Paragraphs

My daily routine

My name's I'm thirteen years old. My daily routine is the same every day. I always get up at 6 in the morning. My mum always makes my breakfast. I always have a shower. Then I put on my school uniform. I always go to school by bus with my friends Ali and Ahmed. Sometimes we listen to music. My parents work at a hospital. They get home late, so I often help to make dinner. In the evening, I do my homework, read on the sofa, watch TV and text my friends. I always go to bed at 9.

My bedroom

I live in a flat with my family. It has got two bedrooms, a dining room, a kitchen and a living room and a bathroom. It's in a big

city. Our flat is very comfortable. My bedroom has a big window with curtains. When I open the curtains, the room is very bright with sunlight. My bed is under the window. I have a wardrobe in front of the bed. I put my clothes there. There is a mirror next to the wardrobe. There's also a lamp next to the bed. The bathroom is next to my bedroom. It's big. It has a nice basin there. In the evenings, I like to read in bed or watch TV. Sometimes I sleep with the curtains open.

My pen friend

Today, I'm going to talk about my pen friend. I have a pen friend from England. His name is John. He is thirteen years old. He is very nice and friendly. He tells me about his daily routine. His daily routine is the same as mine. He gets up at 6:30 every morning. His school starts very early so he goes to school without having breakfast with his family. He has his breakfast at school in "breakfast break". His favourite subjects are maths and science.

John will visit Egypt for the first time on the next summer holiday. I hope to see him soon.

A job you like

There are many interesting jobs. I think the doctor's job is the most important one. He or she helps the sick get better. I look forward to becoming a doctor one day to look after the sick and to try to find out the reason for that. He always looks after ill people and tries to find out why they are ill or what hurts them. The doctor examines patients and gives them the right medicines to feel better. A good doctor usually makes sure that all people feel healthy. The nurse's job is as important as she helps doctors and patients. They are truly angels. We have to work hard to have the jobs of our dreams.

What makes a hero

A hero is someone who can show courage when they face a problem. A hero is a person who is able to help the others in many ways. A person can become a hero by saving someone who is in danger. Another example of a hero is someone who is there to help others to go on through difficulties of life. A hero can be someone who gives up their life so that others could live. A hero does not always have to show courage, he can be afraid, but still be a hero through his other actions. A hero can be a teacher. He can teach you to read or write and that will make a big difference in your life. That is a hero to me, someone who makes a difference in a person's life.

Someone I'm proud of

Of all the members in my family, my mother is the person I am proud of. She is 40 years. She looks much younger than her age with short hair and a beautiful face. She works hard. At work, she is respected by all of her friends. She is a useful person in society. My mother always does the housework well. She is a very good cook. I really admire her for her wonderful dishes. She often spends her free time cooking delicious dishes for us, which makes everyone in my family happy. What's more, my mother is an excellent adviser. I always love her and I will always be proud of her.

How life used to be different in ancient

Ancient Egypt was different to today. Poor children didn't use to go to school. Children from rich families used to start school when they were about seven. Children used to enjoy playing

games. When older parents died, they used to leave their houses to the sons. The Ancient Egyptians used to leave jewellery and furniture inside their houses to the daughters. They lived around the Nile River where they could grow crops. They built pyramids. You can still see these pyramids today. They knew a lot about maths, medicine and farming.

A historic place you visited

I visited one of the greatest historic places in India, the Taj Mahal in Agra. I went there with my mum and dad. It is very huge in size. I studied about the Taj Mahal at school, I also saw its pictures. But watching it with my eyes was like a dream that came true. It was built by Shah Jahan around 1630s. He built it as a gift to his wife, Mumtaz Mahal. This history made it more interesting. It took around 22 years to build. People think that Shah Jahan cut off the hands of the workers who built it so that no similar building could be built. Therefore, this is one of the most awesome historic places.

A story I read

I read a story by Frances Hodgson Burnett. It's called "A Little Princess". It's about a small girl whose father died and she became poor. She was in a boarding school. The head teacher made her a servant and was unkind to her, but Sara behaved well like a princess. When she bought some cakes, she gave most of them to a poor girl. I recommend this story to you. It's really fantastic.

Random acts of kindness

It's important to do random acts of kindness. The smallest things can make others smile. I think that if you do something kind to someone, they will take that act of kindness and move it to people they come across during their day. It's the smallest things that make the biggest differences. For example, holding door for someone who has their hands full or smiling at a

stranger as they pass by, these little things let people know that someone cares about them. Today, before you go to bed, do a random act of kindness. It can be to someone you know or someone who is a complete stranger, but it has to be random. Someday you will receive a random act of kindness in return.

My home city

I come from a beautiful city called Mansoura on the Nile. First of all, it's very green and has many nice places. My home city is not polluted and the people are very friendly. It also has a small city centre area and you can find many shops and restaurants, for example sea food restaurants and supermarkets. My home city is on the Nile, so there are many boats and ships. You can see turtles there. There are many fishermen around, so you can eat many kinds of cheap fish. It's very hot in the summer and warm in the winter. There are many parks and green areas in my home city. Many tourists visit my home city in the winter time because it has warm weather.

Recycling

Recycling is important in today's world if we want to keep this planet clean for our future grandchildren. It is good for the environment because we are making new products from the old products which aren't used anymore. Recycling begins at home. If you are not throwing away any of your old products and instead reusing them for something new, then you are recycling. Recycling is good for your community and the environment. It protects us from pollution. Try to buy products that are made from recycled materials. There are some examples of paper, metal and plastic. Before throwing anything, think about how to reuse it.

Climate change

Climate change means the change in the world's climate and temperature. Climate change is causing different kinds of unusual acts in the world's climate. It is the most discussed topic at the moment all over the world. There are many causes for climate change. Firstly, global warming is the main reason for it. Secondly, environment pollution is the main reason for climate change. Thirdly, cutting down trees is another cause of the problem. Climate change causes rise in temperature, floods, drought and ice melting which will seriously affect farming and all living things. We should reduce the bad results of climate change. Planting trees can reduce global warming. We should stop using bad chemicals which can reduce environmental pollution.

People and jobs

In fact people have different jobs. Everyone should do the job they like. Some people are police officers. They are important. A police officer drives around the city and makes sure that people are safe in streets. He catches thieves and helps make traffic better. Some people are nurses. They are very important, too. A nurse helps look after patients in hospitals. Some people are street-food sellers. A street-food seller always works in streets. That's why their job is hard. He prepares food for people to eat. Some people are call-centre workers. A call-centre worker speaks to people on the phone. She helps them with their problems.

What you do at the weekend

I'm a prep-school student. I'm twelve years old. I live with my mum and dad in a small flat in Cairo. At the weekend, I'm usually quite lazy. I usually spend a nice time with my family. My parents and I go and visit my grandparents at their house. We usually

have a big dinner with them and we sometimes stay at their house until it is late. Their house is bigger than our flat. On Saturday morning, I often stay in bed and then I have a late breakfast with grandmother - she's a fantastic cook! In the afternoon, I do my homework.

A trip to Al Azhar Park

My name is I live with my family in Cairo. My family and I always go on trips around Egypt. Once we went on a trip to Al Azhar Park. We left home early in the morning. It was sunny and we all felt active. We arrived at Al Azhar Park at 9 am. My mother and father sat under a tree. We had a delicious breakfast there. We visited the Umm Sultan Shaban Mosque. It was really amazing. We took wonderful photos there. My middle sister took selfies as usual. We got home at 6. It was a fantastic day and all of us felt happy.

What you used or didn't use to

That was so long ago, I don't remember. I used to spend time by myself. I didn't use to go out a lot. I used to do a lot of things. When I was young, I used to get up early and leave the house and go wherever I wanted to go on my bike. When I got home from school, I used to do my homework, then go out and play with all the other kids. I didn't use to help my mum with cooking. We used to live in a village when I was a kid. There didn't use to be a supermarket there. In the summers, we used to run to get ice cream. I used to go swimming every Thursday when I was young. We used to go to the same beach every summer.

A description of a historic

It was our family's first trip to Luxor and Aswan. We flew to Luxor first. We began our tour with our guide named Ola. She made us feel happy and we visited all the places there. Ola was a clever guide. She gave us information about the ancient Egyptian

culture. In Luxor, we visited the Luxor Temple and the Karnak Temple. We bought tickets for the Sound and Light Show at the Karnak at night. It was amazing. In Aswan, we visited many wonderful places. We visited the High Dam, the Philae Temple and the Aswan Museum. I recommend this trip for my friends.

An object in your home

I'd like to describe my favourite object in my home. It's a vase. My friend Samy bought that vase from Aswan in 2000. It is made of clay and it was made in Egypt. The vase is fantastic. It has nice colours. I put fresh flowers in this vase every morning. At present, this vase is on my desk. It makes my desk more wonderful. This painting always reminds me of my grandfather because it is the best present I got from him. I like it very much. Paintings make walls look beautiful. So I put it on the wall of my room. I feel happy when I look at it. My grandfather bought it when I succeeded in my exams.

School rules

There are some school rules that I have to follow. At school, I have to arrive on time. I have to listen to my teacher. I don't have to answer all the questions. I have to wear the school uniform. I don't have to play at break. I have to behave well. In the library, I must keep quiet. I have to give the books back on time. I have to put away the books after I read them. I mustn't eat at the library. Also I mustn't eat or talk during lessons. I must listen carefully to my teachers and be quiet.

Jobs at home

I share a bedroom with my sister and we are sometimes quite messy, so we usually tidy up every evening before we go to bed. We put away all our clothes and books. Twice a week, my brother and I take out the rubbish. We do it together because the bins are quite heavy. We take turns to sweep the floor and do the washing up. We always help our Mum with the housework. My parents donate money to a charity which helps a local school for

disabled people. We think it is important to help people in the community.

The importance of water

We all agree that water is very important. We cannot live without it. Water makes up a half of our body weight. Water is necessary for drinking, bathing, cleaning, and washing and so on. We must save and recycle water. People shouldn't waste water. Some people waste a lot of water by their cars. We should take a short shower to save water. We should clean the lakes. People mustn't throw rubbish in rivers. Wasting a lot of water is bad for us. Without water, there is no life.

Recycling

Recycling is important in today's world if we want to keep this planet clean for our future grandchildren. It is good for the environment because we are making new products from the old products which aren't used anymore. Recycling begins at home. If

you are not throwing away any of your old products and instead reusing them for something new, then you are recycling. Recycling can benefit your community and the environment. It helps in reducing air and water pollution. Try to buy products that are made from recycled materials. There are some examples of paper, metal and plastic. Before throwing anything, think about how to reuse it.
