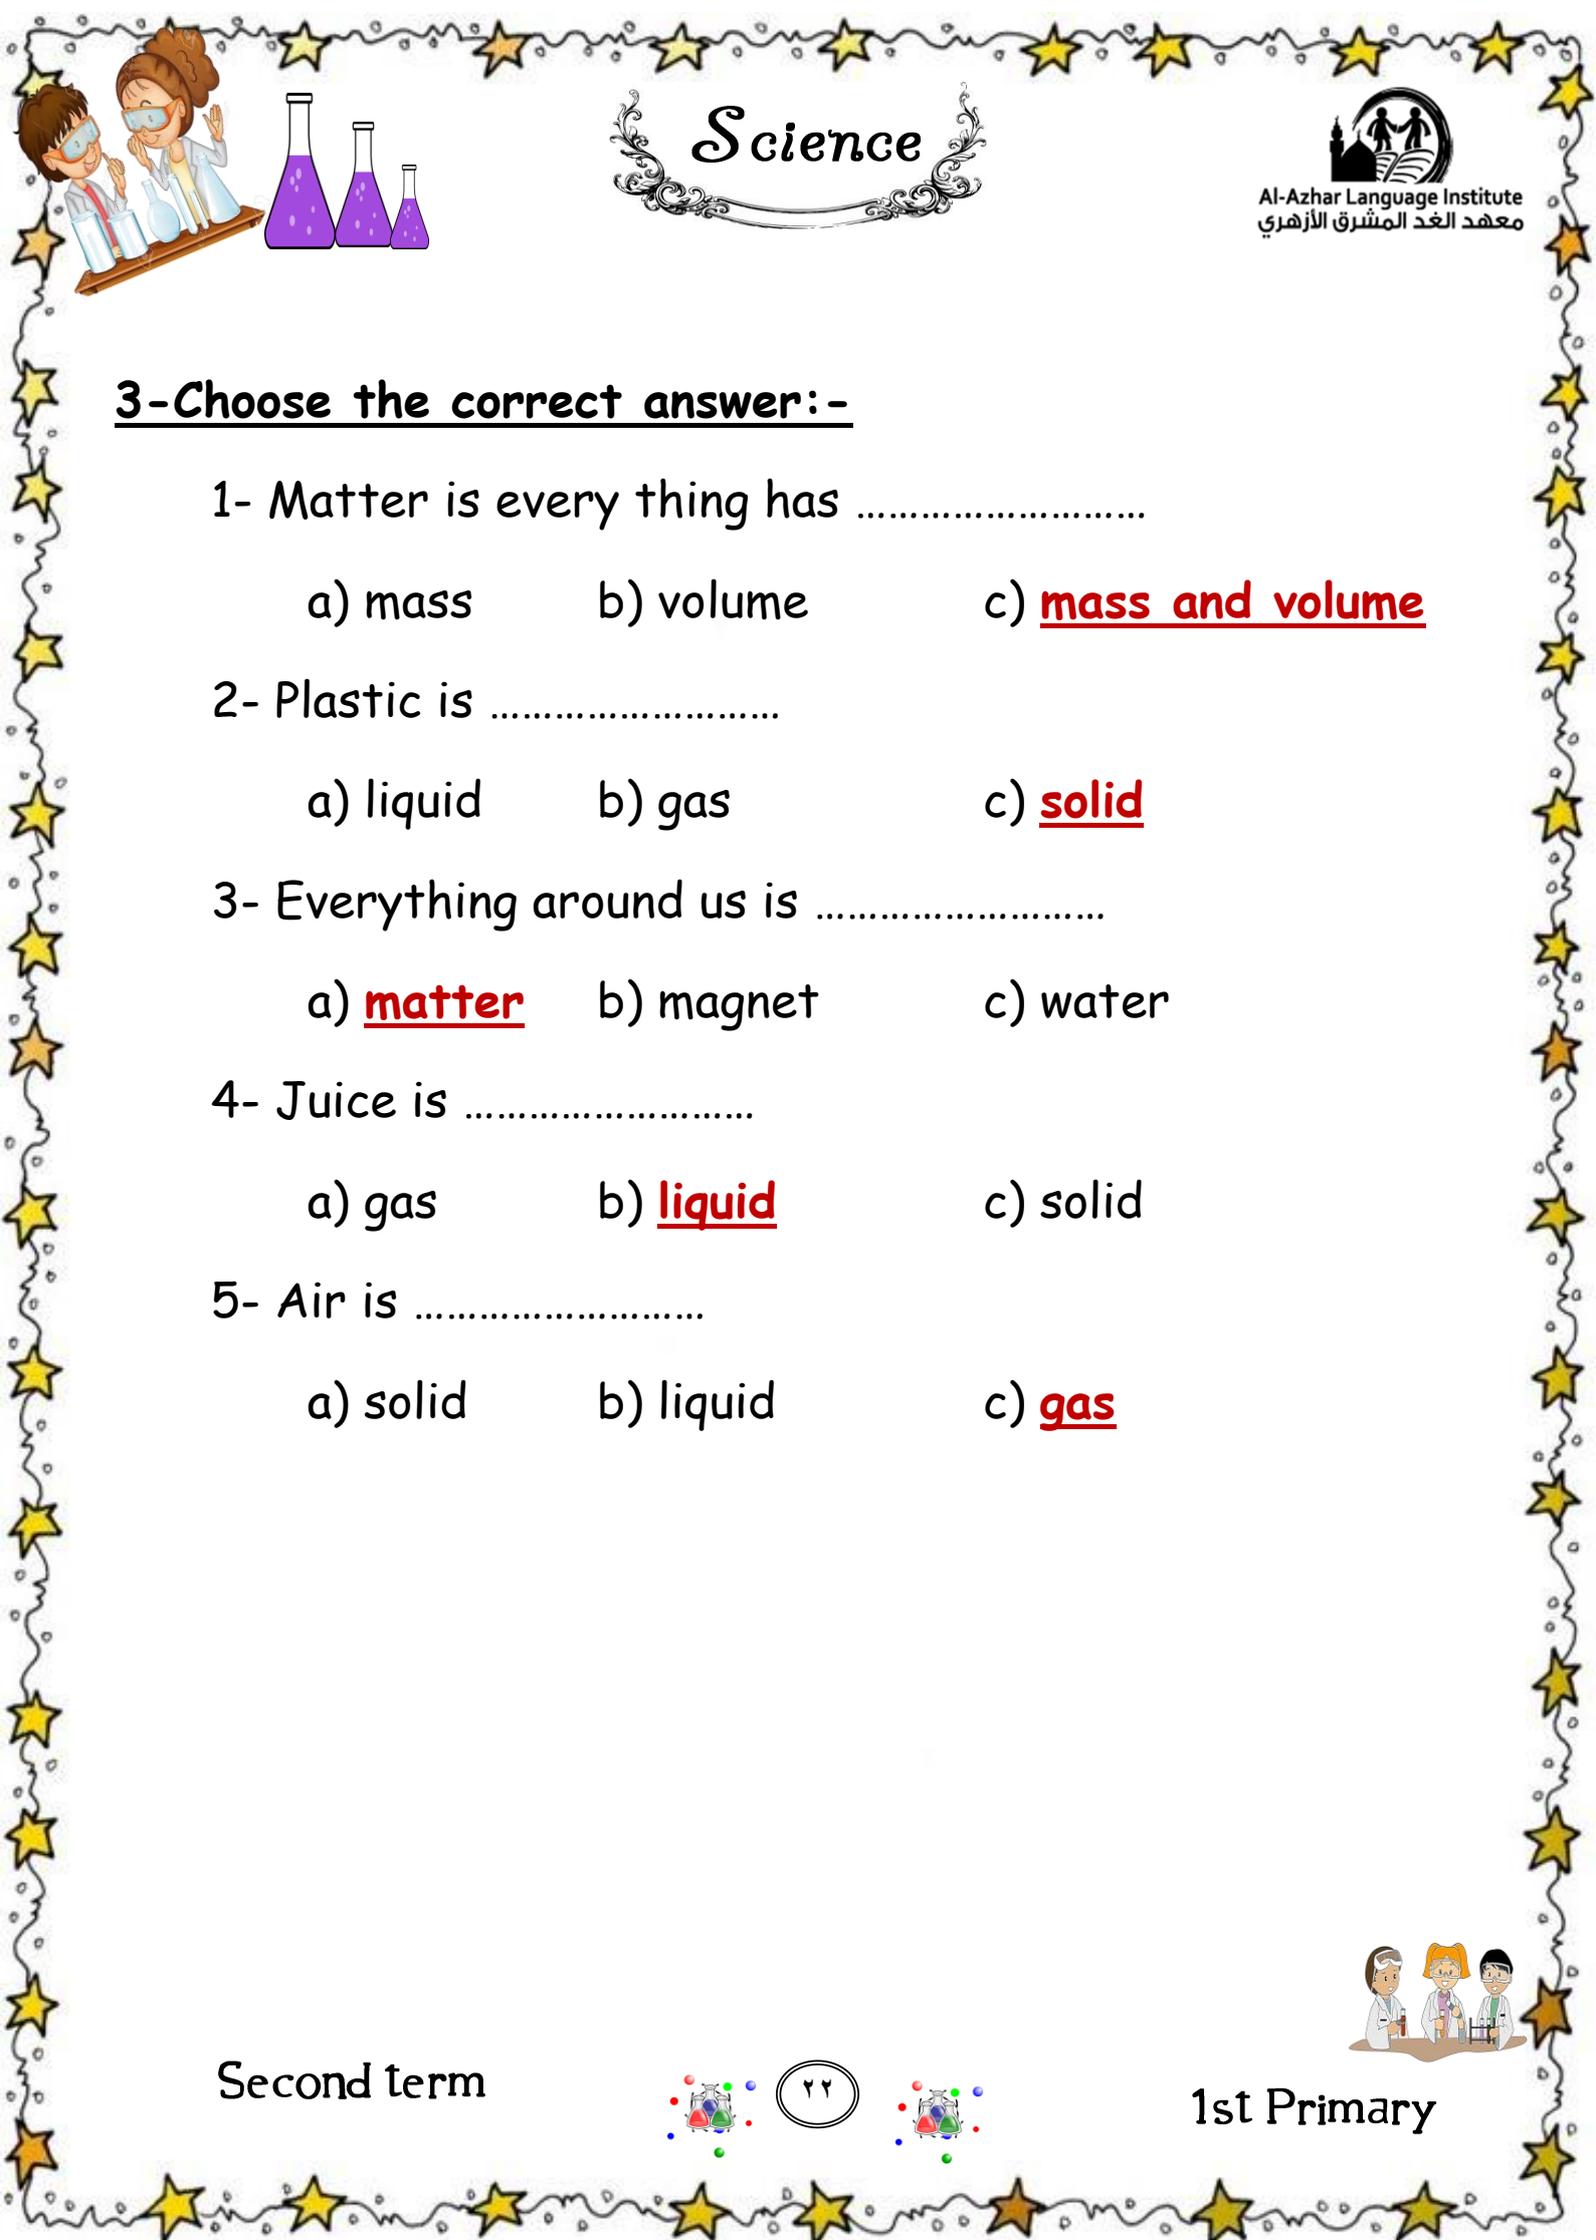

1- Circle the solid state:-

1-			
2-			
3-			

2-Mark (√) or (x):-

- 1- Wood is liquid. (x)
- 2- Water is gas. (x)
- 3- Matter has mass and volume. (√)
- 4- Juice is liquid. (√)
- 5- Air is gas. (√)

Science

3-Choose the correct answer:-

1- Matter is every thing has

- a) mass
- b) volume
- c) **mass and volume**

2- Plastic is

- a) liquid
- b) gas
- c) **solid**

3- Everything around us is

- a) **matter**
- b) magnet
- c) water

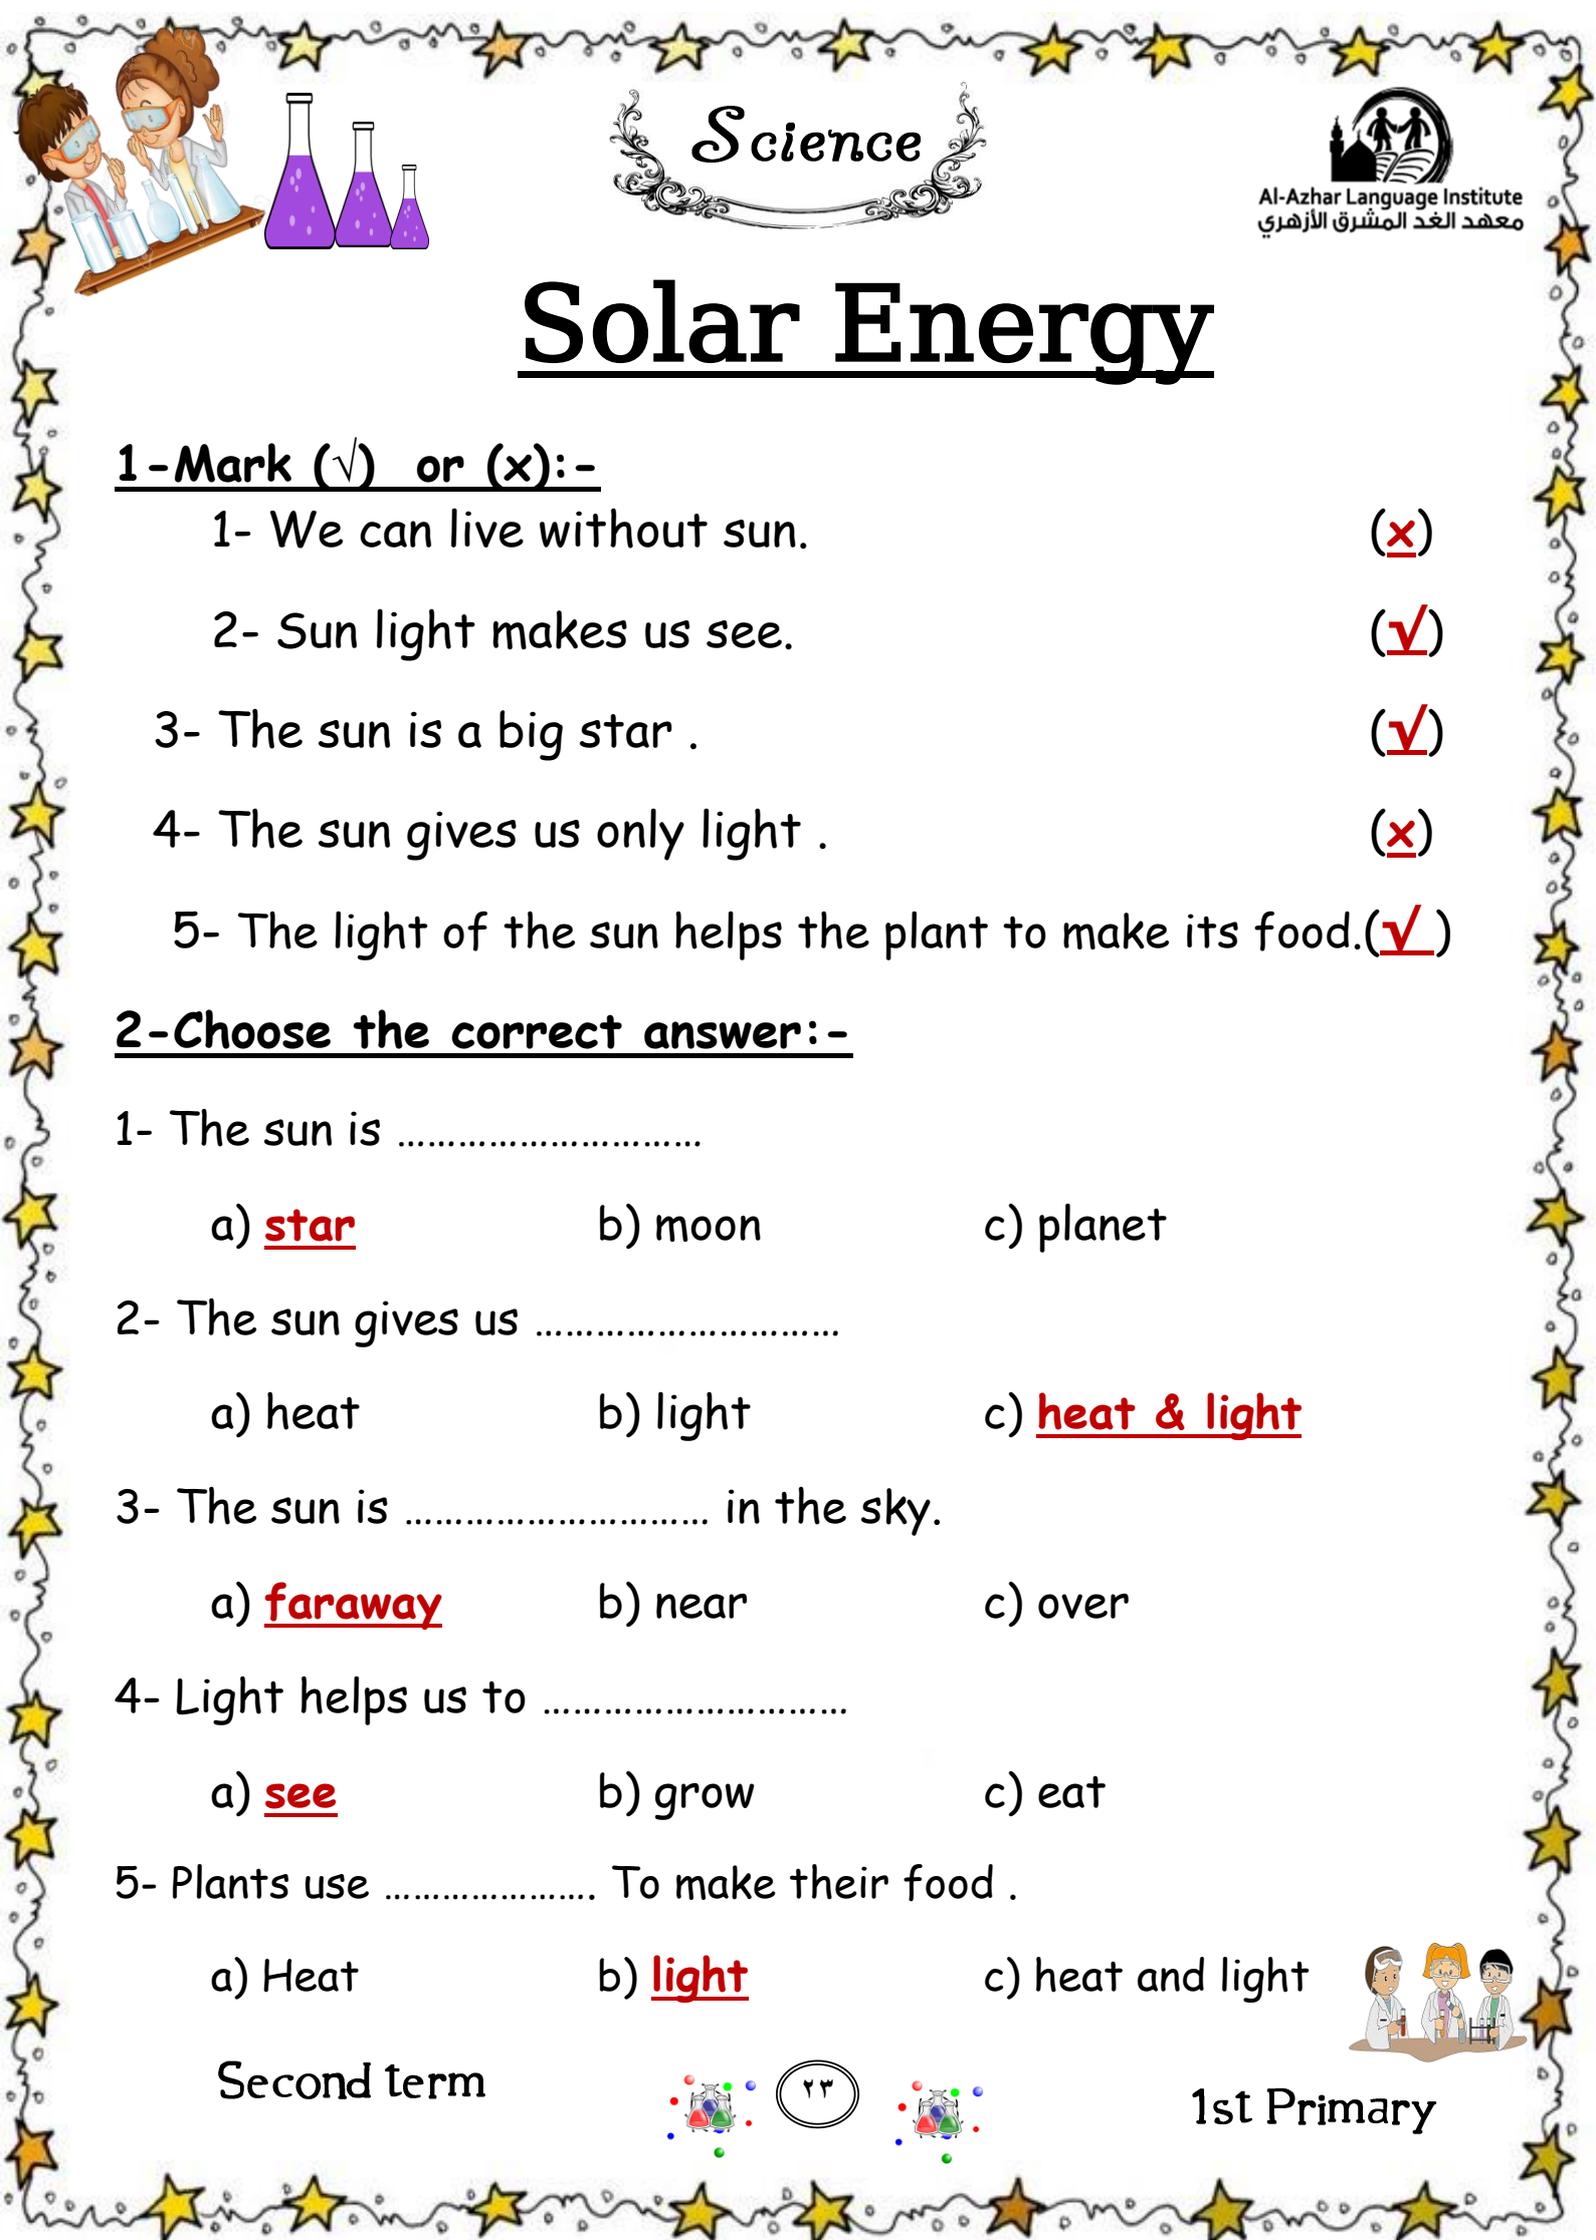

4- Juice is

- a) gas
- b) **liquid**
- c) solid

5- Air is

- a) solid
- b) liquid
- c) **gas**

Solar Energy

1-Mark (√) or (x):-

- 1- We can live without sun. (x)
- 2- Sun light makes us see. (√)
- 3- The sun is a big star . (√)
- 4- The sun gives us only light . (x)
- 5- The light of the sun helps the plant to make its food.(√)

2-Choose the correct answer:-

- 1- The sun is
 - a) star
 - b) moon
 - c) planet
- 2- The sun gives us
 - a) heat
 - b) light
 - c) heat & light
- 3- The sun is in the sky.
 - a) faraway
 - b) near
 - c) over
- 4- Light helps us to
 - a) see
 - b) grow
 - c) eat
- 5- Plants use To make their food .
 - a) Heat
 - b) light
 - c) heat and light

Science

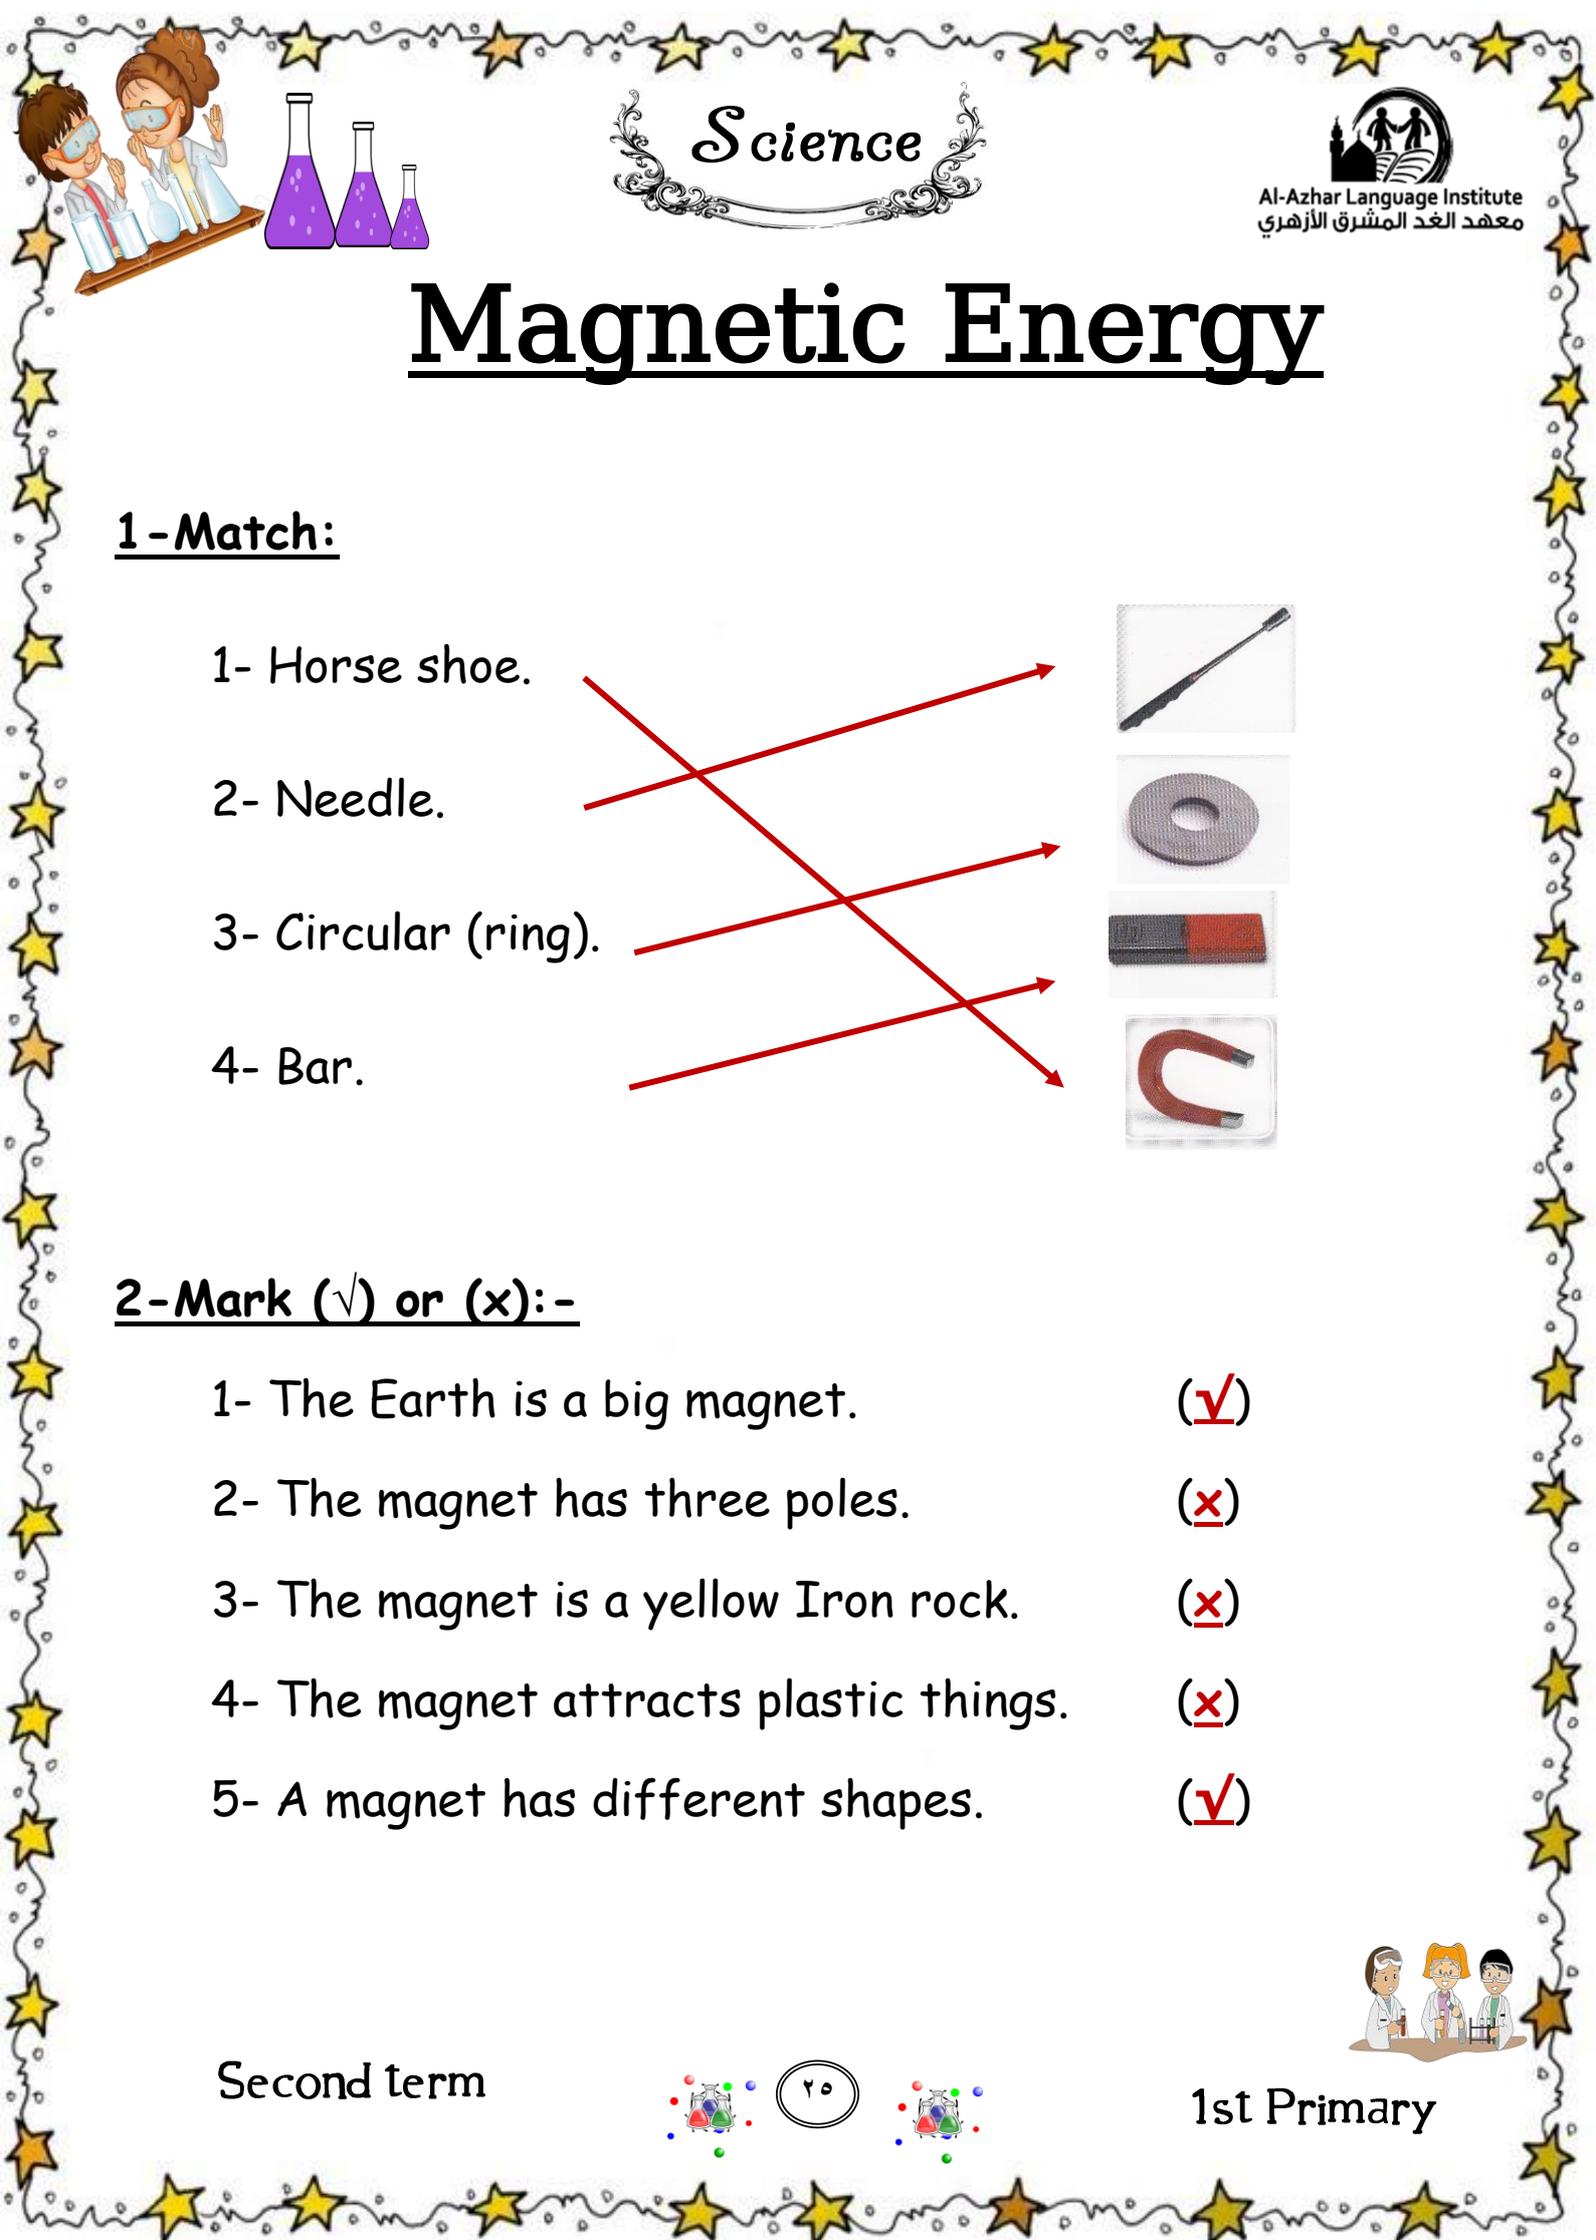

3-Complete the following :-

- 1- The sun is a star.
- 2- The sun gives us heat and light.
- 3- The sun light helps the plant to make its food.
- 4- The sun makes day and night.
- 5- The sun is far away in the sky.

4- Match:-

- 1- Light helps the plants to make its food.
- 2- The sun light makes us see
- 3- The sun makes day and night.

Magnetic Energy

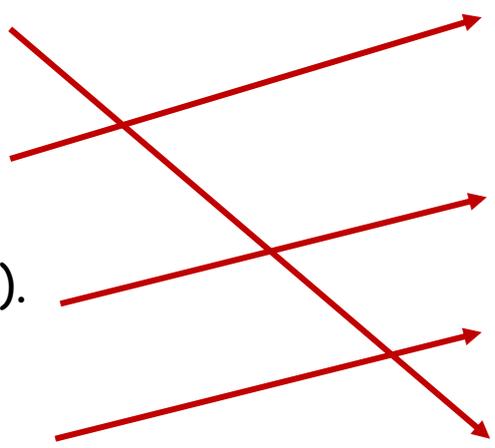

1 - Match:

1- Horse shoe.

2- Needle.

3- Circular (ring).

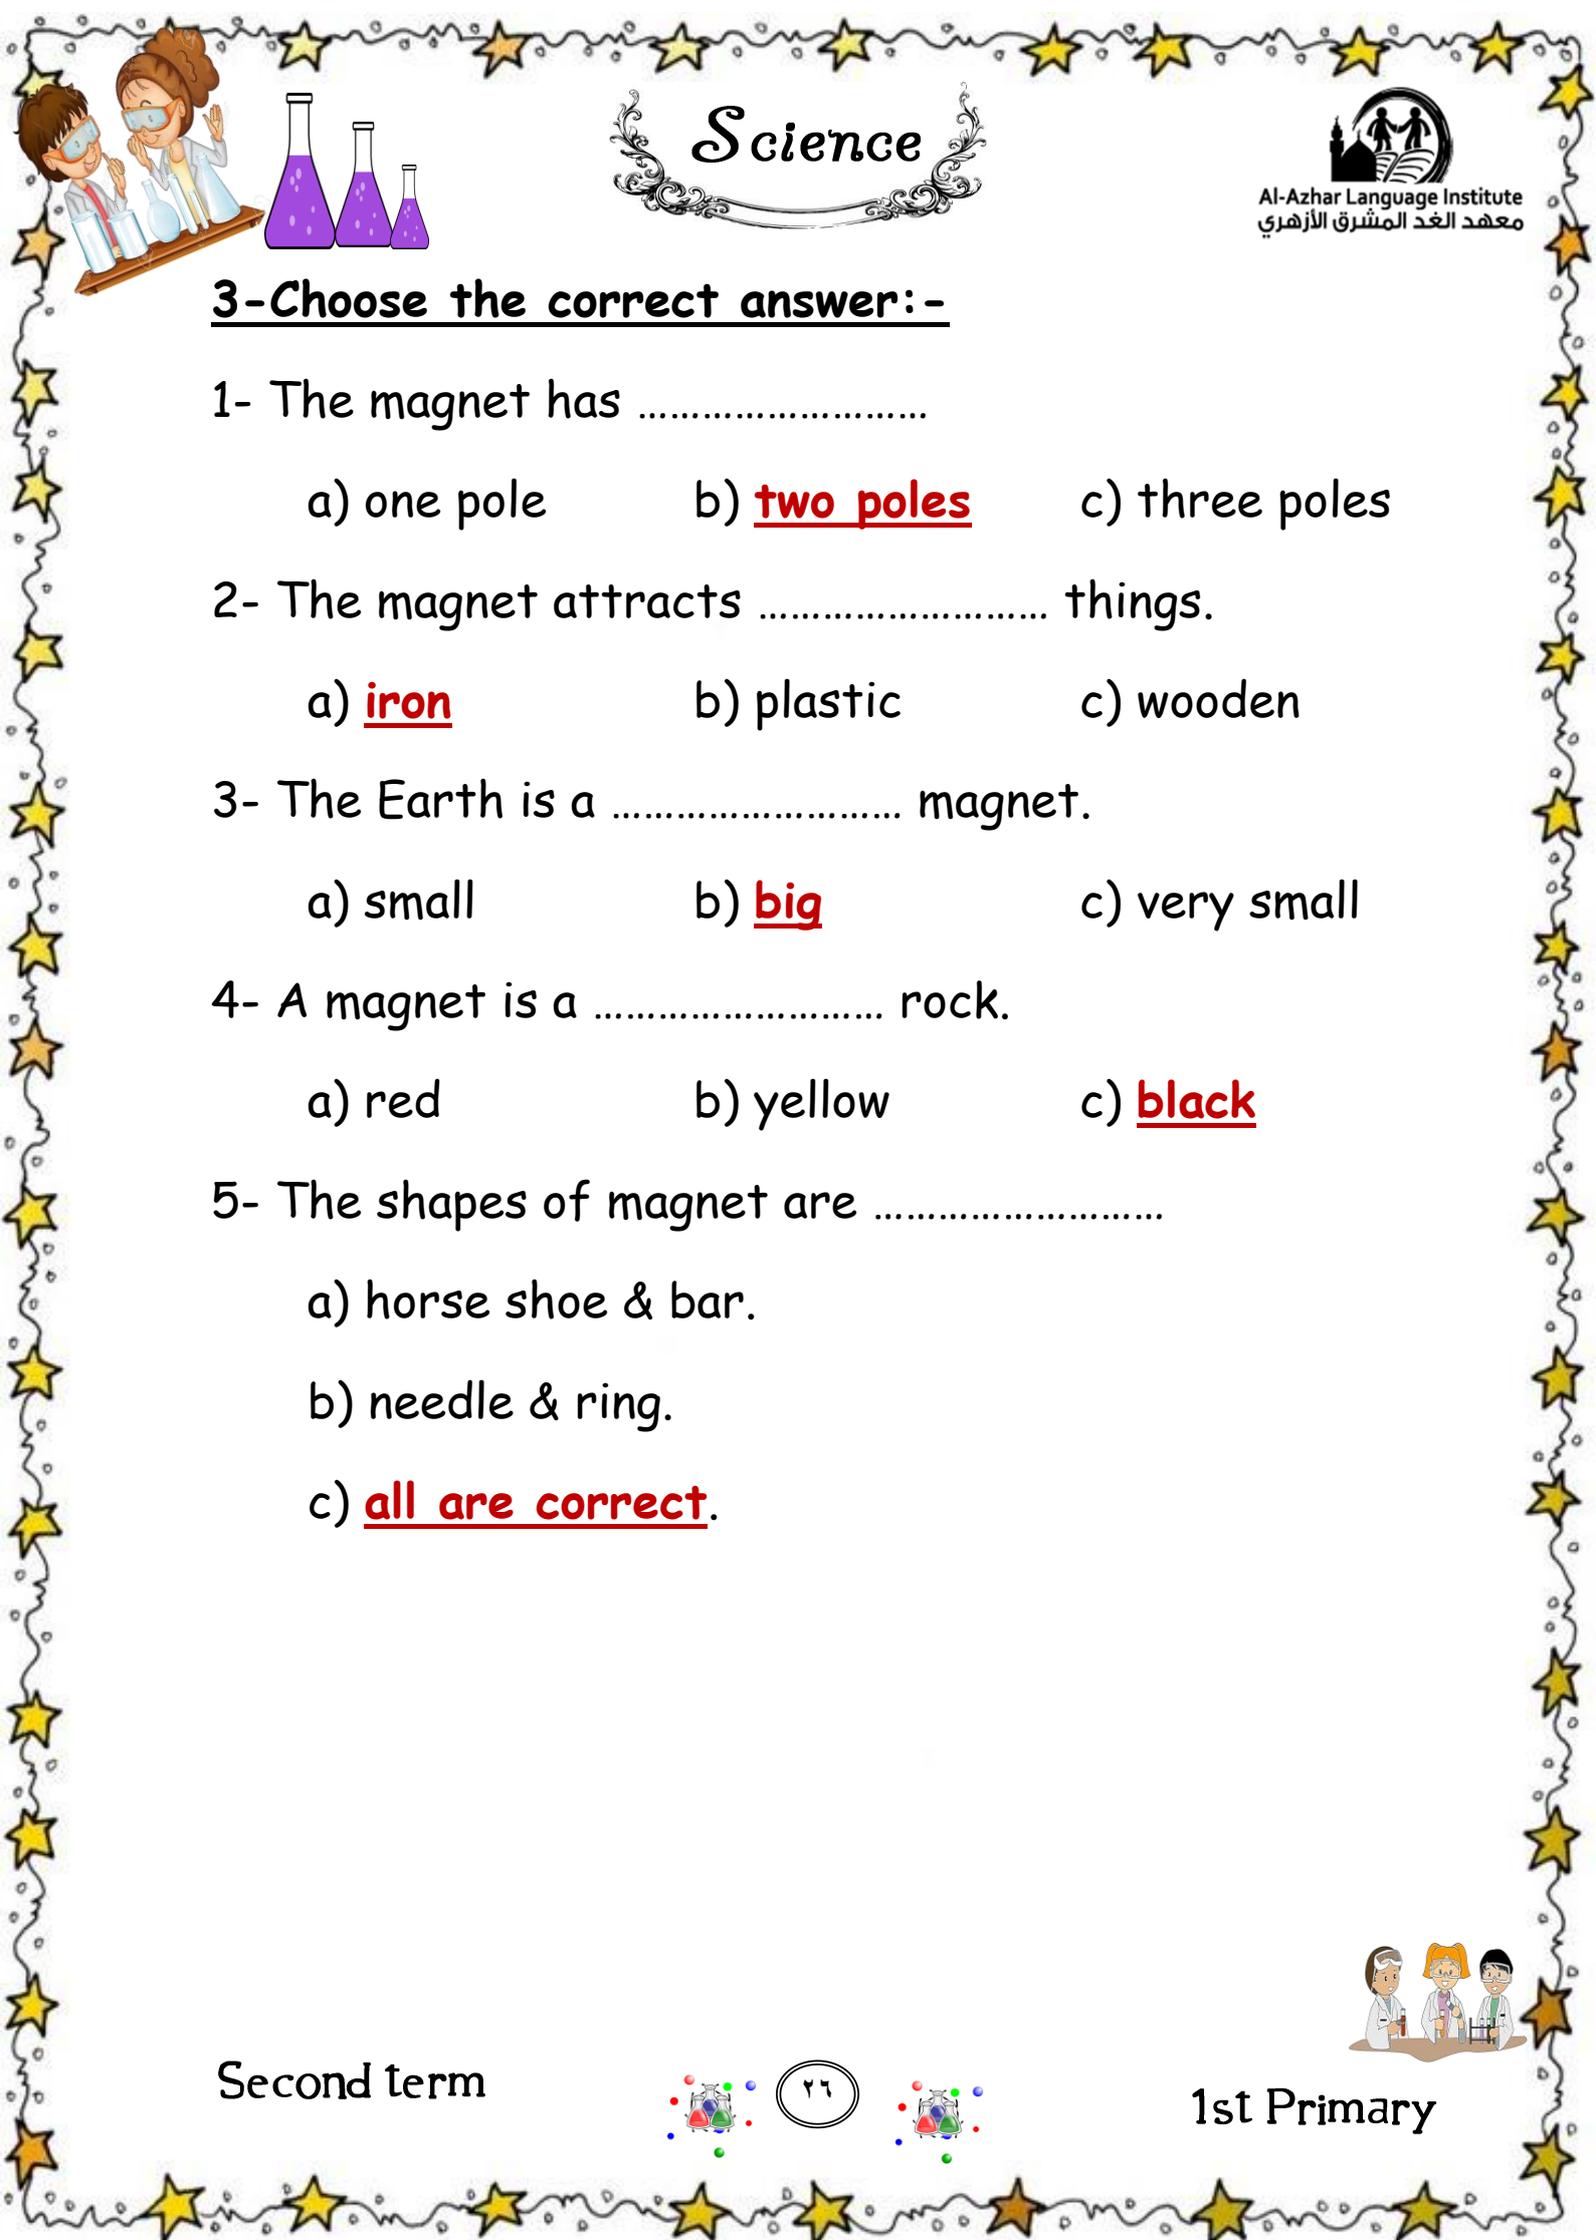

4- Bar.

2-Mark (✓) or (x):-

- 1- The Earth is a big magnet. (✓)
- 2- The magnet has three poles. (x)
- 3- The magnet is a yellow Iron rock. (x)
- 4- The magnet attracts plastic things. (x)
- 5- A magnet has different shapes. (✓)

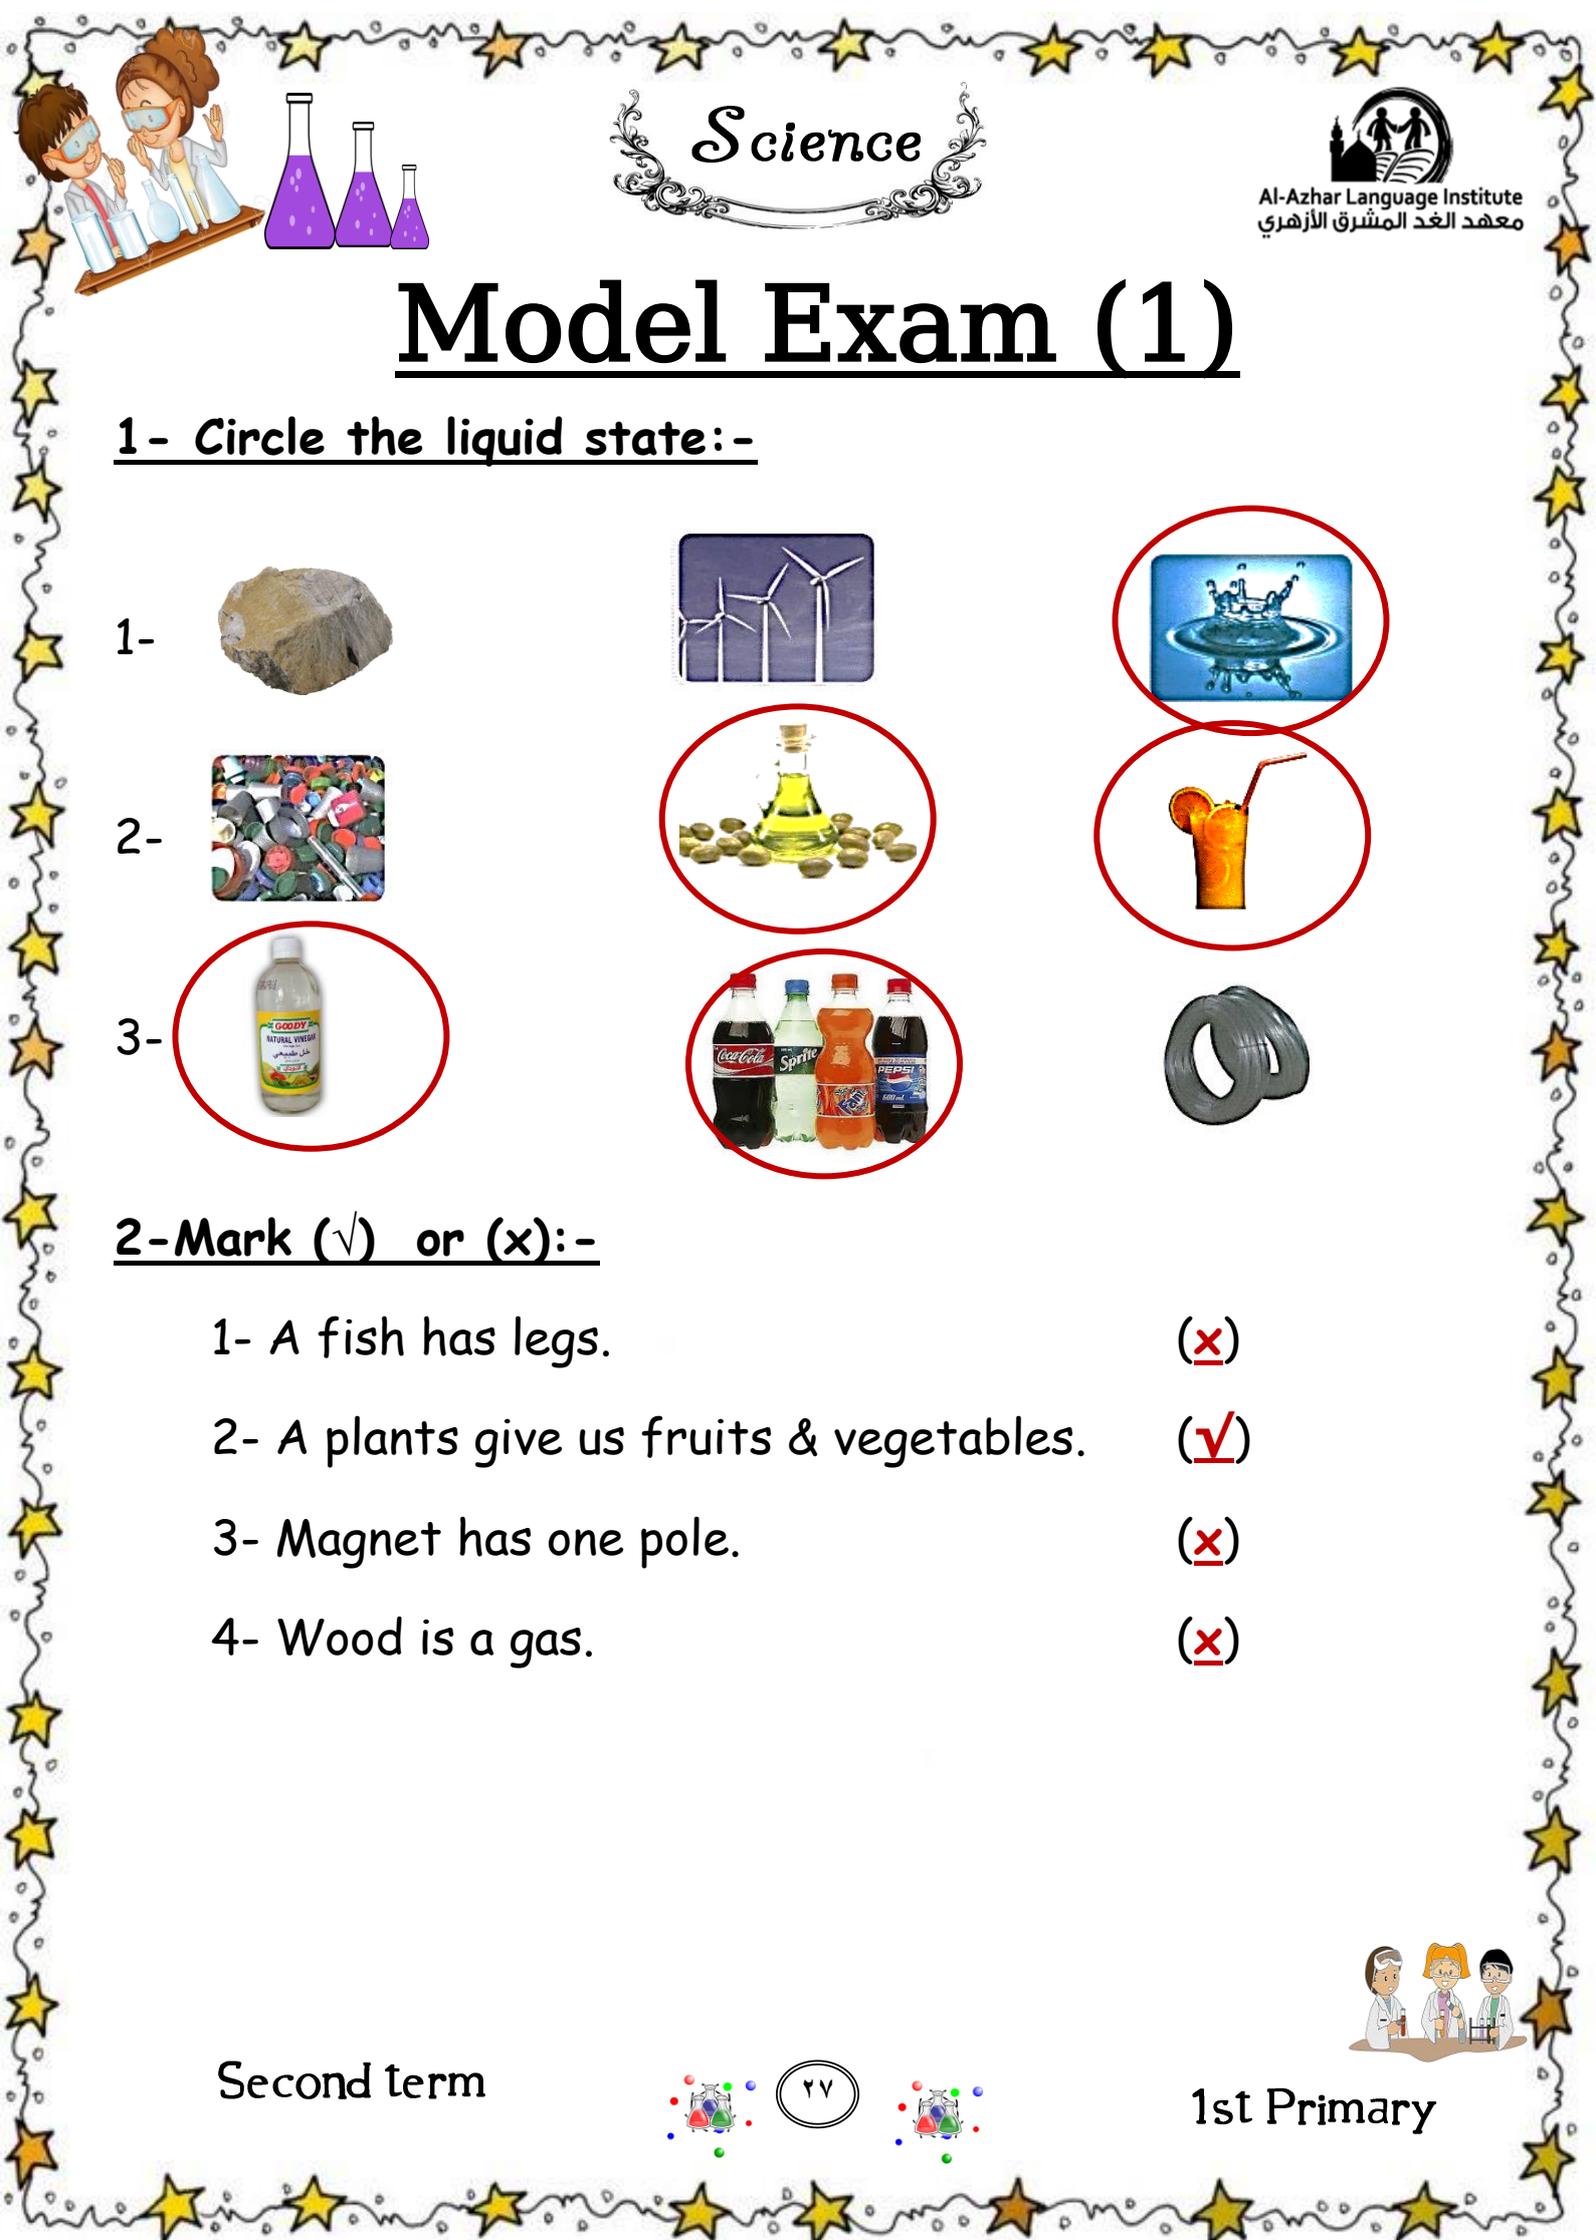

Science

3-Choose the correct answer:-

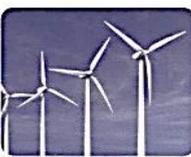

- 1- The magnet has
a) one pole b) two poles c) three poles
- 2- The magnet attracts things.
a) iron b) plastic c) wooden
- 3- The Earth is a magnet.
a) small b) big c) very small
- 4- A magnet is a rock.
a) red b) yellow c) black
- 5- The shapes of magnet are
a) horse shoe & bar.
b) needle & ring.
c) all are correct.

Model Exam (1)

1- Circle the liquid state:-

1-   

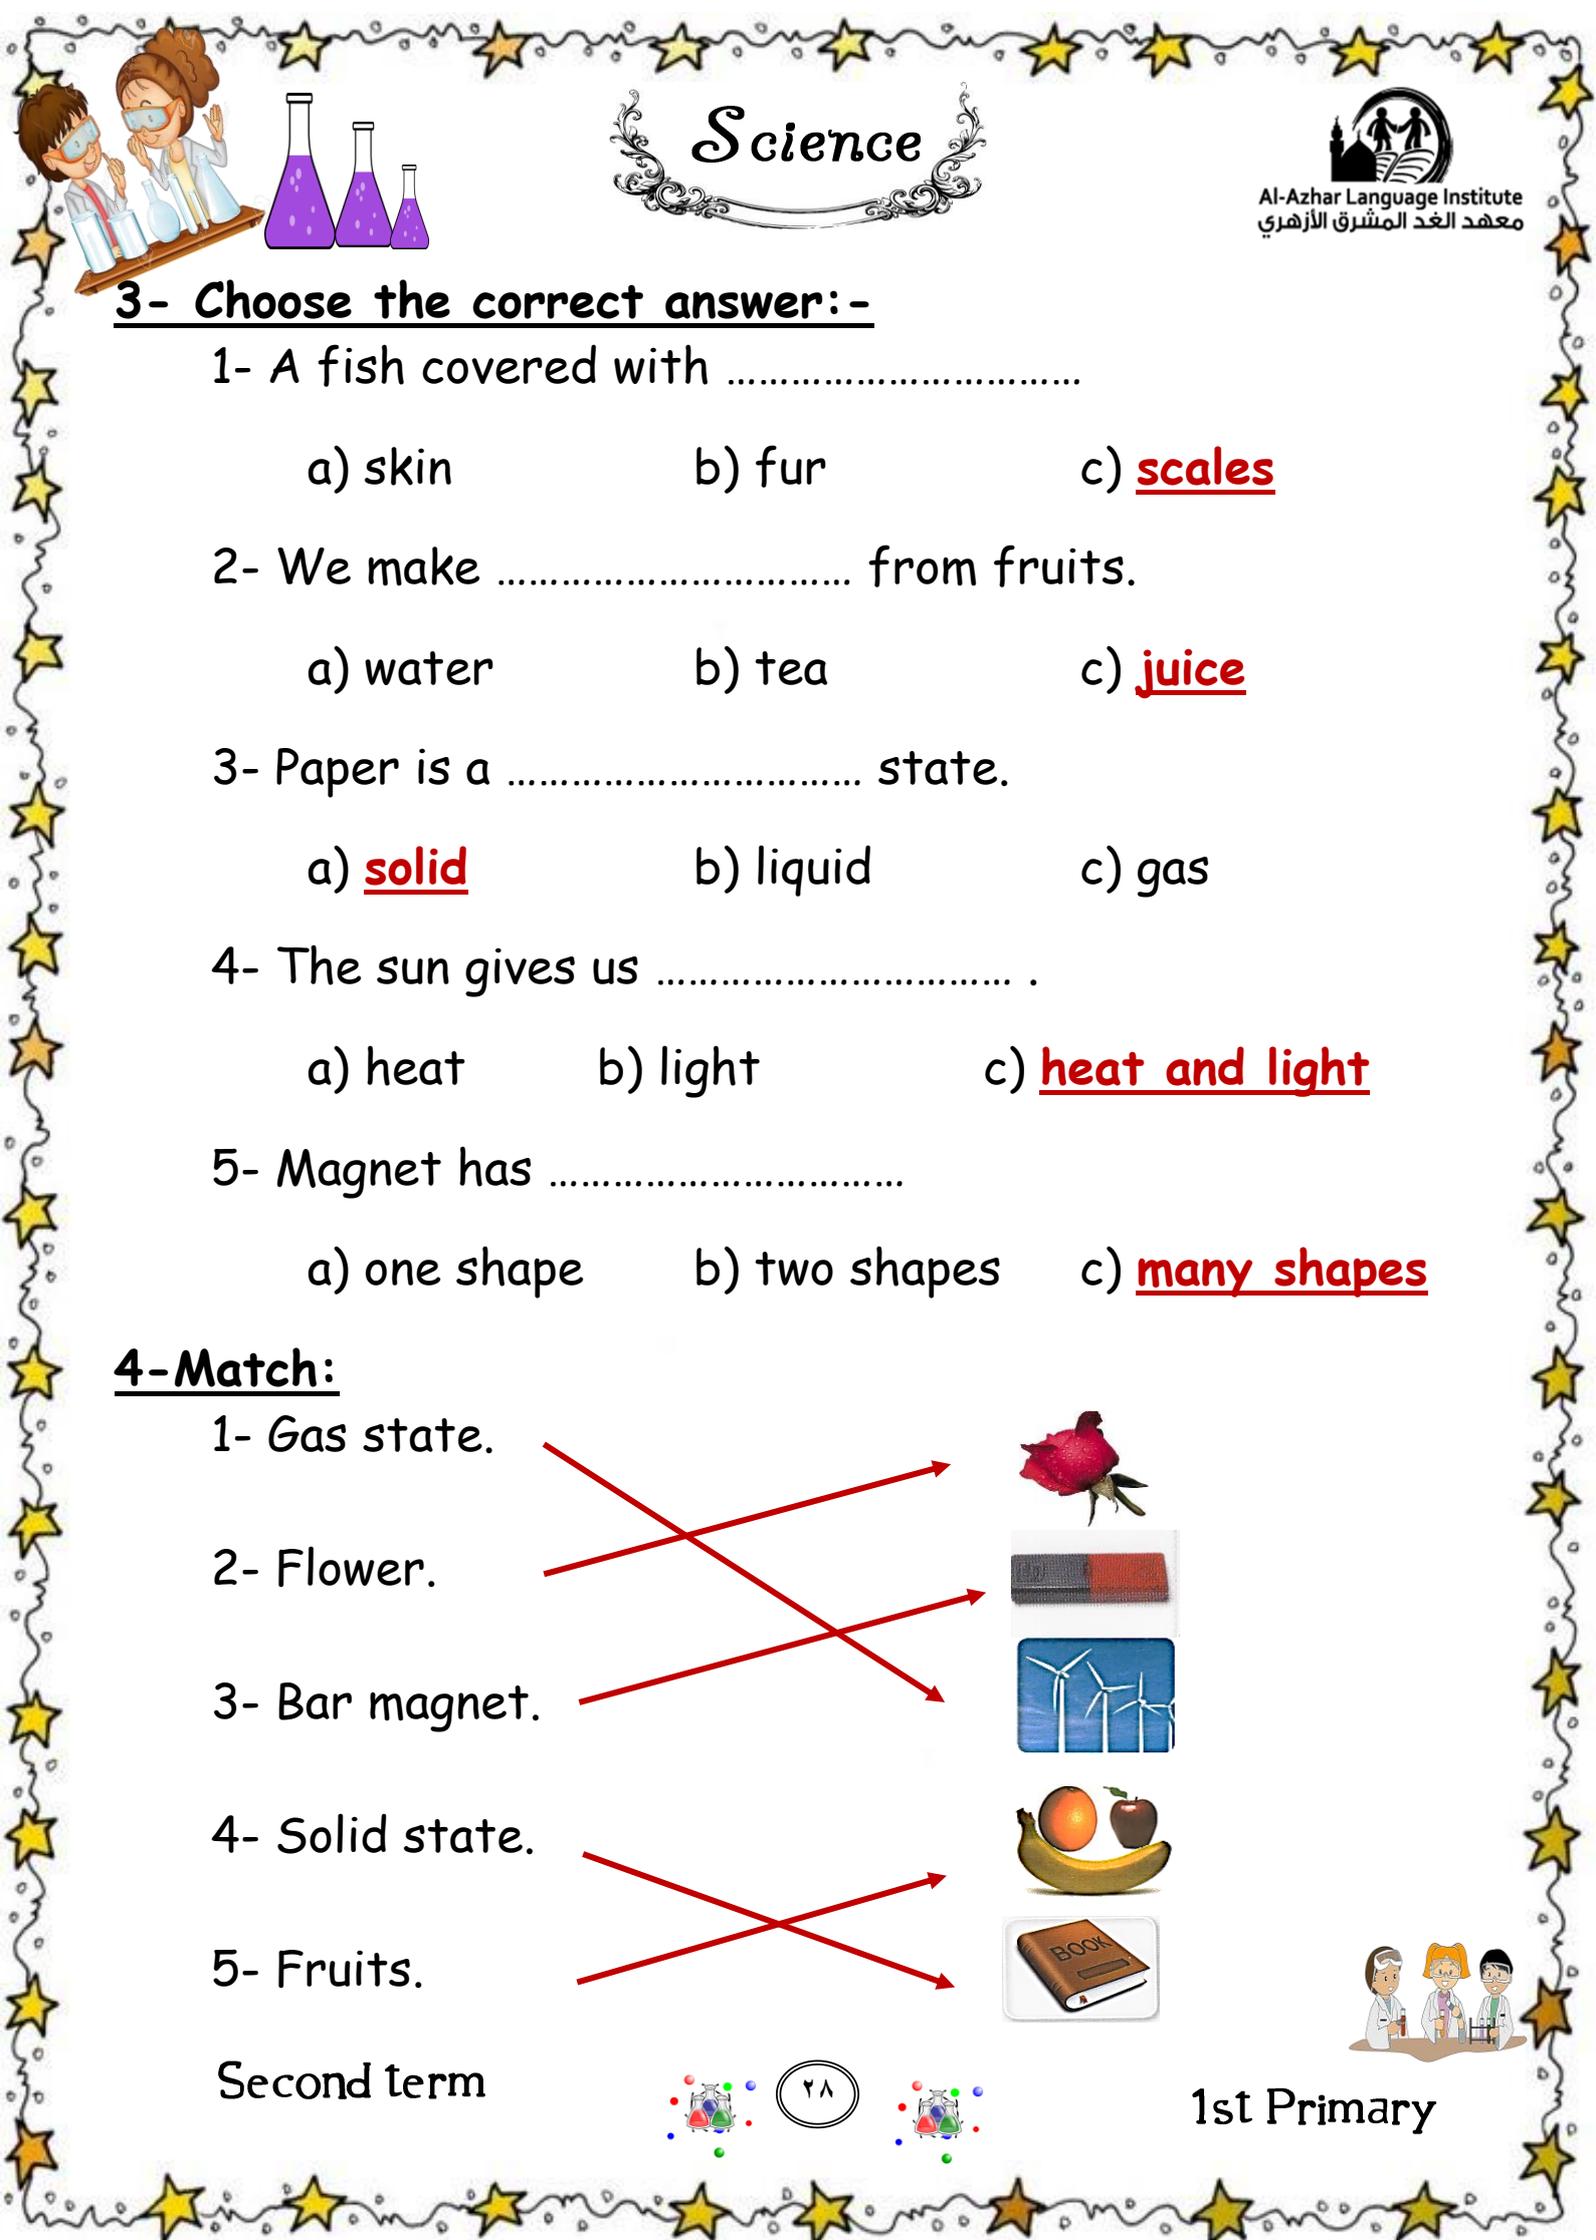

2-   

3-   

2-Mark (✓) or (x):-

- 1- A fish has legs. (x)
- 2- A plants give us fruits & vegetables. (✓)
- 3- Magnet has one pole. (x)
- 4- Wood is a gas. (x)

Science

3- Choose the correct answer:-

1- A fish covered with

- a) skin
- b) fur
- c) scales

2- We make from fruits.

- a) water
- b) tea
- c) juice

3- Paper is a state.

- a) solid
- b) liquid
- c) gas

4- The sun gives us

- a) heat
- b) light
- c) heat and light

5- Magnet has

- a) one shape
- b) two shapes
- c) many shapes

4-Match:

1- Gas state.

2- Flower.

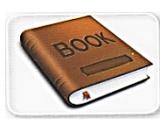

3- Bar magnet.

4- Solid state.

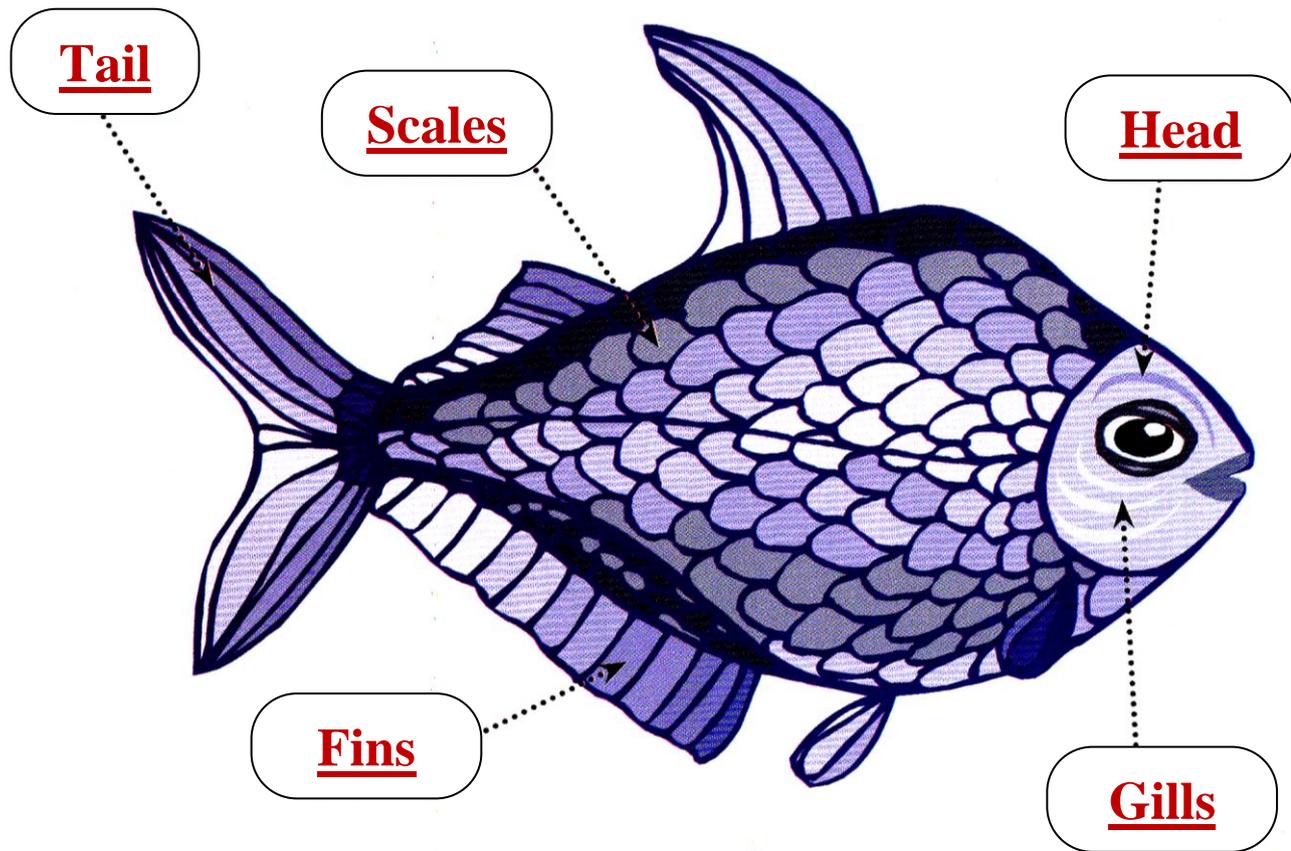

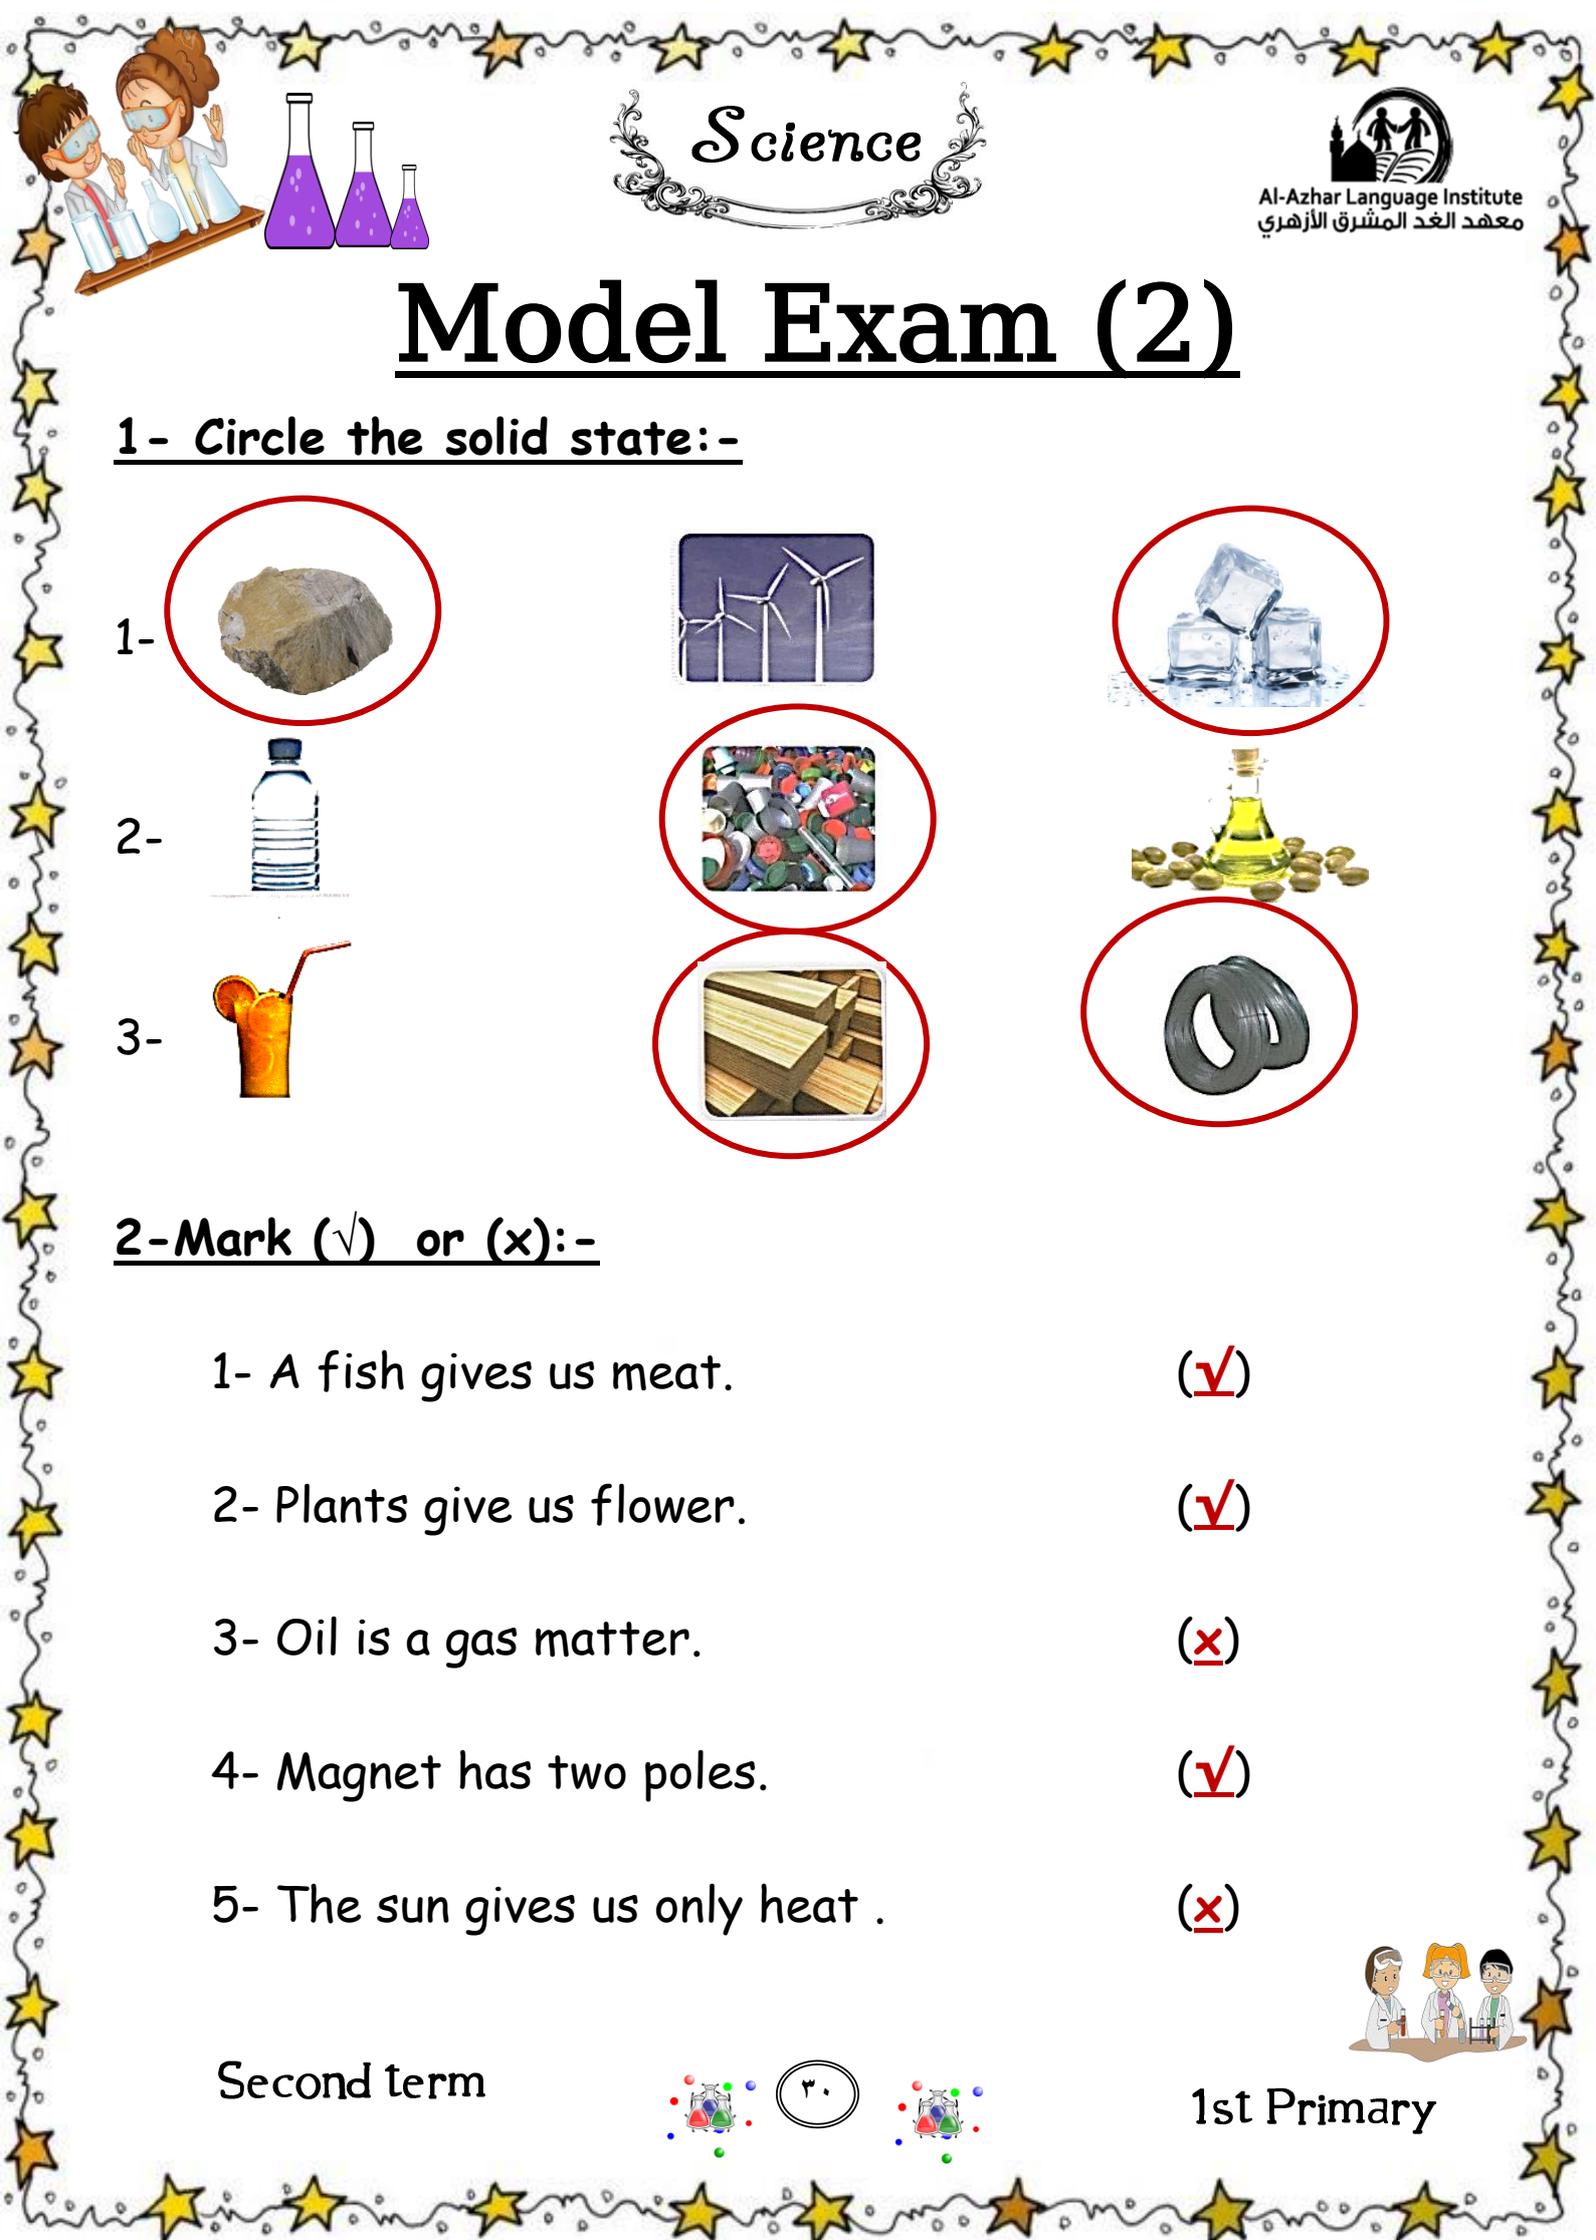

5- Fruits.

5-Label the picture use the words in the bar:-

(fins - gills - scales - head - tail)

Science

Model Exam (2)

1- Circle the solid state:-

2-Mark (✓) or (x):-

1- A fish gives us meat. (✓)

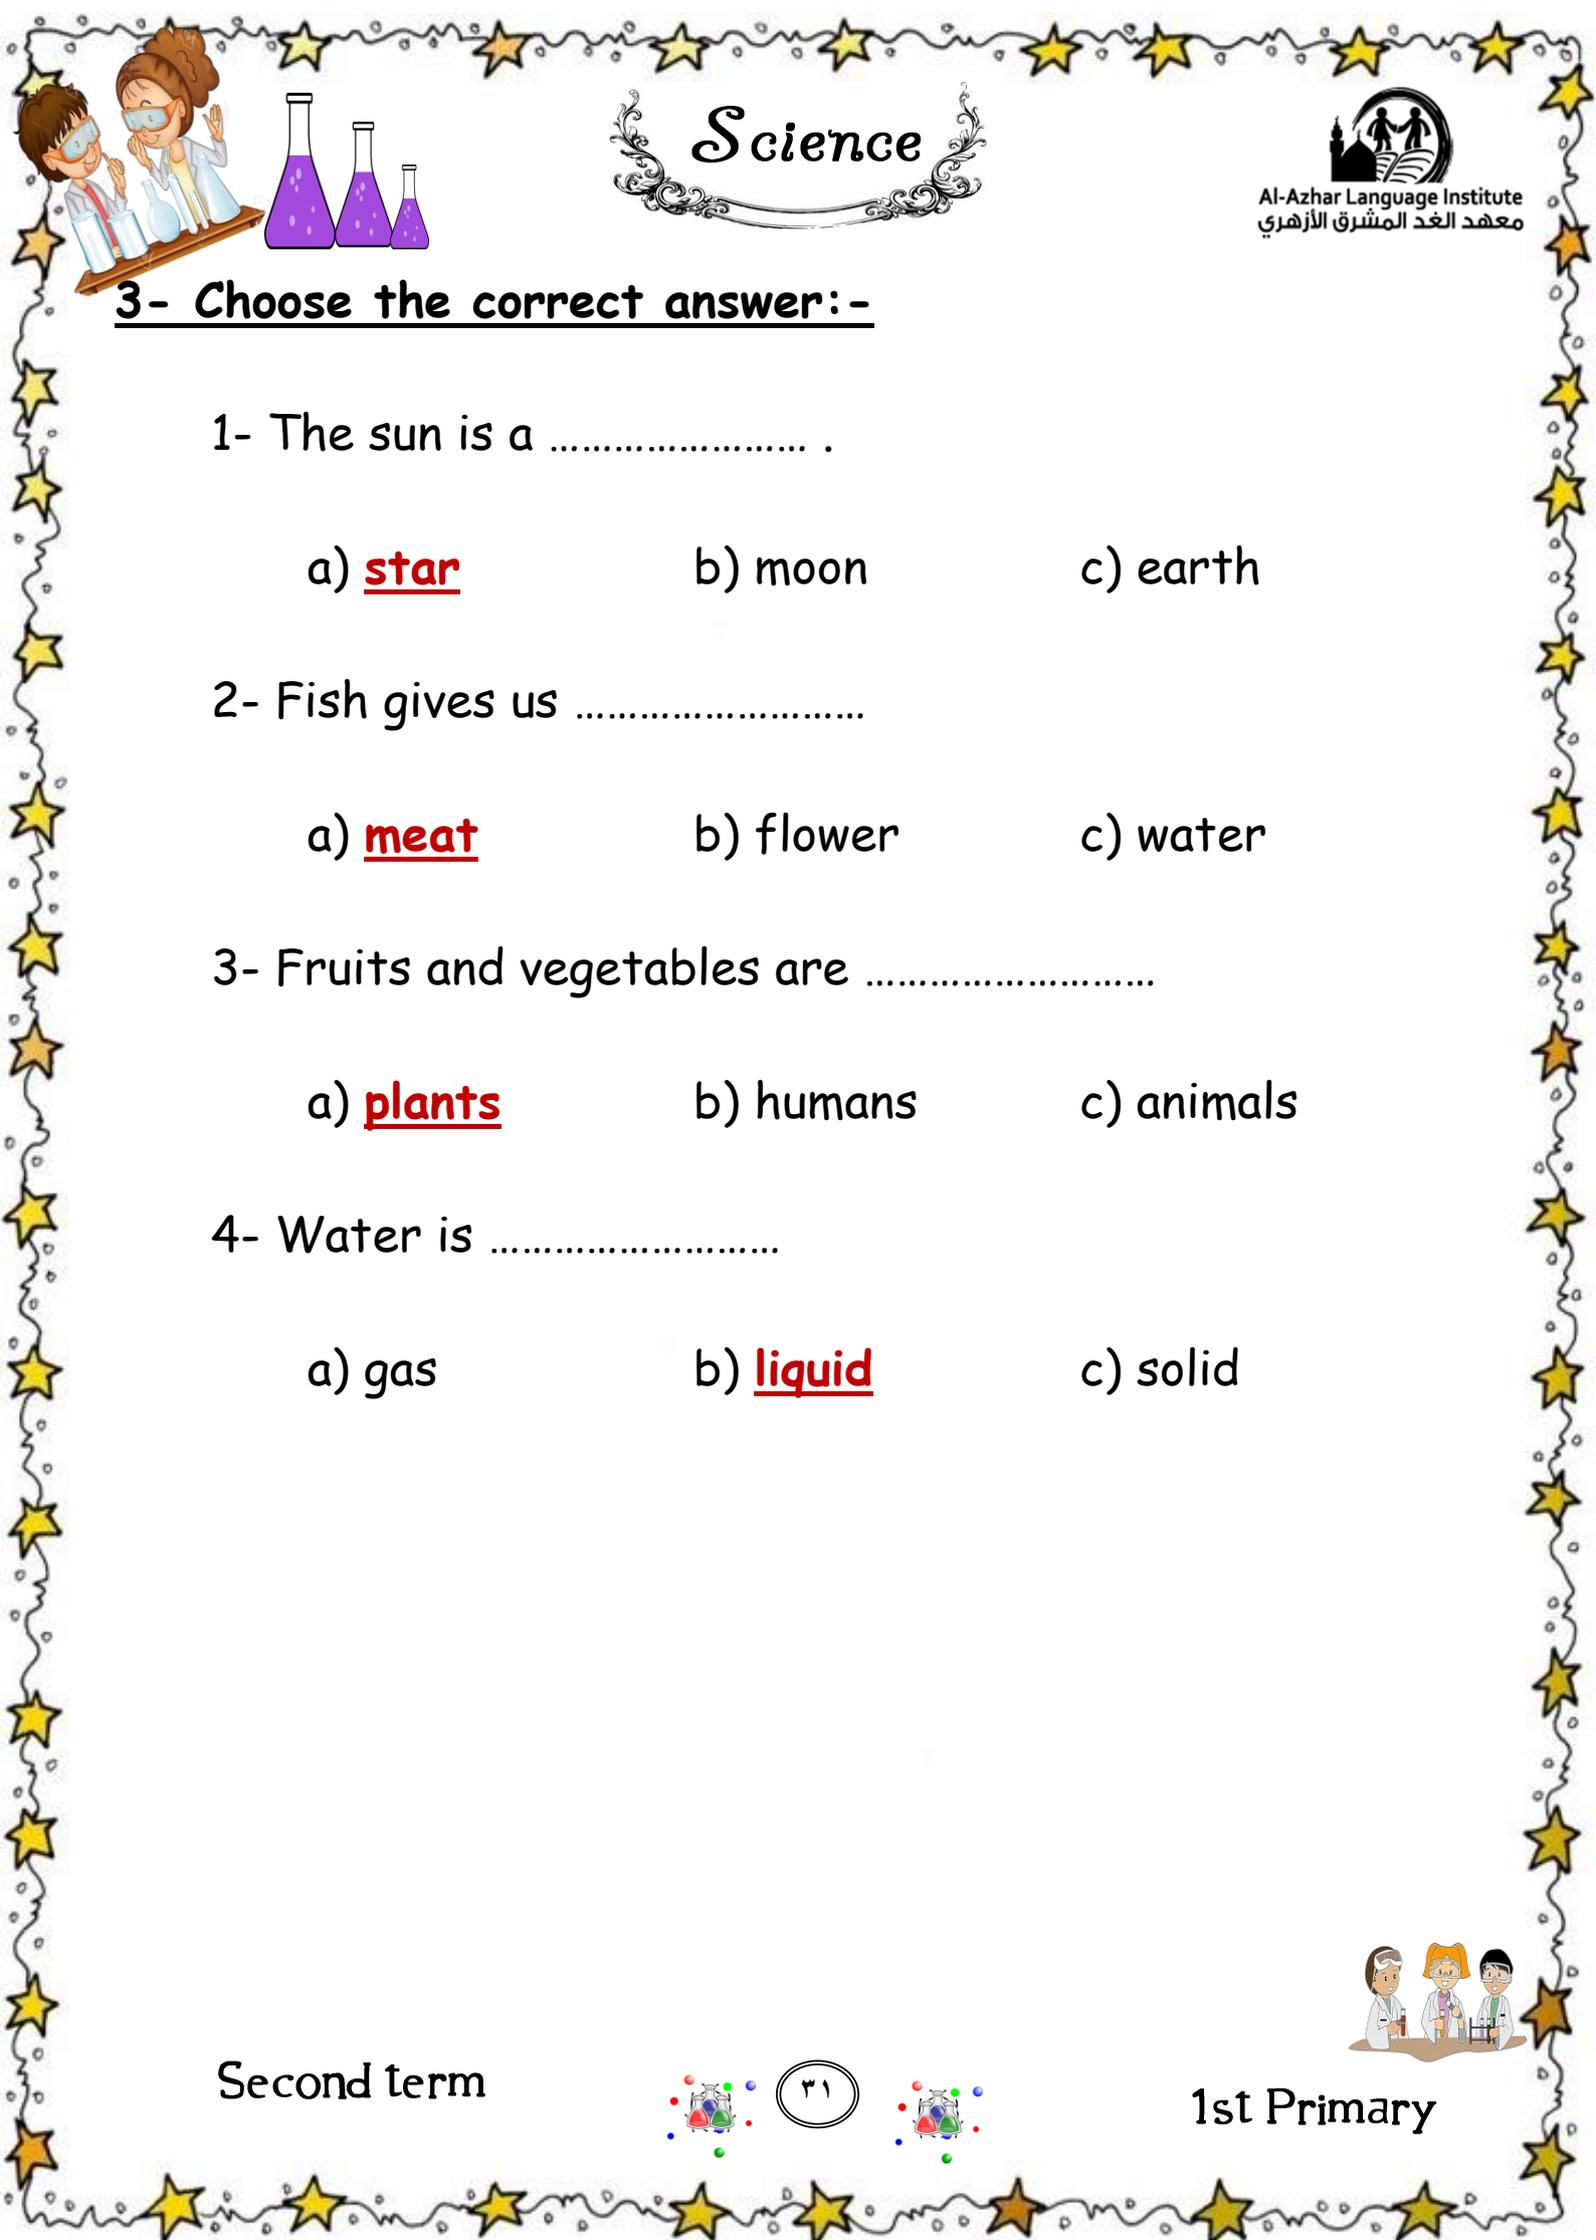

2- Plants give us flower. (✓)

3- Oil is a gas matter. (x)

4- Magnet has two poles. (✓)

5- The sun gives us only heat . (x)

Science

3- Choose the correct answer:-

1- The sun is a

- a) star
- b) moon
- c) earth

2- Fish gives us

- a) meat
- b) flower
- c) water

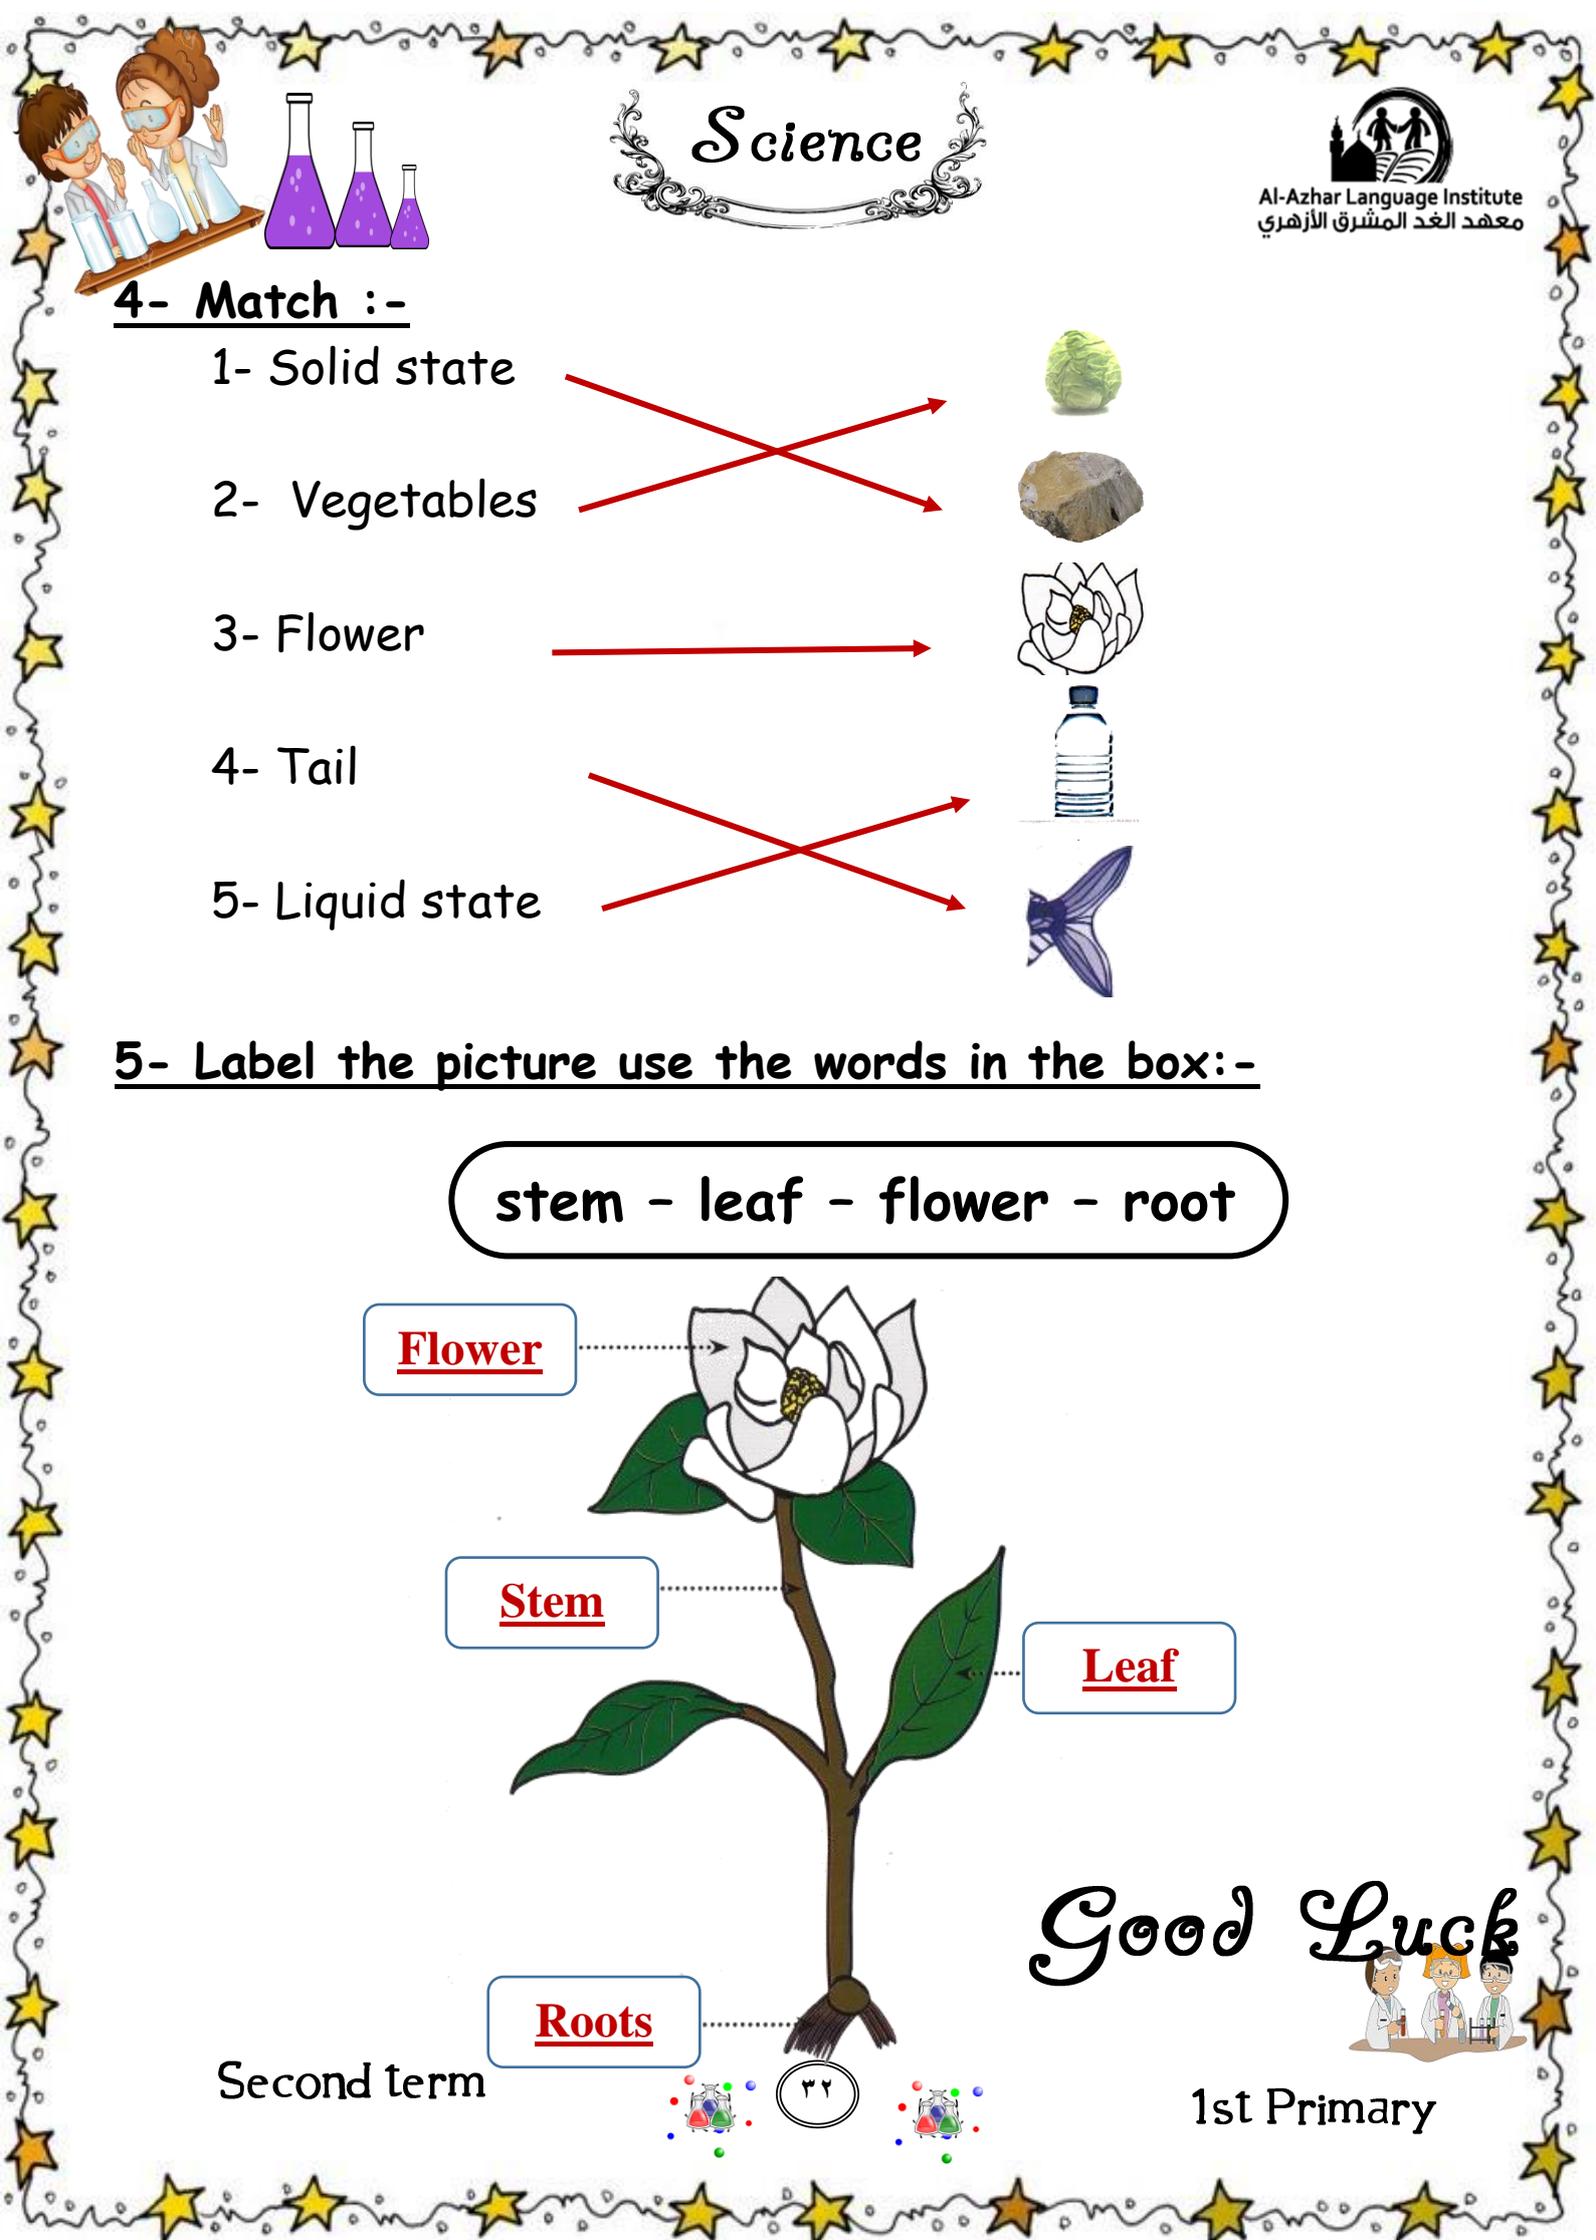

3- Fruits and vegetables are

- a) plants
- b) humans
- c) animals

4- Water is

- a) gas
- b) liquid
- c) solid

Science

4- Match :-

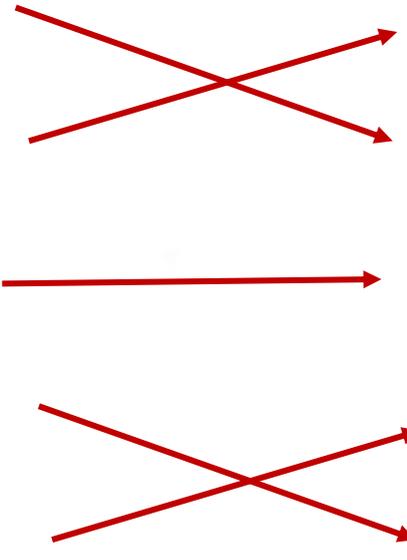

1- Solid state

2- Vegetables

3- Flower

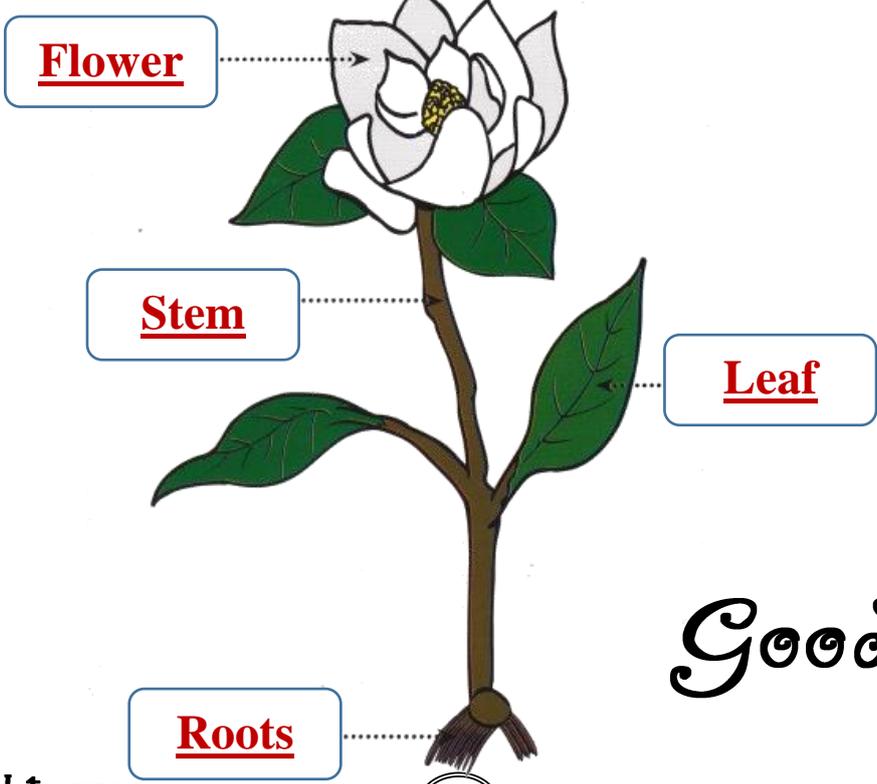

4- Tail

5- Liquid state

5- Label the picture use the words in the box:-

stem - leaf - flower - root

Good Luck
