Egypt is located in north east Africa. Its climate is hot and dry in Summer but it's warm and rainy in Winter. Egypt's main crops are cotton, rice and sugar cane. Cairo is its capital. About 70 million of people live there.

**"A visit to the High Dam"**

Last Friday, I went on a school trip to the High Dam. I went with my friends. We went by bus. We watched the High Dam there and took photos. We came back home at 8 o'clock in the evening.

**An interesting trip**

Last Friday, we had an interesting trip. We went to Minia park. We went in a school trip. We took food and drinks with us. We stayed there for 6 hours. We enjoyed playing different games in the games city funfair

**Your favourite sport**

My favourite sport is football. I usually play it in the club or at school. I play it with my friends. We win at football by scoring the most goals. Abu Trekaa is my favourite player. It is a very popular sport.

**My favourite teacher المعلم المفضل**

My favourite teacher is Mr Hany, my third grade English teacher. He is very kind and helpful. He treats his students in a friendly and fatherly way. He pays great attention to his lessons. He teaches us to be industrious and to depend on ourselves. He sets a good example for his students. Everyone likes and respects him.

**Good friends اصدقاء الخير**

Friendship is something very precious and rare. Friends may be good or bad. A good friend is even more helpful than a brother or sister. He stands beside his friend in sickness and in health, in times of joy and in times of sorrow. He gives him valuable advice when required. He sacrifices everything for him without expecting anything in return. He shares him his thoughts and knowledge. He tries to offer him real help in times of need. It is really great to have a good friend.

**Our school library**

I usually go to the library during the break. I go with my friends and classmates. I go there to read books and magazines. I prefer reading adventure stories and science books. The librarian helps me a lot there. I enjoy the reading completions there so much.

**My Classroom فصلى**

My classroom is a very large and airy room. The students sit in ten rows of long desks and comfortable chairs. On the front wall is a large whiteboard. A map, a timetable and five charts cover the other walls. The teachers are kind and helpful. We are taught to keep our classroom clean. I hope all students will feel comfortable in this learning environment so that they will be successful members of society.

**My school library مكتبة المدرسة**

There is a large library in my school. It is found on the third floor, away from the classrooms so that pupils may read quietly. It has many cupboards with glass doors through which we can see the books on the shelves. Each book has a number to guide the librarian in his work. There is an up-to-date variety of books on many subjects. Our librarian and his two assistants are very helpful. I always go to the library on Thursday to borrow a good book to read on Friday.

**My favourite subject المادة الدراسية المفضلة**

My favourite subject is English. Learning English is important because it is an international language. A person who knows English well can communicate with foreigners easily and learn about their countries, too. Most books on different subjects are written in English. If one is asked to go to an English-speaking country, one should be able to speak English to make friends with people and get their help. Thanks to the increase in global trade, more companies and large businesses will need to employ people who are fluent in English.

**"Reading"**

I like reading . It's an useful hobby . I like borrowing books . It's for getting information . I read all kinds of books .
