## Reading - The Iron Woman

Lucy first saw the Iron woman as she was climbing out of a dirty marsh. Iron woman was enormous, with bright red eyes. She is as big as Lucy's house. Lucy was terrified and quickly ran home. Later, Lucy woke up from a dream and found that the Iron Woman had come to ask for her help. She wanted Lucy to clean the mud from her. Lucy did this. Then the Iron Woman told Lucy why she had come. She wanted to destroy the factory by the liver. She thought that if she killed all the workers in the factory, she would save the planet. The workers were throwing toxic waste into the river. this was killing all the fish in the water. Lucy asked her not to destroy the factory, where Lucy's father worked, but the Iron Woman said that she must. She walked off into the night. Lucy remembered reading about the Iron Man in a newspaper, and a boy called Hogarth who was his friend. She wrote to Hogarth and asked him to bring the Iron Man. Perhaps together they would be able to protect the factory and also stop it polluting the river. The next day, Lucy met Hogarth and the Iron Man next to the factory. At that moment, the Iron Woman arrived. She was ready to destroy the factory. Hogarth stopped the Iron Woman. He said that the Iron Man had a plan. **The Iron Man give the Iron Woman special powers so that she was able to turn the factory workers into fish! they all had to live in the river that they had poisoned! The workers felt the pain that the fish felt in this poisoned river and suddenly understood the terrible damage they had caused.** The Iron Woman turned them hack into people after they promised never to pollute the earth again. However, the men were so frightened by this experience, that all of them now had white hair. The river became clean once again, hut the men's hair didn't change and remained while forever.

## Critical Thinking

1- Do you think she'd save the planet if she destroyed the factory ?  
Why ?

»No, because there are other pollutants other than the factory waste. .

لا لانه يوجد ملوثين آخرين غير نفايات المصنع

2- Do you think she was right to turn the factory workers into fish? Why?  
هل تعتقد أنها كانت محقة لتحويل عمال المصنع إلى سمك؟ ولماذا؟

» No, because man's freedom is much more important than anything else.  
لا. لأن حرية الإنسان أكثر أهمية من أي شيء آخر

3- Do you think the workers now want the river to remain clean forever? Why?  
هل تعتقد أن العمال الآن أرادوا أن يبقى النهر نظيف للأبد؟

» Yes, to protect themselves and the creatures which live in the water.  
نعم. لكي يحموا أنفسهم والمخلوقات التي تعيش في المياه.

4- In what way did she give the workers a taste of their own medicine?  
بأي طريقة أعطت العمال نفس المذاق من دوائهم؟

» She turned them into fish to feel the same pain as the fish in the river.  
حولتهم إلى سمك لكي يشعروا بنفس الألم الذي شعره السمك في النهر.

5- What would you do if there was a large factory that was polluting the air or water in your area?  
ماذا تفعل لو كان يوجد مصنع كبير يلوث الهواء والمياه في منطقتك؟

» I'd warn them or I'd tell the authorities.  
سوف أحذرهم أو سوف أخبر السلطات.

Samer lived with his parents until he was 24 years old, and then he got a job in an office of a big factory in another town, so he left home. He found a little flat and lived there on his own. At first he cleaned it himself, but after a few weeks he asked Mrs. Leila to help him. She promised to come to clean his flat for an hour every morning. After she had been working for Samer for two weeks, one evening, he looked at the mirror in his bedroom and thought, "That mirror looks very dusty. Mrs. Leila's forgotten to clean it. I can write on the dust with my finger!" Before he left for work in the morning, he wrote his message on the dust, "I cough whenever I breathe because everything in this room is very dusty!". When he got home that evening, he looked at the mirror and wondered why she hadn't cleaned it. Then he bent down and saw a bottle in front of the mirror.
